Provided that the prices of all articles mentioned in columns 1 and 2 of the said Schedule on which freight, railage and/or postage has actually been paid may be increased at the rate of 1/4d. per oz. or part thereof, including the weight of the original container and the original wrapping material; and that at places which are more than 10 miles from the nearest railway station or siding a further 1/4d. per lb. or part thereof may be added to the prices specified in column 2 of the said Schedule for every 25 miles or part thereof beyond the first 10 miles.
