General Notice.

Algemene Kennisgewing.

(No. 108 of 1953.)

(No. 108 van 1953.)

Applications will be received at the Lands Branch, Windhoek, for a period of eight weeks from the date of the first publication of this notice (thus expiring on the 17th February, 1954), and for such time thereafter as any of the holdings remain unallotted, for the undermentioned holdings, to be disposed of on lease for a period of five (5) years, with the option of acquiring the land at any time during the currency of the lease, or at the expiration thereof, in terms of Conditional Purchase Lease extending over a period of thirty (30) years, under and subject to the provisions of the Land Settlement Consolidation and Amendment Proclamation, 1927, and any further amendments thereto, and any regulations published thereunder.

The holdings will at first be allotted provisionally for a probationary period of one year only, during which period the successful applicant will be called upon to pay an annual rental of £1 as well as the annual Land Tax on the holding. If the Land Board is satisfied with the way in which the successful applicants has pursued his farming operations during the probationary period of allotment, the holding will be allotted to him in terms of the Land Settlement Laws, as set out above. If at any time during such probationary period the successful applicant does not comply with all the terms and conditions of the allotment especially that relating to occupation the allotment may be cancelled forthwith. The period of the probationary allotment may be extended at the discretion of the Land Board.

Applicants are particularly requested to state how long they have been permanently resident in South West Africa.

J. C. P. SONNEKUS,
Director of Lands.

WINDHOEK,
23rd December, 1953.

Gedurende 'n tydperk van agt weke vanaf die eerste publikasie van hierdie kennisgewing (wat dus op 17 Februarie 1954 verstryk), kan by die Afdeling van Lande, Windhoek, aansoek gedoen word om die toekenning van die ondergenoemde hoewes, en vir solank daarna as wat enige van die hoewes nie toegeken is nie, volgens huurkontrak vir 'n termyn van vyf (5) jaar met die reg om die grond te eniger tyd gedurende die termyn van die huurkontrak of by verstryking daarvan aan te koop op voorwaardes van Voorwaardelike Koophuurkontrak wat oor 'n tydperk van dertig (30) jaar strek, ooreenkomstig en onderworpe aan die bepalinge van die Landnedersetting Gekonsolideerde en Wysigings Proklamasie 1927, en enige verdere wysigings daarvan en regulasies daarkragtens afgekondig.

Die hoewes sal vireers voorwaardelik toegeken word vir 'n proeftydperk van slegs een jaar gedurende welke tydperk 'n jaarlikse huurgeld van £1 asook die jaarlikse Grondbelasting op die hoewe, ingevorder sal word. As die Landraad tevrede is met die wyse waarop die geslaagde applikant sy boerdery voortgesit het gedurende die tydperk van die proeftoekenning, sal die hoewe aan hom toegeken word kragtens die Landnedsettingswette, soos aangehaal is hierbo. Indien die suksesvolle applikant te eniger tyd gedurende die proeftydperk nie al die terme en voorwaardes van die toekenning nakom nie, veral met betrekking tot persoonlike okkupasie van die hoewe, stel dit die toekenning bloot aan onmiddellike kanselering. Die tydperk van die proeftoekenning mag verleng word na goeddunke van die Landraad.

Applikante word in besonder gevra om te meld hoe-lank hulle permanent in Suidwes-Afrika woonagtig is.

J. C. P. SONNEKUS,
Direkteur van Lande.

1 Hektaar = ongeveer 1 $\frac{1}{6}$ morg.

1 Hectare = 1 $\frac{1}{6}$ morgen approximately.

The Administration reserves the right at any time to withdraw any holding offered for disposal by this notice. Any previous notices advertising these holdings are hereby withdrawn.

The extents of the holdings are indicated approximately and it is accordingly possible that the purchase prices and rentals can be subject to variations.

The compensation which has as far as possible, been included in the purchase prices, will be paid by the Administration, except in those cases where the successful applicant himself erected the improvements, when the purchase price will be reduced accordingly.

Where improvements have been effected after the farms were inspected for advertisement purposes, such improvements will be valued by the Land Board and the valuations added to the purchase prices.

The purchase prices also include, as far as possible, cost of boreholes. Where this has not been done mention of that fact has been made and the amount thereof will, in due course be added to the purchase price.

The distances of the holdings from the nearest town or railway station, as stated, are approximate only.

The particulars regarding the holdings, such as improvements, water supply and the type of farming for which the holdings are suitable, are based on inspection reports and applicants should satisfy themselves as to the correctness of the information furnished.

Occupation.—The leases to be issued will contain conditions to the effect that the lessees shall personally and beneficially occupy the holdings allotted within six weeks from the date of allotment and thereafter for at least eleven months in every calendar year.

In view of the large number of applications which may be received for some of the holdings in this notice, applicants are advised, in their own interests, to apply for more than one holding, stating their order of preference. Should their first choice not be allotted to them consideration will then be given to their other selections in order of preference.

The ownership of land in South West Africa does not include the ownership of minerals and precious stones in or under such land. All the above holdings are open to prospecting and pegging by any person duly authorised thereto in accordance with the provisions of Proclamation No. 4 of 1940, as amended. The holder of a prospecting licence over any of the abovenamed holdings is entitled to grazing and water for livestock required in connection with the prospecting operations, as well as wood in so far as it is available, without materially interfering with the working of the farm (vide section 33 of the Proclamation quoted above) and subject to payment of compensation as provided for in the Mining Law.

GENERAL CONDITIONS.

Fencing.

The successful applicants shall, on the allotments being made to them, assume full liability for the payment of all amounts which may be payable for fencing erected on the holdings. The successful applicants for any of the holdings on which the boundaries or part thereof are fenced, shall accept liability under any law relating to Fencing in South West Africa, for any amounts which may be claimed by adjoining owners in terms of the said Law.

Boreholes.

A clause will be inserted in the leases which it is proposed to issue in respect of holdings on which boreholes may be sunk before or after allotment thereof giving the Government access to and the right to take water from the boreholes for Administration drilling purposes for a period of five years from the date of the leases.

It will be a condition of lease that the successful applicant for any of the above holdings on which boreholes exist or may be sunk previous to allotment will be held responsible as from the date of allotment or from completion of the work for the proper care and maintenance of the borehole or boreholes on his holding and shall be liable for any damage caused thereto. He must, therefore, on no account use the water without a proper pumping plant.

Advances.

The Administration does not undertake to grant any advances to successful applicants for the purchase of stock, etc., or the erection of permanent improvements.

Crops.

Any grazing licence holder or temporary lessee who has any crops on the land shall be entitled to tend and reap them.

163. Geleë 45 myl noordwes van TSUMEB. Geskik vir grootvee. Die verbeterings bestaan uit gedeeltelike grensomheining, landkamp, mielieland, 2 krale, kalwerhok, waterkamp, boorgat, 3 putte, windpomp, pype, pype aangelê, reservoir en 2 drinkbakke.

164. Geleë 56 myl noordwes van TSUMEB. Geskik vir grootvee. Die verbeterings bestaan uit woonhuis, boorgat met pype, pype aangelê, reservoir, mielieland en tuinkamp.

165. Geleë 65 myl noordwes van TSUMEB. Geskik vir grootvee. Die verbeterings bestaan uit boorgat met pype, windpomp, drinkbak, woonhuis (in aanbou), pype aangelê, waterkamp en kalwerhok.

166. Geleë 60 myl noordwes van TSUMEB. Geskik vir grootvee. Die verbeterings bestaan uit woonhuis, huiskamp, 2 tuinkampe, koeler, pype, 3 reservoirs, 2 windpompe, enjinkamer, 4 boorgate, 2 drinkbakke, soutkrip, 6 krale, waterkamp, mielieland, melkkamer, 2 buitekamers, motorhuis, pype aangelê, gedeeltelike grensomheining, binnekampe en rondawel.

Aangesien daar 'n moontlikheid bestaan dat 'n groot aantal aplikasies vir sommige van die hoewes in hierdie kennisgewing ontvang mag word, word applikante in hulle eie belang aangeraai om vir meer as een hoewe aplikasie te maak. Die volgorde van voorkeur moet aangetoon word. Indien die hoewe van die eerste keuse dan nie toegeken word nie, sal die ander keuses in volgorde oorweging geniet.

Die eiendomsreg van grond in Suidwes-Afrika sluit nie die eiendomsreg van minerale en edelgesteentes op of onder sodanige grond in nie. Enige persoon, behoorlik daartoe gemagtig kragtens die bepalings van Proklamasie No. 4 van 1940, soos gewysig, het die reg om op enige van bogenoemde hoewes te prospekter en dit af te pen. Prospekterlisensiehouers oor enige van bogenoemde hoewes het aanspraak op weiding en water vir hulle vee wat nodig is vir prospekterwerkzaamhede, asook op hout in sover dit beskikbaar is sonder om die boerderybedryf wesenlik daardeur te benadeel (sien artikel 33 van bogenoemde Proklamasie) en onderhewig aan die betaling van vergoeding soos bepaal word in die Mynwet.

ALGEMENE VOORWAARDES.

Omheining.

Die suksesvolle applikante moet, sodra toekennings aan hulle gemaak word, alle verantwoordelikheid aanvaar vir die betaling van alle bedrae wat betaalbaar mag wees vir omheining wat op die hoewes opgerig is. Suksesvolle applikante van enige van die hoewes waarop die grenslyne of gedeeltes daarvan opgerig is, sal verantwoordelikheid moet aanvaar onder enige Omheiningswet in Suidwes-Afrika vir enige bedrae wat deur aangrensende eienaars kragtens sodanige Wet ge-eis mag word.

Boorgate.

Die huurkontrakte wat dit voornemens is om uit te reik, ten aansien van die hoewes waarop boorgate voor of na toekenning gesink word, sal 'n klousule bevat wat die Administrasie die reg gee om sodanige hoewes te betree en water van die boorgate te gebruik vir boerwerkzaamhede vir Administrasiedoeleindes oor 'n tydperk van vyf jaar vanaf datum van die huurkontrakte.

Dit sal 'n voorwaarde van die huurkontrak wees dat die suksesvolle applikant van enige van bogemelde hoewes waarop boorgate reeds bestaan, of nog gesink kan word alvorens die hoewes toegeken word, verantwoordelik gehou sal word, vanaf datum van toekenning of voltooiing van die boerwerkzaamhede, vir die behoorlike sorg en onderhoud van die boorgat of boorgate op sy hoewe en aanspreeklik sal wees vir enige skade daaraan gerig. Hy moet derhalwe onder geen omstandighede gebruik maak van die water sonder om 'n behoorlike pomptoeel op die boorgat op te rig nie.

Doorskotte.

Die Administrasie onderneem nie om voorskotte aan suksesvolle applikante vir die aankoop van vee, ens., of die oprigting van permanente verbeterings, toe te staan nie.

Gesaaides.

Enige weidinglisensiehouer of tydelike huurder wat gesaaides in die grond het sal die reg hê om dit op te pas en af te oes.

ISSUE OF GOVERNMENT GRANTS:

Government Grants of holdings may, in special circumstances, with the approval of the Administrator, be issued before the expiry of a period of ten (10) years from the date of allotment. When a lessee after five years tenancy can satisfy the Land Board that the value of his holding with permanent and substantial improvements exceeds by one-fourth (but not in any case by less than £400) the total indebtedness of the lessee to the Administration, the Administrator may issue a Government Grant and accept a Mortgage Bond for the total amount of the indebtedness still owing.

GENERAL REMARKS:

The lease to be issued will contain conditions relating to residence, improvements, fencing, outspan, roads and such other conditions as are usually inserted in Agricultural leases granted under the Land Settlement Consolidation and Amendment Proclamation, 1927.

The following special clauses will be inserted in the leases which it is proposed to issue and in the Government Grants to be issued later:—

- (a) The right of the Administration to resume the whole or a portion of any holding required for public or outspan purposes on payment of compensation.
- (b) That existing roads and thoroughfares, whether they are described in the diagram or not, shall remain free and uninterrupted and that the lessee of any holding shall grant to any adjacent or neighbouring proprietor a way or road of necessity to and from the land of such adjacent or neighbouring proprietor.

The rent paid during the lease period of five years is not deducted from the purchase price in the event of the option to purchase being exercised.

The Lands Branch has made every effort to render as accurate as possible the information given in this notice but does not hold itself responsible for any inaccuracies should such exist.

Applicants are recommended, in their own interests, to inspect the holdings personally before applying therefor. In considering applications for holdings the Land Board is, as a rule, not inclined to recommend allotments to applicants who have failed to make a personal inspection of the holdings applied for or who have requested someone else to make the inspection on their behalf. No railway or transport concessions are given by the Government in connection with the inspection of holdings.

After the expiration of this notice intending applicants should first ascertain from the Lands Branch which holdings, if any, are still available before proceeding to inspect any of them.

All applications must be submitted on the prescribed form which can be obtained from the Magistrates of the Districts in which the farms are situate, or from the Director of Lands, P.O. Box 1113, Windhoek.

Applications previously submitted cannot again be used for the list of farms and all applicants must submit new applications.

UITREIKING VAN GOEWERMENTSGRONDBRIEWE:

Goewermentsgrondbriewe van hoewes mag onder spesiale omstandighede, met toestemming van die Administrateur uitgereik word voordat die tydperk van tien (10) jaar vanaf datum van toekenning verstryk is. As 'n huurder na afloop van 'n vyfjarige huurtermyn die Landraad tevrede kan stel dat die waarde van sy hoewe, met verbeterings van 'n duursame en aansienlike aard, sy totale skuld aan die Administrasie met een-vierde oortref (maar in elk geval nie minder as £400 nie), mag die Administrateur 'n Goewermentsgrondbrief uitreik en 'n Verband vir die totale bedrag wat nog skuldig is, aanneem.

ALGEMENE OPMERKINGS:

Die huurkontrak wat uitgereik sal word, sal voorwaardes bevat wat betrekking het op bewoning, verbeterings, omheining, uitspannings, paaie en sodanige andere voorwaardes as wat gewoonlik ingelyf word in Landbou-kontrakte toegestaan kragtens die Landnedersetting Gekonsolideerde en Wysigings Proklamasie 1927.

Die volgende spesiale klousules sal in die huurkontrakte ingelyf word wat dit van voornemens is om uit te reik, asook in die Goewerments Grondbriewe wat daarna uitgereik sal word:—

- (a) Die reg van die Administrasie om enige hoewe of 'n gedeelte daarvan terug te neem wat benodig word vir publieke of uitspanningsdoeleindes teen betaling van vergoeding.
- (b) Dat bestaande paaie en deurgange op die grond, of hulle op die kaart beskryf word of nie, vry en onbelemmerd gelaat sal word en dat die huurder van enige hoewe die aangrensende of aanliggende eienaar 'n reg van weg sal toelaat na en van die grond van sodanige aangrensende of aanliggende eienaar.

Die huurgeld wat gedurende die huurtermyn van vyf jaar betaal word, word nie van die koopprys afgetrek nie ingeval die opsie van aankoop uitgeoefen word.

Die Afdeling Lande het alle pogings aangewend om die inligting, in hierdie Kennisgewing vervat, so juis moontlik te verstrek, maar is nie aanspreeklik vir enige onjuisthede nie, ingeval hulle bestaan.

Applikante word in hulle eie belang aangeraai om die hoewes persoonlik te besigtig alvorens aansoek daarom te doen. Die Landraad is, by die oorweging van aansoeke om hoewes, in die reël nie geneig om aan te bevel dat toekennings gemaak word aan applikante wat versuim het om die hoewes waarom hulle aansoek gedoen het, persoonlik te besigtig of deur iemand anders namens hulle te laat besigtig nie. Die Goewerment staan geen spoorweg- of vervoerkoncessies in verband met die besigtiging van hoewes toe nie.

Na die datum waarop hierdie kennisgewing verstryk, behoort enige moontlik applikante eers van die Afdeling Lande te verneem watter hoewes, indien enige, nog beskikbaar is voordat hulle enige daarvan inspekteer.

Alle applikasies moet ingedien word op die voorgeskrewe vorm wat verkrygbaar is by die Magistrate van die Distrikte waarin die hoewes geleë is of van die Direkteur van Lande, Posbus 1113, Windhoek.

Applikasies wat by vorige geleenthede ingedien is, kan nie weer gebruik word vir hierdie lys van plase nie, en alle applikante moet dus nuwe applikasies indien.
