GOVERNMENT NOTICE

DEPARTMENT OF HEALTH

No. R. 2266 13 December 1968

MEDICAL SCHEMES ACT, 1967

I, Carel de Wet, Minister of Health, hereby publish an amended tariff of fees in respect of dental services as provided in section 30 (2) of the Medical Schemes Act, 1967 (Act No. 72 of 1967).

TARIFF OF FEES IN RESPECT OF DENTAL SERVICES

General Rules Governing the Tariff

001. Except in those cases where the fee is "by arrangement", the fee in respect of the rendering of a service which is not listed in the Tariff shall be based on the fee in respect of a comparable service in the Tariff.

002. Unless timely steps were taken to cancel an appointment made by a member of a scheme or a dependant of such member, the examination fee may be charged to the member for his own account.

003. In exceptional cases where the Tariff fee is disproportionately low in relation to the actual services rendered by a dental practitioner, such higher fee as may be agreed upon between the dental practitioner and the scheme may be charged. If the tariff is disproportionately high in relation to the actual services rendered, a lower fee proportionate to such services shall be charged.

004. Save in exceptional cases the services of a specialist shall only be available through the recommendation of the attending dental or medical practitioner. Referring practitioners shall indicate to the specialists whether the patient is a member of a medical scheme or a dependant of such member.

005. If the customary fee in an area is lower than the Tariff fee, such lower fee should be charged. Reduced fees should also be charged if the dental practitioner would have reduced his fee in private practice.

GOEWERMENTSKENNISGEWING

DEPARTEMENT VAN GESONDHEID

No. R. 2266 13 Desember 1968

WET OP MEDIESE SKEMAS, 1967

Ek, Carel de Wet, Minister van Gesondheid, kondig hierby af 'n gewysigde geldetarief ten opsigte van tandheelkundige dienste soos bepaal by artikel 30 (2) van die Wet op Mediese Skemas, 1967 (Wet No. 72 van 1967).

GELDETARIEF TEN OPSIGTE VAN TANDHEELKUNDIGE DIENSTE

Algemene Reëls wat ten Opsigte van die Tarief Geld

001. Behalwe gevalle waar 'n bedrag „volgens ooreenkoms" geëis mag word, moet die bedrag wat geëis word ten opsigte van die lewering van 'n diens wat nie in die geldetarief ingesluit is nie, gebaseer wees op die bedrag ten opsigte van 'n vergelykbare diens in die geldetarief.

002. Tensy stappe vroegtydig gedoen is om 'n afspraak wat 'n lid van 'n skema of die afhanklike van sodanige lid gemaak het, te kanselleer, mag die tariefgelde ten opsigte van 'n ondersoek gehef word vir betaling deur sodanige lid.

003. In buitengewone gevalle waar die tariefgelde ongelykmatig laag is in verhouding tot die dienste werklik deur 'n tandarts gelewer, mag sodanige hoër gelde gehef word waarop die tandarts en die skema mag ooreenkom. Indien tariefgelde ongelykmatig hoog is in verhouding tot die dienste wat werklik gelewer is, moet gelde wat in verhouding tot sodanige dienste is, gehef word.

004. Behalwe in buitengewone gevalle sal die dienste van 'n spesialis slegs beskikbaar wees op die aanbeveling van die tandarts of algemene praktisyn wat oor die geval gaan. Praktisyns wat gevalle verwys, moet vir die spesialis aandui of die pasiënt 'n lid van 'n mediese skema of 'n afhanklike van sodanige lid is.

005. Indien dit die gebruik in 'n gebied is om 'n laer bedrag te hef as dié in die geldetarief, behoort sodanige laer gelde gehef te word. Verminderde gelde behoort ook gehef te word indien die tandarts verminderde gelde in private praktyk sou gehef het.

006. In so far as the rules of any scheme provide, accounts in accordance with the Tariff of fees shall be paid in full by such scheme. In the case of prolonged or costly dental service or procedure the dental practitioner should ascertain beforehand from the scheme whether it will accept financial responsibility in respect of such treatment.

007. Every dental practitioner shall render a monthly account in respect of any service rendered during the month, irrespective of whether the treatment is completed or not. If payment of an account is not received after two consecutive monthly accounts have been rendered to a member of a scheme, the third monthly account shall be sent directly to the scheme concerned, giving the full name and address (home and business if possible) of the member, together with the name of his employer, bearing the words, written prominently in red, "two months overdue, please investigate".

008. If a dental practitioner accepts payment from a medical scheme at Tariff rates, such payment shall be deemed to be in full settlement of the account.

009. There is no compulsion on medical schemes to pay for services rendered under section 900 of the tariff. The tariff fees shall apply only where the medical scheme pays the account as rendered in full.

010. "By arrangement" shall mean that the practitioner will advise his patient of the cost of the treatment or procedures and that patient in his capacity as a member of a medical aid scheme, shall ascertain whether his scheme will meet the account of the practitioner in full. If the scheme agrees to make direct payment to the practitioner in full on the basis of this arranged fee, then payment of the account by the scheme shall be in full and final settlement of the treatment or procedures given to the member.

011. Where a general anaesthetic is administered by a dental practitioner, the fee charged shall be the fee applicable to a general practitioner as set out in section 14 of the medical tariff as published in *Government Gazette Extraordinary* No. 1834, dated 1 September 1967.

006. Vir sover die reëls van enige skema bepaal, sal rekenings ooreenkomstig die geldetarief ten volle deur sodanige skema betaal word. In die geval van langdurige of duur tandheelkundige dienste of prosedure moet die tandarts vooraf by die skema vasstel of die skema geldelike verantwoordelikheid ten opsigte van die behandeling sal aanvaar.

007. Elke tandarts moet maandeliks 'n rekening lewer ten opsigte van enige diens gedurende daardie maand gelewer, ongeag of die behandeling voltooi is al dan nie. Indien, nadat 'n rekening vir twee agtereenvolgende maande aan 'n lid van 'n mediese skema gelewer is, betaling daarvan nie ontvang is nie word die derde maandelikse rekening direk aan die betrokke skema gestuur met verstrekking van die volle naam en adres (huis- en besigheidsadres indien moontlik) van die lid asook die naam van sy werkgewer en met die woorde „twee maande uitstaande, ondersoek asseblief" duidelik in rooi daarop aangebring.

008. Indien 'n tandarts betaling deur 'n mediese skema teen die geldetarief aanvaar, word sodanige betaling geag ten volle vereffening van die rekening te wees.

009. Daar rus geen verpligting op mediese skemas om vir dienste gelewer onder afdeling 900 van die geldetarief te betaal nie. Die geldetarief sal slegs van toepassing wees waar die mediese skema die rekening soos gelewer ten volle betaal.

010. „Volgens ooreenkoms" beteken dat die praktisyn sy pasiënt sal verwittig aangaande die koste van die behandeling of prosedure en dat die pasiënt, in sy hoedanigheid as 'n lid van 'n mediese hulpskema, sal vasstel of die skema waarvan hy 'n lid is die rekening van die praktisyn ten volle sal vereffen. Indien die skema toestem om betaling direk aan die praktisyn en ten volle op die grondslag van die ooreengekome gelde te maak, sal betaling van die rekening deur die skema ten volle en finale vereffening wees ten opsigte van die behandeling of prosedures wat aan die lid gelewer is.

011. Waar 'n algemene narkose deur 'n tandarts toegedien word, sal die gelde wat gehef word die gelde wees wat van toepassing is op 'n algemene praktisyn soos uiteengesit in afdeling 14 van die geldetarief ten opsigte van mediese dienste soos gepubliseer in *Buitengewone Staatskoerant* No. 1834 van 1 September 1967.
