REGISTRATION OF CERTAIN MEDICINES: MEDICINES AND RELATED SUBSTANCES CONTROL ACT, 2003

Under section 23 of the Medicines and Related Substances Control Act, 2003 (Act No. 13 of 2003), I give notice that the medicines set out in the Schedule have been registered in terms of that Act, subject to the following conditions:

- (a) the applicant must ensure that the medicine is manufactured and controlled in terms of existing good manufacturing practices as determined by the Namibia Medicines Regulatory Council (hereafter referred to as “the Council”);
- (b) inspections and investigations of the medicine may be carried out regularly by inspectors appointed in terms of section 35 of the Act to assess compliance with existing good manufacturing practices;

- (c) the applicant must ensure the information contained in the medicine package insert is regularly updated so as to provide accurate information to the user of the medicine;
- (d) the applicant must comply with all the legal requirements of the Medicines and Related Substances Control Act, 2003 (Act No. 13 of 2003);
- (e) the registration of medicine is subject to regular review by the Council regarding quality, safety and efficacy and the Council may vary the registration of the medicine, if it considers it necessary;
- (f) the applicant must validate the first two production batches of the medicine in terms of the detailed process validation protocol submitted at the time of application for registration and the validation report must be submitted to the Council within 30 days after completion of the validation; and
- (g) the Council may review the registration dossier and may determine the intervals when reviews will take place.
