During 2018, the applicant obtain the right to conduct scheduled flights on its Safari Routes (as defined in the application), which routes were to be launched in 2019 and which routes could connect popular tourist destinations within Namibia.

The commencement of the Safari Routes was postponed due to the drastic reduction in tourism within Namibia (as a result of the Covid-19 outbreak).

Since obtaining the aforementioned rights in 2018, the market for domestic scheduled flights within Namibia to popular tourist destinations has changed and the applicant therefore wishes to amend the routes and schedules which it obtained in 2018 to compliment the current tourism market.

For further details on the reasons for the alteration sought, kindly see the application and its supporting documentation.
