CONSUMERS TO WHOM SUPPLY MAY BE GIVEN.

7. The Licensee is authorised and to the extent of his authority is required to supply electricity to any consumer in the area referred to in Clause 6 hereof, subject to the following conditions:—

- (i) The Licensee may not supply electricity to any person except the South African Railways and Harbours Administration for power purposes within the area of jurisdiction of an urban local authority, save with the consent provided for in section forty-one of the Act: provided further that if the area of jurisdiction of an urban local authority is extended into the area of supply of the Licensee or if a new urban local authority is established within the area of supply of the Licensee, the Board, on an application of the urban local authority concerned and after hearing the representations of the Licensee, may determine that from a date decided by the Board and subject to such limitations and conditions as the Board may in the circumstances lay down, the foregoing provision shall apply in the whole or part of the extended area or the whole or part of that area of jurisdiction of the new urban local authority.
- (ii) The Licensee may not supply electricity to any person except the South African Railways and Harbours Administration for power purposes or except as stated in the permission of supply within the area of supply of an urban local authority as granted by the Board from time to time, save with the consent of that authority.
- (iii) Excepting the permission granted to the Municipality of Port Elizabeth to supply Addo and Kirkwood and persons who can be supplied from the line proposed to be built to Addo and Kirkwood, the Licensee shall not supply electricity to any person within the area of supply whom the holder of a permission issued by the Board prior to the grant of this Licence and in force at that date is entitled to supply, save with the consent of such holder.

The Commission has applied for the right to break up streets within the area of supply defined in the application.

The standard prices to be charged by the Commission for supplies furnished from the new Undertaking are set out in the First Schedule to the draft Licence as follows:—

DEFINITIONS.

1. For the purpose of this Schedule the following words and phrases shall have the meanings herein assigned to them:—

“Maximum Demand” shall mean the highest load supplied by the Licensee to the consumer during any period of 30 (thirty) consecutive minutes in the month measured either in kilovolt amperes or amperes as the context may require.

For the purpose of TARIFF (B) in Clause 2 of this Schedule the demand in amperes shall be the aggregate of the amperes in each of the phases used for the supply to the consumer.

“Month” shall mean the period between monthly meter readings, irrespective of whether such readings are taken on the last day of the calendar month or not.

“Notified Maximum Demand” shall mean—

- (i) the maximum demand notified in writing by the consumer and accepted by the Licensee as the maximum demand which the consumer requires the Licensee to be in a position to supply on demand; plus
- (ii) any increase in the notified maximum demand referred to in (i) above, notified in writing from time to time by the consumer giving reasonable notice thereof, and accepted by the Licensee; provided that such increase shall not form part of the notified maximum demand in respect of which a charge may be made in terms of this Schedule until the date on which the Licensee is in a position to meet the requirements of the consumer in this respect or the date on which the Licensee is required in terms of the notification to meet such increased maximum demand, whichever is the later date; plus
- (iii) any increase in the maximum demand taken by and supplied to the consumer above the notified maximum demand for the time being in force, provided that in each instance where notice of any increase in the notified maximum demand is not given and the Licensee notifies the consumer that such increase or any portion thereof cannot be regarded as available to the consumer on demand until a future date, such increase or portion shall not, until such future date, form part of the notified maximum demand in respect of which a charge may be made in terms of this Schedule.

“Room” shall, subject to the provisos to this definition, have the following meanings:—

(a) In the case of a private residence and in the case of a boarding establishment or hotel having eight bedrooms or less, every enclosed room in such residence, boarding establishment or hotel including enclosed verandas wired for the use of electricity and any detached room on such premises which may be used as a living room and is wired for the use of electricity, but excluding any portion of the premises used as a kitchen, pantry, scullery, bathroom, open veranda, passage, lavatory, cloakroom, garage and also excluding enclosed verandas and entrance halls if the least dimension of such verandas and entrance halls is not greater than 9 (nine) feet.

(b) In the case of an office, shop, store, hospital, and in the case of a boarding establishment or hotel having nine or more bedrooms or the like premises, every area of 200 (two hundred) square feet or fraction of such area derived by dividing the square footage of the floor area of the premises by 200 (two hundred).

(c) In the case of a business garage, workshop, warehouse, school, hall, church, or the like premises, a floor area to be determined by the Licensee which shall not be less than 200 (two hundred) square feet.

(d) In the case of—

- (i) premises (e.g. farms and estates) having outbuildings such as sheds, stables, barns, byres, dairies, garages and the like;
- (ii) premises having extensive external lighting requirements (e.g. railway stations and sports grounds);
- (iii) supplies required for advertising signs; and

(iv) any special applications, such assessment for the purposes of the "Room" charge as the Licensee may make in the circumstances.

For the purpose of determining the floor area of any premises referred to, the Licensee may calculate the floor area with reference to the external measurements of the premises in which case the floor area shall, for the purpose of this Schedule be the area so calculated less 10 per cent (*ten per centum*) thereof.

"Unit" shall mean a kilowatt-hour.

STANDARD PRICES.

2. (1) The Standard prices chargeable by the Licensee for the supply of electricity shall, subject to the provisions of the Act and of this Licence, be as follows:—

TARIFF (A): LARGE POWER USERS.

For a supply to a consumer whose notified maximum demand is 25 (twenty-five) kilovolt amperes or over of three phase alternating current at a frequency of 50 (fifty) cycles per second and a nominal voltage of 11,000 volts or such higher voltage as may be agreed, there shall be—

- (a) a service charge of R6.80 (six rand, eighty cents) per month, which charge shall be payable whether any electricity is taken or not; *plus*
- (b) a demand charge at the rate of R2.05 (two Rand, five cents) per month for each kilovolt ampere of the maximum demand supplied in the month; provided that if the consumer should fail during the month to take any supply or if the maximum demand taken by the consumer in the month should be less than 70 per cent (*seventy per centum*) of the notified maximum demand for the time being in force, the Licensee shall be entitled to charge, under paragraph (b) of this Tariff, for 70 per cent (*seventy per centum*) of the said notified maximum demand; *plus*
- (c) an energy charge at the rate of 0.445c (decimal four four five of a cent) for each unit supplied in the month; provided that the said unit rate, having been based on an energy charge by the Port Elizabeth Municipality to the Licensee of 0.339c (decimal three three nine of a cent) per unit, shall be adjusted from time to time in the following manner:—

The average energy charge per unit paid by the Licensee shall be ascertained by the Licensee for each three-monthly period to the end of March, June, September and December, and if the average charge for the three monthly period immediately passed differs from the aforesaid basic charge of 0.339c (decimal three three nine of a cent) by an amount which is less than 0.004c (decimal nought nought four of a cent), the unit rate in the tariff to be applied in the succeeding three-monthly period shall be the said rate of 0.445c (decimal four four five of a cent) per unit; but if the said average charge differs from the basic charge by 0.004c (decimal nought nought four of a cent) or more, the unit rate to be applied in the succeeding three-monthly period shall be the said rate of 0.445c (decimal four four five of a cent) increased or decreased by 0.005c (decimal nought nought five of a cent) for each complete increase or decrease of 0.004c (decimal nought nought four of a cent) in the said average charge above or below the basic charge.

TARIFF (B): SMALL POWER USERS.

For a supply to a consumer whose maximum demand rarely exceeds 50 (fifty) kVA and at no time exceeds 75 (seventy-five) kVA, made available at a nominal voltage of 380 volts between phases and 220 volts between phase and neutral, for use as a motive power or for heating or for electro-chemical processes, there shall be—

- (a) a service charge of R1.00 (one Rand) per month, which charge shall be payable whether electricity is taken or not; *plus*
- (b) a demand charge at the rate of 20c (twenty cents) for each complete ampere of the maximum demand supplied in the month; provided, however, that the Licensee shall be entitled to charge not less than the minimum charge for the metering installation installed at the time for the consumer's supply, that is—

<i>Metering Installation to measure a Maximum demand of—</i>	<i>Minimum Charge.</i>
Less than 17 amperes.....	R0.60
From 17 to 24 amperes.....	R0.90
From 25 to 33 amperes.....	R1.20
From 34 to 49 amperes.....	R1.80
From 50 to 66 amperes.....	R2.40
From 67 to 99 amperes.....	R3.60
From 100 to 132 amperes.....	R4.80
From 133 to 198 amperes.....	R7.20
From 199 to 297 amperes.....	R10.80
Over 297 amperes.....	R14.40 <i>plus</i>

- (c) an energy charge at the rate of 0.9c (decimal nine of a cent) for each unit supplied in the month; provided that the said unit rate having been based on an energy charge by the Port Elizabeth Municipality to the Licensee of 0.339c (decimal three three nine of a cent) per unit shall be adjusted from time to time in the following manner:—

The average energy charge per unit paid by the Licensee shall be ascertained by the Licensee for each three-monthly period to the end of March, June, September and December, and if the average charge for the three-monthly period immediately passed differs from the aforesaid basic charge of 0.339c (decimal three three nine of a cent) by an amount which is less than 0.016c (decimal nought one six of a cent), the unit rate in the tariff to be applied in the succeeding three-monthly period shall be the said rate of 0.9c (decimal nine of a cent) per unit; but if the said average charge differs from the basic charge by 0.016c (decimal nought one six of a cent) or more, then the unit rate to be applied in the succeeding three-monthly period shall be the said rate of 0.9c (decimal nine of a cent) increased or decreased by 0.02c (decimal nought two of a cent) for each complete increase or decrease of 0.016c (decimal nought one six of a cent) in the said average charge above or below the basic charge.

(2) If the commencing date or the termination date of any supply be such that the supply is available for a portion only of the month, any service charge, demand charge, or monthly minimum charge to be made by the Licensee in terms of sub-clause (1) hereof shall be calculated on a pro rata basis for the portion of a month of thirty days during which the supply is available.
