REGULATIONS MADE IN TERMS OF

**Allied Health Professions Act 7 of 2004**

section 55 read with sections 24, 26 and 32

---

**Regulations relating to the Registration of  
Clinical Technologists of Specialties and  
Additional Qualifications, the Keeping of Registers  
and the Restoration of a Name to a Register**

Government Notice 275 of 2010

(GG 4633)

came into force on date of publication: 21 December 2010

The Government Notice which publishes these regulations notes that they were made on the recommendation of the Allied Health Professions Council of Namibia. The title of the regulations appears to be missing a comma between "Clinical Technologists" and "of Specialties".

2. (1) An application for the registration of a person as a clinical technologist in accordance with subsection (1) of section 20 of the Act must be accompanied, in addition to the documents, particulars and payments specified in subsection (2) of that section, by -

- (a) a certified photocopy of the identity document or the passport of the applicant;
- (b) a certificate issued by the Council in the form that the Council may determine, certifying that the applicant has passed the evaluation referred to in section 21(3) of the Act, if applicable; and
- (c) subject to subregulation (2), the original certificate of registration to practise as a clinical technologist in the country in which the applicant obtained the qualification referred to in paragraph (a) of that subsection (2), issued by the registration authority of that country.

(2) If the applicant is not registered with the registration authority referred to in paragraph (c) of subregulation (1), he or she must submit to the registrar, together with his or her application for registration -

- (a) a certificate, issued by that registration authority, certifying that the qualification of which the applicant is the holder, entitles him or her to registration as a clinical technologist in the country in which the applicant obtained the qualification; or
- (b) if he or she had been so registered previously, a certificate issued by that registration authority certifying that the applicant had been so registered, that his or her name has been removed from the register and the grounds for the removal.

(3) The Council may require the applicant to furnish, in the manner that the Council may determine, proof of the applicant's proficiency in the English language.

**Additional education, tuition and training**

3. (1) If the Council registers a person conditionally under section 22(2)(a) of the Act, the Council must determine the additional education, tuition or training that the person so conditionally registered requires in order to qualify for registration as a clinical technologist under the Act.

(2) Particulars of the additional education, tuition or training, as the case may be, referred to in subregulation (1) must be endorsed by the Council upon the certificate of conditional registration issued by the Council in the name of that person under section 22(2)(b) of the Act.

**PART III**

in Clinical Technology is a speciality that may be registered, subject to compliance with these regulations, in the name of a clinical technologist.

(2) The standard of the education, tuition and training provided by an educational institution in respect of a speciality prescribed by subregulation (1) must be adequate and satisfactory, in the opinion of the Council.

(3) A speciality prescribed by subregulation (1) must only be registered by the Council if -

- (a) it has been obtained at an educational institution approved by the Council for that purpose, after receiving full time education, tuition and training at that educational institution; and
- (b) the registration authority responsible for the registration of persons to practise as clinical technologists in the country in which that person obtained that qualification, recognises that qualification for registration as a speciality in that country.

**Application for the registration of a speciality and submitting of particulars**

5. (1) An application for the registration of a speciality in accordance with subsection (2) of section 32 of the Act, must be accompanied, in addition to the documents, information and payments specified in subsection (3) of that section and subregulation (2) of this regulation, by a certified photocopy of the -

- (a) registration certificate of the applicant; and
- (b) identity document or passport of the applicant.

(2) If the speciality that the applicant wishes to register is a speciality obtained in a country other than Namibia, the application referred to in subregulation (1) must be accompanied by a certificate issued by the registration authority of that country certifying that the qualification complies with paragraph (b) of subregulation (3) of regulation 4.

**Conditions applicable to the practising of a speciality**

6. (1) A specialist clinical technologist -
- (a) may conduct tests on a patient referred to him or her by a medical practitioner registered as such under the Medical and Dental Act, 2004 (Act No. 10 of 2004), as requested by that medical practitioner in the referral;
  - (b) must report to the medical practitioner who referred the patient to him or her as prescribed by paragraph (a), the results of the tests conducted by him or her on that patient;
  - (c) must confine his or her practice to the speciality registered in his or her name;
  - (d) must not take over a patient from another clinical technologist, whether practising as a specialist or as a clinical technologist, without the written consent of that clinical technologist, unless consent to that taking over is unreasonably withheld; and
