PART 1
DEFINITIONS

Definitions

1. In these regulations, a word or expression to which a meaning has been assigned in the Act, bears that meaning, and unless the context otherwise indicates -

“academic year” means a period of training in a calendar year as determined by a tertiary education institution;

“comprehensive health care” means health care which is promotive, preventive, curative and rehabilitative;

“course of study” means a programme of education and training approved in terms of section 16(1) of the Act, leading to a qualification which confers on the holder of that qualification the right to register as a nurse, midwife or accoucheur;

“health resources” means health facilities personnel, material, finances, information and time;

“student” means a person enrolled or registered at an educational institution; and

“the Act” means the Nursing Act, 2004 (Act No. 8 of 2004).

PART 2
CONDITIONS FOR APPROVAL OF EDUCATIONAL INSTITUTION AND QUALIFICATIONS OF LECTURERS

Conditions for approval of educational institution

REGULATIONS
Nursing Act 8 of 2004

Regulations relating to Approval of Minimum Requirements for Education and Training leading to Bachelors Degree in Nursing and Midwifery Science for Registration as a Nurse and Midwife or Accoucheur

2. The Council may in terms of section 16(4)(a) of the Act approve an educational institution, for the purpose of educating and training in nursing, midwifery or accoucheury professions, provided that the Council is satisfied with the minimum requirements of the curriculum, the standards of education and the examination prescribed by such an educational institution.

Qualifications of lecturers

3. (1) The following health practitioners may teach students -
- (a) nurses, midwives or accoucheurs registered as such under the Act;
 - (b) pharmacists registered as such in terms of the Pharmacy Act, 2004 (Act No. 9 of 2004);
 - (c) social workers or psychologists registered as such in terms of the Social Worker and Psychology Act, 2004 (Act No. 6 of 2004);
 - (d) any allied health professional with a qualification of not less than four years and registered as such in terms of the Allied Health Professions Act, 2004 (Act No. 7 of 2004); or
 - (e) any other person who has the necessary experience to teach the course of study or to give training offered by the educational institution.

(2) A person who participates in the theoretical and clinical instruction of the students in the subjects nursing, midwifery, community health and mental health nursing must be registered with the Council and must have a post-graduate qualification in nursing education to the satisfaction of the Council.

(3) An owner, a manager or a person in charge of an educational institution for purposes of educating and training in nursing must -

- (a) be registered with the Council as a nurse, midwife or accoucheur;
- (b) have an additional qualification in nursing education; and
- (c) have a nursing qualification that is a level higher than the highest qualification offered by the educational institution or if the highest qualification offered is a doctoral degree, a nursing qualification at an equal level.

PART 3
COURSE CONTENT

Curriculum for course of study

4. (1) The curriculum for the course of study at the educational institution must consist of the following subjects -

- (a) general nursing science;
- (b) community health nursing science;

**REGULATIONS
Nursing Act 8 of 2004**

Regulations relating to Approval of Minimum Requirements for Education and Training leading to Bachelors Degree in Nursing and Midwifery Science for Registration as a Nurse and Midwife or Accoucheur
