

ILLEGAL FISHING

Hey son! I think we need to do something, so we can help the family at the village, they have been suffering from starvation, I have tried my best a lot and now my final decision is to catch fish from the ocean and sell them so that I can get money to help the family.

No my son, be a man, don't be scared, we will use the formula so that we get what we want, we will always do our work during the day, because they patrol only at night time.

But dad, Illegal fishing without a permit or quota can land you into hot water, you may get arrested and sent to prison.

Don't mind them, they are also fish just bring the basin so we remove them from the water. All I want is just money.

No dad! That's alot, even the small ones? why can't we leave the small ones and come for them later when they are grown up.

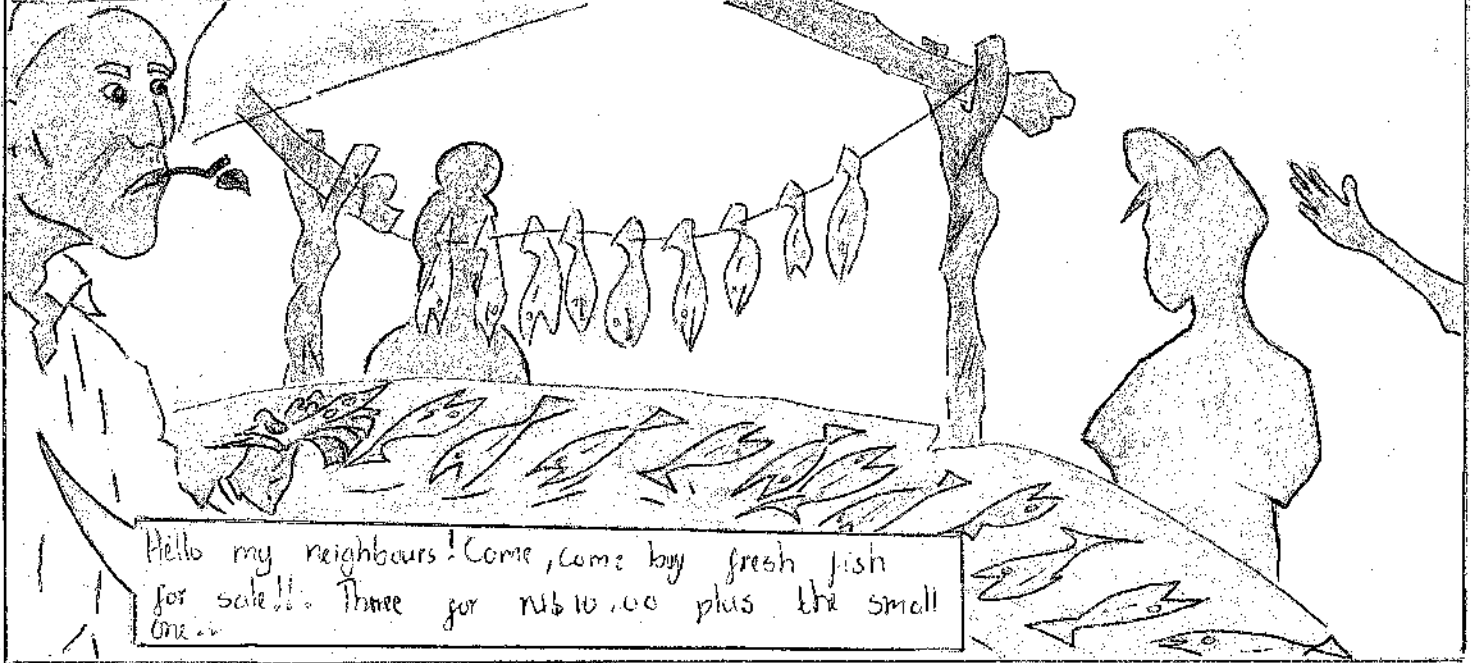

I hope they are enough to give me more money.

Yaah! I hope so, but we are doing the wrong thing.

BACK TO THE VILLAGE

I hope this money will help me buy food for the family and pay the cattle herder.

Hello my neighbours! Come, come buy fresh fish for sale!! Three for rub 10.00 plus the small one...

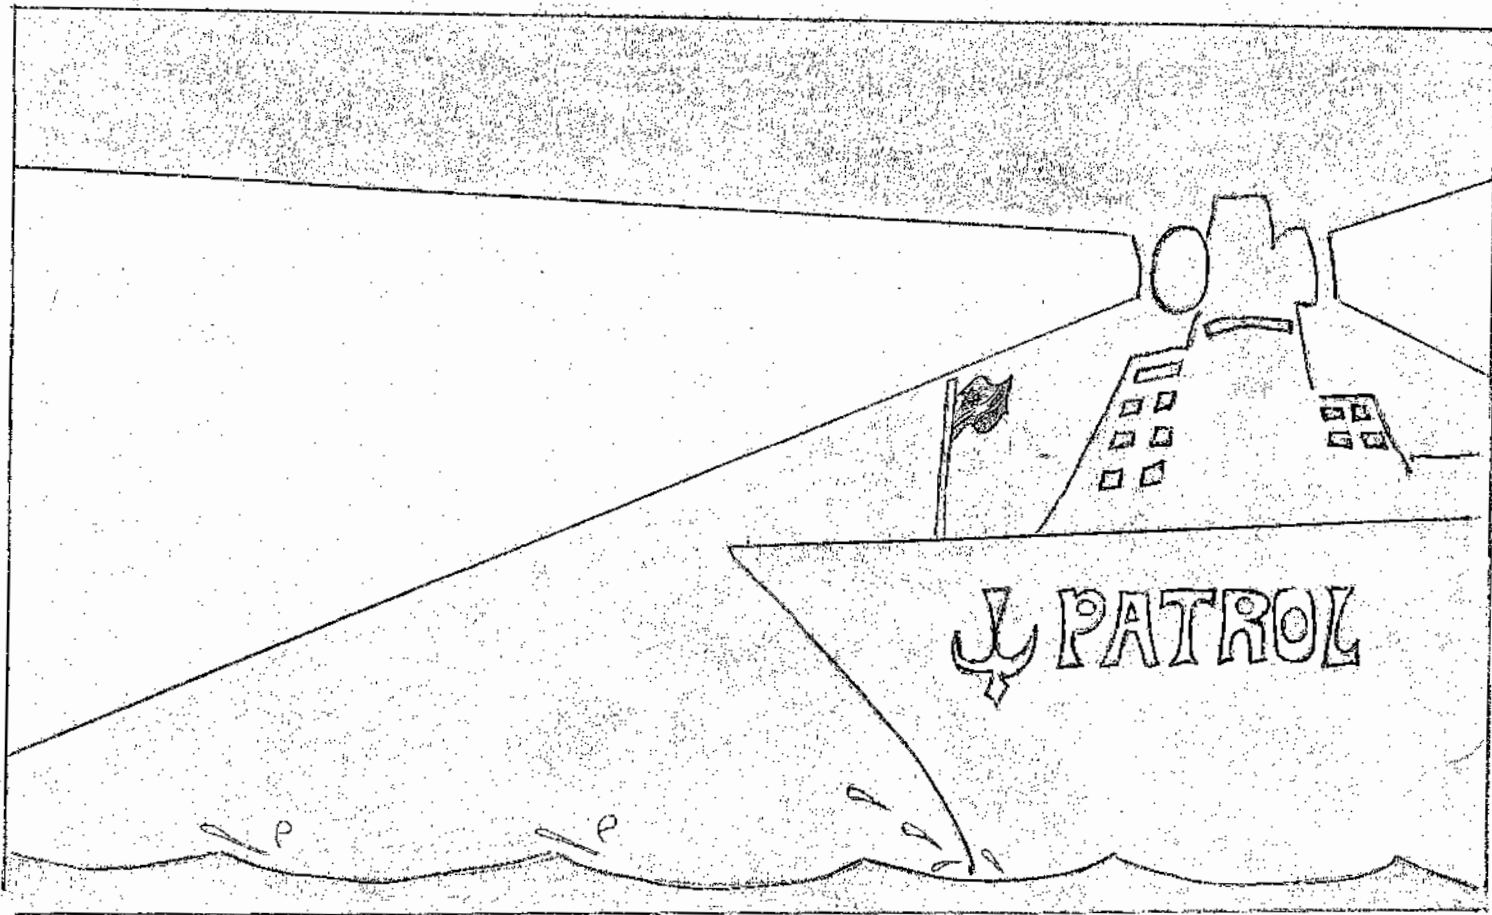

TWO YEARS LATER

What! Are you joking? Two years has passed without fishing so that they become many, or is there a problem with the local people? Any way the patrol must increase.

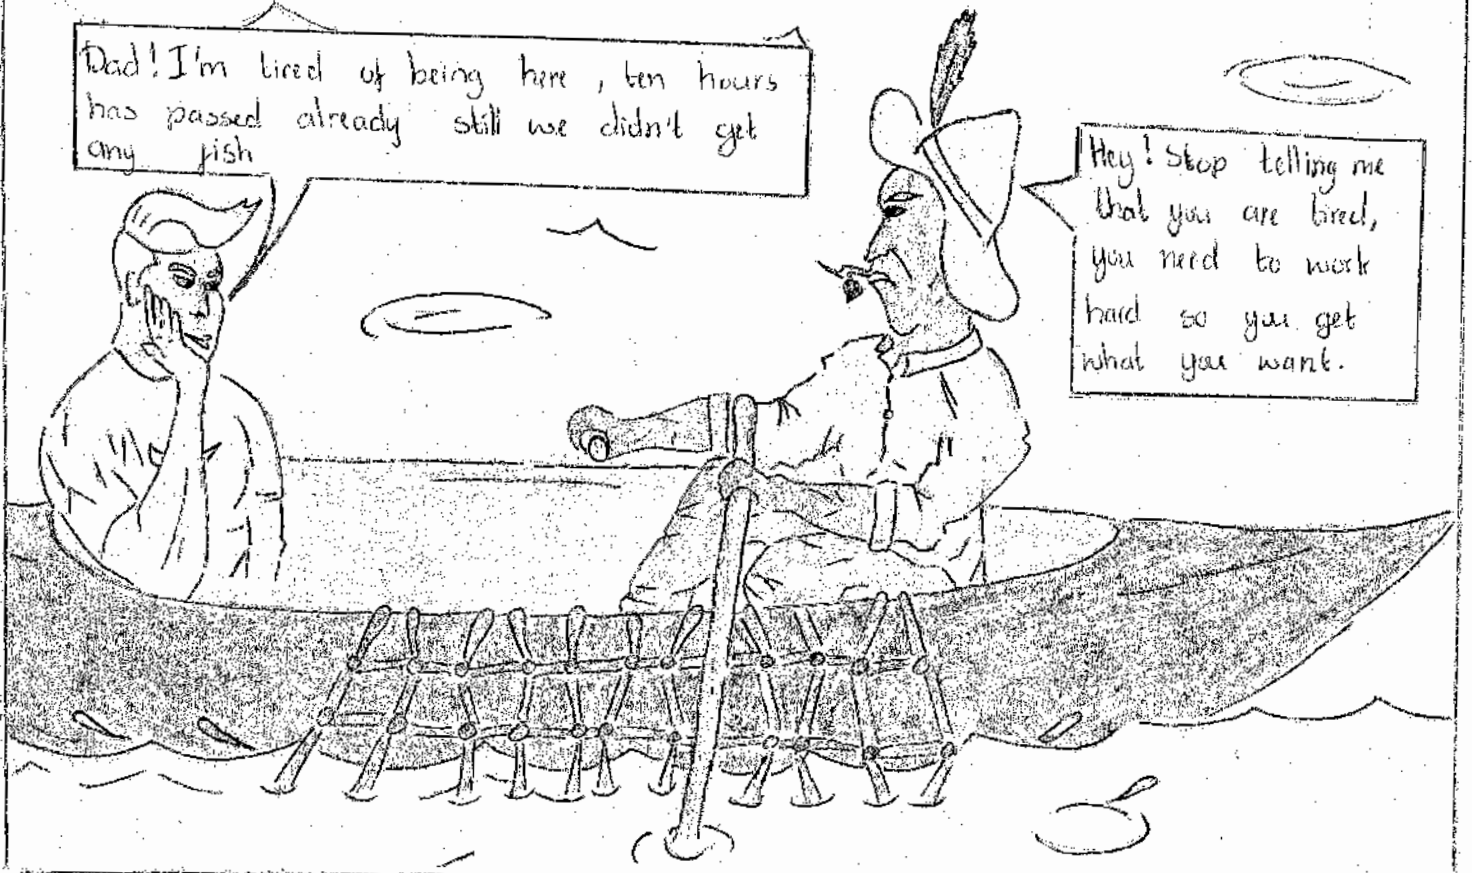

Yes sir!!

Captain, we have been here for ten hours now, but we only got twenty fish until now.

THE NEXT DAY

Dad! I'm tired of being here, ten hours has passed already still we didn't get any fish

Hey! Stop telling me that you are tired, you need to work hard so you get what you want.

AFTER FEW MINUTES THE PATROL ARRIVED

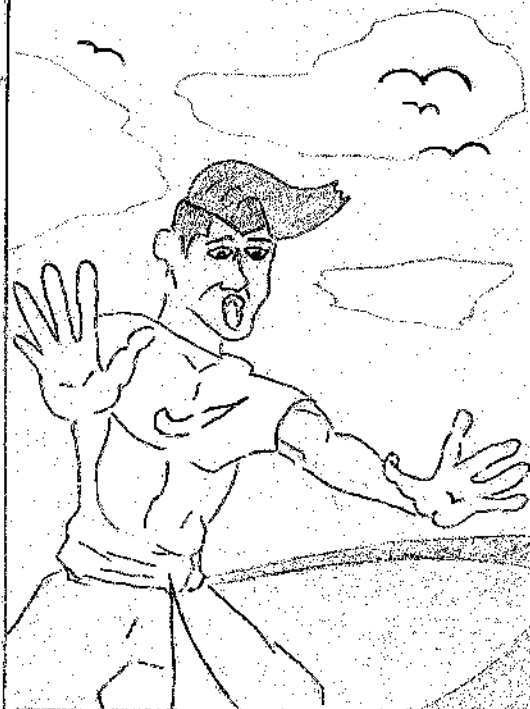

Hey there! what are you doing. I order you not to move or you will die, because you are under arrest. Government laws says use a permit to catch fish.

I told you already that we need a permit what are we going to do now?

Better run away my son, thats the only way left for us

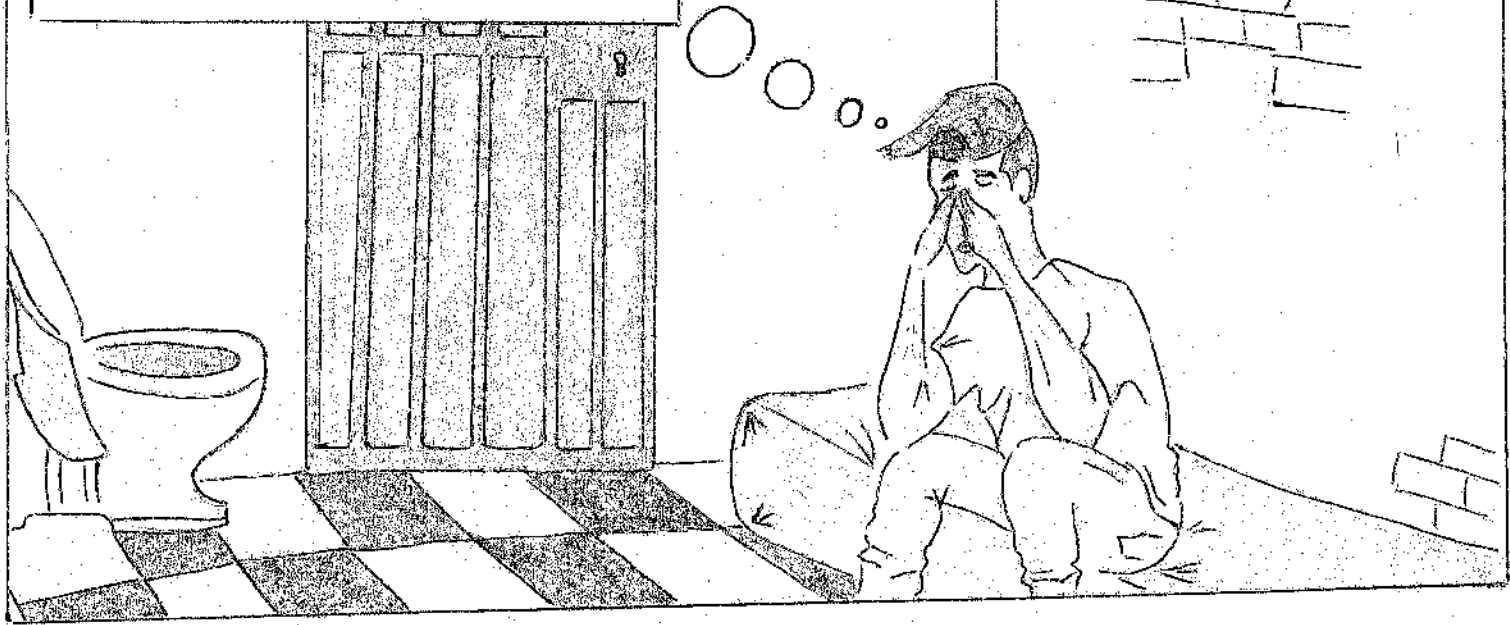

Dad wait! The patrol gave us order that if you run, you are dead, better to get arrested instead of losing your life.

No son, I'm not going to jail and let my family suffer, I have to make sure that I survive in this battle.

Why dad, Daddy why did you do this. Now I'm in jail suffering and the family is there without anything to eat. Oh nooooo

Two months later in jail
