prospecting and pegging by any person duly authorised thereto in accordance with the provisions of the Imperial Mining Ordinance 1906, as amended by Proclamation No. 24 of 1919. The holder of a prospecting licence over any of the above farms is entitled to grazing and water for stock required in connection with his prospecting operations, as also wood, in so far as it is available without materially interfering with the working of the farm (Section 12 of above Ordinance) and subject to payment of compensation as provided in the Mining Law.

*General Conditions:—*

In the event of the Administration being required, in terms of any law relating to fencing in South-West Africa, to contribute towards the cost of fencing the boundaries, or any part thereof, of any of the holdings advertised in this notice, or to accept liability for the payment of such contribution prior to the registration of the lease, the successful applicant shall, on allotment being made to him, assume liability for the payment of such contribution. The amount of such contribution shall be paid by the allottee to the Government in cash, or at the option of the allottee it may be added to the valuation of the holding, in which case the rentals, payments and instalments of purchase price shall be increased accordingly. The successful applicants for any of the holdings on which the boundaries or part thereof are fenced, shall accept liability under any law relating to fencing in South West Africa, for any amounts which may be claimed by adjoining owners in terms of the said law.

In the event of boreholes being completed and windmills erected on any of the holdings before the date of allotment thereof, the cost of the boring operations and windmills will be added to the valuations of the holdings and the rentals and instalments of purchase price will be increased accordingly.

In the event of an allottee making application for a borehole to be sunk on his holding and a windmill to be erected thereon, and of such application being approved by the Administrator, the cost of such borehole (exclusive of transport, fuel, and water, which must be borne by the allottee) and of such windmill will be added to the valuation of the holding, and the half-yearly rental and instalments of purchase price will be increased accordingly as from the date of the completion of the work.

A clause will be inserted in the leases which it is proposed to issue in respect of holdings on which boreholes may be sunk before or after allotment thereof, giving the Government access to and the right to take water from the boreholes for drilling purposes for a period of five years from the dates of the leases.

It will be a condition of lease that the successful applicant for any of the above holdings on which boreholes exist or may be sunk previous to allotment will be held responsible as from the date of allotment or of completion of the work for the proper care and maintenance of the borehole or boreholes on his holding, and shall be liable for any damage caused thereto. He must, therefore, on no account raise water without proper pumping machinery. Inquiries as to the most suitable machinery to be utilized in connection with any borehole should be made to the Boring Engineer, Windhoek, by the successful applicant before proceeding to erect pumping machinery.

*Issue of Government Grant:—*

Administration Grants of holdings may, in special cases, with the approval of the Administrator, be issued before the expiry of a period of ten (10) years from the date of allotment. When a lessee after five years tenancy can satisfy the Land Board that the value of his holding with permanent and substantial improvements exceeds by one fourth (but not in any case by less than £400) the total indebtedness of the lessee to the Administration, the Administrator may issue a Government Grant and accept a mortgage bond for the total amount of the then remaining indebtedness.

*General Remarks:—*

The lease to be issued will contain conditions relative to residence, improvements, fencing, outspans, roads, and such other conditions as are usually inserted in agricultural leases granted under the Land Settlement Consolidation and Amendment Proclamation, 1927.

The following special clauses will be inserted in the leases which it is proposed to issue and in the Government grant to be issued later:—

- (a) Giving the Administration the right to resume the whole or a portion of any holding, required for public purposes or outspan purposes, on payment of compensation therefor;
- (b) stipulating that roads and thoroughfares, whether they are described in the diagram or not, existing on the land shall remain free and uninterrupted, and requiring the lessee of any holding to grant to any adjacent or neighbouring proprietor a way or road of necessity to or from the land of such adjacent or neighbouring proprietor.

The rent paid during the lease period of five years is not deducted from the purchase price in the event of the option to purchase being exercised.

Persone wat liksense vir prospektering het oor enige van die bogenoemde plase, het ook aanspraak op weiding en water vir die vee nodig in verband met die prospektering as ook hout, in sover dit beskikbaar is sonder die werk op (die plaas groteliks te verstoor, (sien Artikel 12 van bogenoemde Ordonnansie), en onderhewig aan betaling van skadevergoeding soos bepaal in die Myn Wet.

*Algemene Voorwaardes:—*

Ingeval die Administrasie ooreenkomstig enige Omheiningswet in Suidwes Afrika, tot die koste van die omheining van die grenslyn, of enige deel daarvan, van die hoewe in hierdie kennisgewing geadverteer, sou moet bydra of vir die betaling van sodanige bydraë die verantwoordelikheid sou moet neem vòr die registrasie van die huurkontrak, dan sal die suksesvolle applikant by die toekenning van 'n hoewe die verantwoordelikheid vir die betaling van sodanige bydraë op hom moet neem. Die bedrag van sodanige bydraë moet deur die persoon, aan wie die plaas toegeken word, in kontant aan die Administrasie betaal word, of kan ná verkiesing van die persoon aan wie die eiendom toegeken is, by die waardering van die hoewe gevoeg word, in watter geval die bydraë van die huur en paaie van die koopprys ooreenkomstig verhoog sal word. Geslaagde applikante vir enige van die hoewe, waarvan die grenslyne of gedeelte daarvan omhein is, sal verantwoordelik wees ooreenkomstig enige Omheiningswet in Suidwes Afrika, vir enige bedraë wat deur die eienaars van aangrensende eiendomme, kragtens die wet, geëis mag word.

Ingeval daar op enige van die hoewe boorgate mag voltooi wees en windmeule opgerig is, vòr die datum van toekenning daarvan, sal die koste van die boorgate en van die windmeule by die koopprys van die hoewe gevoeg word, en die huurgeld en paaie op die koopprys gevolglik verhoog word.

Ingeval die persoon aan wie die hoewe toegeken is, versoek dat op sy hoewe 'n boorgat mag gesink word en 'n windmeul daarop mag opgerig word, en sodanige applikasie deur die Administrateur goedgekeur word, sal die koste van sodanige boorgat (behalwe van transport, brandstof en water wat deur die persoon moet betaal word) en van sodanige windmeul by die koopprys van die hoewe gevoeg word, en die halfjaarlikse huurgeld en paaie op die koopprys, sal gevolglik verhoog word vanaf die datum van die voltooiing van die werk.

In die huurkontrak wat uitgegee sal word ten aansien van die hoewe waarop boorgate, vòr of ná toekenning daarvan, gesink mag word sal 'n klousule gevoeg word wat die Administrasie toegang verleen tot, en die reg gee om water uit die boorgate vir boordoeleindes te neem gedurende 'n termyn van vyf jare vanaf die datums van die huurkontrakte.

Een voorwaarde van die huurkontrak sal wees dat die suksesvolle applikant vir enige van die bogenoemde hoewe, waarop boorgate bestaan of wat vòr of ná toekenning mag gesink wees, vanaf die datum van toekenning of van voltooiing van die werk, verantwoordelik sal gehou word vir die behoorlike oppas en onderhoud van die boorgat, of boorgate, op sy hoewe en aanspreeklik sal wees vir enige skade daaraan veroorsaak. Hy moet derhalwe in geen geval sonder behoorlike pompmasjienerie daaruit water neem nie. Navraag betreffende masjienerie wat mees geskik is om gebruik te word in verband met enige van die boorgate, behoort Jeur die suksesvolle applikant by die Booringenieur, Windhoek, gedoen te word vòrdat enige pompmasjienerie opgerig word.

*Uitreiking van Goewerments-Grondbriewe:—*

Goewerments-Grondbriewe van hoewe kan in spesiale gevalle, met toestemming van die Administrateur, uitgegee word voor afloop van 'n termyn van 10 jaar na die datum van toekenning. Ná 'n huurder 'n hoewe vir 5 jaar gehuur het en die Landraad kan oortuig dat die waarde van sy hoewe en blywende verbeterings van deeglike aard meer as een-vierde van die totale skuld van die huurder aan die Administrasie bedra (maar in geen geval minder as £400), sal die Administrateur in staat wees om 'n Goewerments-Grondbrief uit te reik, en 'n verband te neem vir die totale bedrag van die skuld wat nog oorbly.

*Algemene Opmerkinge:—*

Die huurkontrak wat uitgegee word sal voorwaardes bevat met betrekking tot die okkupasie, verbeterings, omheining, uitspannings, weë en sulke ander voorwaardes wat gewoonlik gestel word in landbou-huurkontrakte uitgereik onder die Landnederstelling Gekonsolideerde en Wysigings-Proklamasie 1927.

In die voorgestelde huurkontrak en die daarop-volgende Goewermentsgrondbrief sal spesiale voorsienings gemaak word waardeur:

- (a) die Administrasie die reg sal hê om, teen betaling van skadevergoeding, enige hoewe, of enige gedeelte daarvan vir publieke doeleindes of 'n uitspanning terug te neem;
- (b) bestaande paaie en deurgange, op die kaart aangegee of nie, vry en onbelemmerd sal bly, en die huurder van enige hoewe noodsaaklike paaie ná en van die grond van aangrensende of naburige eienaars sal toelaat.

Ingeval gebruik van die opsie van aankoop gemaak word, sal die huurgeld wat gedurende die tydperk van die huurkontrak van vyf jaar betaal is nie van die koopprys afgetrek word nie.
