## Government Notice.

The following Government Notice is published for general information.

J. NESER,  
Secretary for South West Africa.

Administrator's Office,  
Windhoek.

No. 97.]

[26th April, 1955.

The Administrator has been pleased, under and by virtue of the powers in him vested by sub-section (3) of section one hundred and sixty, read with section one hundred and ninety-nine, of the Municipal Ordinance, 1949 (Ordinance No. 3 of 1949), to repeal the regulations published under Government Notice No. 88 of 1933, as amended, and, in substitution therefor, to approve of the undermentioned new regulations, with effect from June 1st, 1955.

### MUNICIPALITY OF WINDHOEK.

REGULATIONS FOR LICENSING AND REGULATING DAIRIES, MILKSHOPS, COWSHEDS AND PURVEYORS OF MILK, AND PASTEURIZATION PLANT, AND THE SUPPLY OF MILK AND MILK PRODUCTS.

#### 1. DEFINITIONS.

For the purposes of these Regulations—

(a) "Butter" shall mean the emulsion of milk fat rich in solid fat, formed by churning pure cream or pure milk and the technical treatment of the product formed, and containing:

A minimum of: 80 percent milk-fat.

A maximum of: 16 percent moisture.

(b) "Buttermilk" shall mean a product resulting from the churning of milk or cream or from the souring or treatment by a lactic acid or other culture of milk, skimmed milk, or reconstituted milk or skimmed milk. It shall contain not less than eight percent (8%) milk solids not fat and shall be free from foreign substances.

(c) "Certified Raw Milk" shall mean milk which is of the quality and standard as defined for raw milk and which has been certified by the Health Officer as having complied with the provisions of Regulation 57 hereof.

## Goewermentskennisgewing.

Die volgende Goewermentskennisgewing word vir algemene inligting gepubliseer.

J. NESER,  
Sekretaris van Suidwes-Afrika.

Kantoor van die Administrateur,  
Windhoek.

No. 97.]

[26 April 1955.

Dit het die Administrateur behaag om, kragtens en ingevolge die bevoegdheid hom verleent en subartikel (3) van artikel eenhonderd-en-zestig, gelees met artikel eenhonderd nege-en-negentig, van die Municipale Ordonnansie 1949 (Ordonnansie 3 van 1949), die regulasies afgekondig by Goewermentskennisgewing 88 van 1933, soos gewysig, te herroep en ter vervanging daarvan, die onderstaande nuwe regulasies goed te keur met inwerkingtreding vanaf 1 Junie 1955.

### DIE MUNISIPALITEIT WINDHOEK.

REGULASIES OF DIE LISSENSIEVERLENING AAN, EN DIE REELING VAN MELKERYE, MELKWINKELS, KOEI-STALLE, EN MELKLEWERANSIERS, EN PASTEURISASIE-INRIGTINGS EN DIE VERSKAFFING VAN MELK EN MELKPРОДУКТЕ.

#### 1. WOORDBEPALING.

By die toepassing van hierdie regulasies beteken:

(a) „Botter“ die emulsie van melkvet wat ryk is aan vaste vet, wat gevorm word deur suiever room of suuer melk te kurring, en die tegniese behandeling van die produk wat verky word, en dit bevat minstens 80 percent melkvet;

hoogstens 16 percent vog;

(b) „Kurringmelk“ 'n produk wat verky word wanneer melk of room gekarring word, of wanneer melk, afgeroome melk of hersamegestelde melk of b-handel word met melksuur of ander kultuur; dit moet minstens 8% vetryke vaste melk-towye bevat, en dit mag geen vreemde stowwe bevat nie;

(c) „gesertifiseerde rou melk“ melk wat voldoen aan die gehalte en standaard wat vir rou melk voorgeskryf word, en wat volgens 'n sertifikant van die Gesondheidscampus voldoen aan die bepalings van regulasie 57 hiervan;

- (d) "Cheese" shall mean a compound containing milk protein, milk fat, mineral salts, and common salt, made out of whole milk by precipitation or coagulation of this protein, and containing at least forty percent (40%) of milk fat in dry matter.
- (e) "Condensed Milk" shall mean milk or cream contained in hermetically sealed tins and specially condensed or prepared for preservation, and shall contain not less than ten percent (10%) of milk fat and twenty-five percent (25%) of solids other than fat.
- (f) "Council" shall mean the Council of the Municipality of Windhoek or its duly authorised officer.
- (g) "Cowkeeper's Permit" shall mean permission to keep not more than two (2) cows for the production of milk for use in the holder's household only.
- (h) "Cowshed" shall mean any building in which cows are kept or milked.
- (i) "Cream" shall mean an emulsion of milk fat and other milk constituents derived from pure milk by means of skimming or an application of centrifugal force, and containing not less than twenty percent (20%) of milk fat.
- (j) "Cream Cheese" shall mean cheese which contains at least sixty percent (60%) of milk fat in dry matter.
- (k) "Dairy" shall mean any place from which milk or cream is sold or supplied, or in which milk or cream is kept for sale.
- (l) "Dairy Farm" shall mean any buildings or premises or part thereof in which cows are kept or milked for the production of milk for sale, including buildings used for bottling milk and sterilizing dairy utensils and all appurtenances to any such building or premises.
- (m) "Dairymen" shall mean any person who keeps cows for the production of milk or sweet cream for sale; or who sells or purveys milk or sweet cream.
- (n) "Health Officer" shall mean the Medical Officer of Health, or the Chief Health Inspector of the Municipality of Windhoek for the time being, or his authorised deputy.
- (o) "Homogenised Milk" shall mean milk which has been treated in such a manner as to ensure the breaking up of the fat globules to such an extent that after forty-eight (48) hours storage no visible cream separation occurs on the milk and the fat percentage of the top hundred (100) millilitres of milk in a quart or of proportionate volumes in containers of other sizes, does not differ by more than five percent (5%) of itself from the fat percentage of the remaining milk, such fat percentage to be determined after thorough mixing.
- (p) "Ice Cream" means and includes any frozen product made from cream or milk and water, with or without sugar, other wholesome food articles, hariniles, flavouring and colouring substances and stabiliser in the form of gelatine and/or vegetable gums, and shall contain not less than ten percent (10%) of milk fat. If stabiliser is added this shall not exceed one percent (1%). Ice Cream shall be free from preservatives, save when gelatine is used as a stabiliser, such gelatine may contain Sulphur Dioxide in the proportion of 1000 parts per million. If cream or butter is used in the manufacture of the Ice Cream such cream or butter shall contain no boron compounds, notwithstanding anything to the contrary.
- (q) "Licensed Pasteurization Plant" means a pasteurisation plant which has been licensed as such under these Regulations.
- (r) "Milk" shall mean the fresh, clean and unaltered products obtained by the milking of one or more healthy cows, excluding that obtained within two (2) weeks before or one (1) week after calving, or such longer period as may be necessary to render the milk coliform-free (as determined by boiling), containing not less than three percent (3%) of milk fat and not less than eight percent (8%) milk solids not fat and containing not more than two hundred thousand (200,000) micro-organisms in one (1) millilitre, and no *bacilli coli* in decimal point nought one (0.01) millilitre. Unless inconsistent with the context wherever the word "milk" appears in these Regulations, it shall be taken to mean and include milk products,
- (d) „Kaaſ“ in samestelling van melkproteïen, melkmineraalsoute en gewone sout, wat gemaak word uit volmek deur die neerslag of stolling van die proteïen en dit moet minstens veertig persent (40%) melkvet in sy droë selfstandigheid bevat;
- (e) „gekondenseerde melk“ in of van room wat in lugtige verselde blikke gehou word, en wat spesial voor bewaring gekondenseer of berei is; dit moet minstens tien persent (10%) melkvet en vyf-en-twintig persent (25%) vertyre vaste stowwe bevat;
- (f) „Raad“ die Raad van die Munisipaliteit Windhoek of sy behoorlik gemagtigde amptenaar;
- (g) „koochouerspermit“ toestemming om hoogstens twee kooie aan te hou ter verkryging van melk vir gebruik net in die houer se huishouding;
- (h) „kooctal“ elke gebou waarin kooie gehou of gemelk word;
- (i) „room“ 'n emulsie van melkvet en ander melkbestanddele wat deur afstroming of die aanwending van middelpuntliedende krag, van suiver melk verkry word. Dit moet minstens twintig persent (20%) melkvet bevat;
- (j) „rooienkaas“ kaas wat minstens sesig persent (60%) melkvet in sy droë selfstandigheid bevat;
- (k) „melkery“ elke plek waarnaar melk of room verkop of verskaaf word, of waarin melk of room vir verkoop gehou word;
- (l) „melkplaas“ elke gebou of perseel of deel daarvan waarin of waarop kooie aangehou of gemelk word vir die produkte van melk ter verkoop, op dit omvat geboue wat gebruik word vir die bottel van melk en die sterilisering van melkerygeredeskap en alle toebehore tot so 'n gebou of perseel;
- (m) „melkboer“ elkeen wat kooie aanhou vir die produkte van melk of vars room ter verkoop; of elkeen wat melk of vars room lever vir verkoop;
- (n) „Gesondelidbeambte“ die Mediese Gesondheid-beambte of die Hooggesondelidhedsinspekteur van die Munisipaliteit Windhoek of sy gemagtigde plasvervanger;
- (o) „gehomogeniseerde melk“ melk wat behandel is om te versker dat die vetbolletjies daarin sodanig opgebrek is dat daar na agt-en-veertig (48) uur se bewaring geen roomafskeiding op die melk sigbaar is nie en die vetpersentasie van die boonste honderd (100) milliliter melk in 'n kwart, of volumes na verhouding in hours van ander groottes, hoogstens vyf persent (5%) verskil van die vetpersentasie van die originele melk. Sodanige vetpersentasie moet na degelyke menging vasgestel word;
- (p) en omvat „roomys“ elke bevryde produk van melk of room en water, met of sonder suiker, ander gesonde voedingstowwe, onskadelike smaakgewende stowwe en kurelens en setstoewe in die vorm van geleien en/of plantaardige gom, en dit moet minstens tien persent (10%) melkvet bevat. As daar 'n setstoof bygevoeg word, mag dit hoogstens een persent (1%) van die geheel uitmaak. Roomys mag geen heidriwerende middels bevat nie, buiten waar gelatine as setstoof gebruik word, wanneer die gelatine swaveldiokside in die verhouding van 1000 dele per miljoen mag bevat. As room of botter by die vervardiging van roomys gebruik word, mag die room of botter, nie teenstaande moontlikestrydigheids bepalings, geen boorsamestellings bevat nie;
- (q) „gelicenseerde pasteurisatie-inrigting“ 'n pasteurisatie-inrigting wat ingevolge hierdie regulasies as sondane gelicenseer is;
- (r) „melk“ die vars, skoon en onveranderde produk wat verkry word by die melk van een of meer gesonde kooie, maar sluit uit melk wat binne twee (2) weke voor of binne een (1) week na kalwing of binne sodainige verlengde tydperk waarin die melk kolostrum bevat, verkry word. Die teenwoordigheid van kolostrum al dan nie, word vangsigel daur die melk te strum en dan nie, word vangsigel daur die melk te kook. Melk moet minstens drie persent (3%) melkvet en minstens agt persent (8%) vertyre vaste melkstowwe bevat, en mag hoogstens tweehonderd-duisend (200,000) mikro-organismes in een milliliter, en geen *bacilli coli* in desimaal-punt-nul-een (0.01) milliliter bevat nie. Tensy die sinusverband 'n ander betrekking aanlei, beletten en omvat „melk“, waar dit in hierdie regulasies voorkom ook melkprodukte;

- (4) "Milk Distributor" shall mean any person in possession or occupation of a dairy or milk shop and includes any person who sells or disposes of milk or offers or exposes milk for sale or disposal whether in any premises or in any street or public place.
- (5) "Milk Plant" shall mean any place or premises or establishment or equipment used for the collection, handling, processing, storage, bottling, pasteurization or preparation of milk for distribution.
- (6) "Milk Products" shall be taken to mean and include sweet cream, sour cream, homogenised milk, sour milk, buttermilk, flavoured milk or flavoured skimmed milk, skimmed milk, separated milk, reconstituted or recombined milk or cream, and any other product derived from milk and designated as a milk product by the Health Officer. Milk products shall conform to the same bacterial standards as milk except that the bacterial standards shall be doubled in the case of sweet cream and omitted in the cases of sour cream, sour milk and buttermilk.
- (7) "Milk Producer" shall mean any person owning or having the control of one or more cows from which milk is obtained and from which part or all of the milk or milk products is sold or disposed of, or offered or exposed for sale or disposal.
- (8) "Municipal Area" shall mean the proclaimed municipal area of Windhoek and shall include the townlands of the Municipality of Windhoek.
- (9) "Pasteurized Milk" shall mean raw milk or certified raw milk which before pasteurization is of the quality and standard as herein defined, and every particle of which—
- has been treated by the "Holder" process of pasteurization, i.e. has been retained at a temperature of not less than one hundred and forty-five degrees Fahrenheit ( $145^{\circ}\text{ F}$ ) or  $62.8^{\circ}\text{ Celsius}$ , and not more than one hundred and fifty degrees Fahrenheit ( $150^{\circ}\text{ F}$ ) or  $65.50^{\circ}\text{ Celsius}$ , for at least thirty (30) minutes and immediately cooled to a temperature of not more than forty-five degrees Fahrenheit ( $45^{\circ}\text{ F}$ ) or  $7.2^{\circ}\text{ Celsius}$ ;
  - has been treated by the "High Temperature Short Time" process of pasteurization, i.e. has been retained at a temperature of not less than one hundred and sixty degrees Fahrenheit ( $160^{\circ}\text{ F}$ ) or  $71.1^{\circ}\text{ Celsius}$ , and not more than one hundred and sixty-two degrees Fahrenheit ( $162^{\circ}\text{ F}$ ) or  $72.2^{\circ}\text{ Celsius}$ , for at least fifteen seconds and immediately cooled to a temperature of not more than forty-five degrees Fahrenheit ( $45^{\circ}\text{ F}$ ) or  $7.2^{\circ}\text{ Celsius}$ ;
  - has been treated by any other satisfactory process approved by the Health Officer and is thereafter protected from contamination;
  - irrespective of whether method (i), (ii) or (iii) is employed the milk shall not be so heated more than once and shall not be otherwise treated by heat. Pasteurized milk shall contain not more than one hundred thousand (100,000) micro-organisms in one (1) millilitre, no *bacilli coli* in one (1) millilitre and shall satisfy a phosphatase test on any sample taken after pasteurization and before delivery to the consumer.
- (10) "Pasteurization Plant" shall include every plant in which milk is pasteurized and every building, machine, apparatus, equipment and appurtenance employed in or necessary for the pasteurization, heating, storing, cooling, processing, packaging or in any way handling milk in such plant, provided that where milk is pasteurized in any part of a plant the entire plant shall be deemed to be a pasteurization plant.
- (11) "Purveyor of Milk" shall mean any person who supplies milk or any milk product to any person other than a member of his household, whether for gain or otherwise.
- (12) "molkleweransier" elkeen wat 'n melkery of melkwinkel het of hou en omvat elkeen wat melk verkoop of van die hand sit, of melk ter verkoop of verveerde aanbied of uitstaal het op 'n perseel of in 'n straat of openbare plek;
- (13) "melkinrigting" elke plek of perseel of opritging of toerusting wat gebruik word vir die insameling, hantering, verwerking, bewaring, bottel, pasteurisasié of voorbereiding van melk vir afslwinging;
- (14) "melkproduksie" ook vars room, suur room, gehomogeniseerde melk, suurmelk, karrigmelk, ggeurde melk of gegeurde afg-roond melk, afg roond melk, afskeermelk, hersaaingestelle of herverbind melk of room, en elke ander produk wat van melk verkry word en wat die Gesondheidsbeauppte 'n melkproduk noem. Melkproduksie moet aan dieselfde bakteriologiese standaarde voldoen as melk, buiten dat die bakteriologiese standaarde in die geval van vars room verdubbel moet word, en in die geval van suur room, suurmelk en karrigmelk nie van toepassing is nie;
- (15) "melkprodusent" elkeen wat een of meer koeie besit of beheer waarvan melk verkry word en waarvan deel of al die melk of melkproduksie verkoop of verveerd word of ter verkoop of verveerde aangebied of uitgestal word;
- (16) "munisipale gebied" die geproklameerde munisipale gebied van Windhoek, en dit omvat die meet van die Munisipaliteit Windhoek;
- (17) "gepasteuriseerde melk" rot melk of gesertifiseerde rou melk wat voor pasteurisasié voltooi aan die gehalte en standaard wat hierin bepaal word, en waarvan elke delige—
- behandel is met die Holder-pasteurisasiéproses, d.w.s. minstens dertig (30) minute lank gehou is op 'n temperatuur van minstens eenhonderd vyf-en-veertig grade Fahrenheit ( $145^{\circ}\text{ F}$ ) of  $62.8^{\circ}\text{ Celsius}$ , en hoogsteens eenhonderd en vyftig grade Fahrenheit ( $150^{\circ}\text{ F}$ ) of  $65.50^{\circ}\text{ Celsius}$ , en dan onmiddellik verkoel is tot op 'n temperatuur van hoogsteens vyf-en-veertig grade Fahrenheit ( $45^{\circ}\text{ F}$ ) of  $7.2^{\circ}\text{ Celsius}$ ;
  - behandel is met die pasteurisasiéproses wat hōe temperatuur op 'n kort tydperk aanwend, d.w.s. minstens vyfien sekondes lank gehou word op 'n temperatuur van minstens eenhonderd-en-sestig grade Fahrenheit ( $160^{\circ}\text{ F}$ ) of  $71.1^{\circ}\text{ Celsius}$  en hoogsteens eenhonderd twees-en-sestig grade Fahrenheit ( $162^{\circ}\text{ F}$ ) of  $71.2^{\circ}\text{ Celsius}$  en dan onmiddellik afgekoel word tot op 'n temperatuur van hoogsteens vyf-en-veertig grade Fahrenheit ( $45^{\circ}\text{ F}$ ) of  $7.2^{\circ}\text{ Celsius}$ ;
  - met 'n ander bevredigende proses wat die Gesondheidsbeauppte goedgekeur h t.b.h. behandel is en daarna teen besmetting beskerf is;
  - onverskillig of metode (i), (ii) of (iii) gebruik word, mag die melk nie meer as 'n keer verwarm word nie, nog op enige ander wyse met hitte behandel word nie. Gepasteuriseerde melk mag hoogsteens enhonderdruisend (100,000) mikro-organismes en een (1) milliliter bevat, en geen *Bacilli coli* in een (1) milliliter nie, en enige monster wat na pasteurisasié en voor aflewering aan die verbruiker geneem word, moet voldoen aan die eise van 'n fosfatase-toets;
  - "pasteurisasié-inrigting" elke inrigting waarin melk gepasteuriseer word en elke gebou, masjien, apparaat, toerusting en toeborgte wat gebruik word by, of nodig is vir die pasteurisasié, verhitting, bewaring, verkoeling, verwerking, verpakking of hantering op enige wyse van melk in so 'n inrigting; Met dien verstaande dat waar melk in 'n deel van 'n inrigting gepasteuriseer word, die hele inrigting beskou word as 'n pasteurisasié-inrigting;
  - "melkverskaffier" elkeen wat melk of 'n melkproduksie verskaf aan enigiemand buiten lede van sy eie huis-houding, hetby teen wins of andersius;

- (aa) "Reconstituted or Recombined Cream" shall mean a product resulting from the combination of dried cream, butter or butterfat with cream, milk, skimmed milk or water and shall comply with the standards for cream as defined herein.
- (bb) "Reconstituted or Recombined Milk" shall mean a product resulting from the recombining of milk constituents with water and which complies with the standards for milk as defined herein.
- (cc) "Skimmed or Skim Milk" shall mean the liquid residue left after subtracting cream from milk as defined above, and shall contain not less than eight point eight (8.8%) percent of milk solids.
- (dd) "Sour Cream" shall mean cream the acidity of which is more than nought point two percent (0.2%).
- (ee) "Sweet Cream" shall mean an emulsion of milk fat and other milk constituents derived from pure milk by means of skimming or an application of the centrifugal force, containing twenty percent (20%) butterfat, and having a clean, sweet flavour with an acidity of no more than nought point two percent (0.2%).
- (ff) "Veterinarian" shall mean a Veterinarian in the employ of the Council or any other Veterinarian approved by the Council.

## CHAPTER I.

### 2. LICENCES AND PERMITS.

(1) (a) No person shall within the Municipality of Windhoek use any premises as a dairy or dairy farm, or sell or purvey or distribute milk or sweet cream, unless he shall first have obtained from the Council a licence so to do; provided that, subject to Regulation 34 of these regulations nothing in these regulations shall prevent any recreational, sporting, social or other club, or the licensee of any boarding house, hotel, restaurant, eating-house, tea-room, coffee-room, or any other similar business or occupation from purveying milk or milk products supplied in the ordinary course of supplying meals, teas, and/or light refreshments consumed on the premises; provided further that no such club or licensee shall sell or purvey milk or milk products for consumption off the premises, unless he shall first have obtained from the Council a licence so to do.

(b) A licence issued in terms of the second proviso of the preceding paragraph (a) shall be subject to Regulation 34 of these regulations and also to the following conditions:-

- (i) That all such milk or milk products supplied to the premises of such licensee, whether for consumption on the premises or for sale for consumption off the premises, be obtained from a licensed dairy or milk shop.
- (ii) That the containers shall have been filled and properly sealed in such licensed dairy or milk shop in such a manner that access to the contents thereof cannot be obtained without damage to the container or seal.
- (iii) That the containers shall have been impressed or inscribed with the name and address of the licensee of the dairy or milk shop in which they are filled and sealed.
- (iv) That the milk or milk products be sold for consumption off such premises not otherwise than in the properly sealed and unopened containers in which the milk or milk products were obtained from the licensed dairy or milk shop.
- (v) That the milk or milk products be stored in a refrigerator or ice-box at a temperature below 50 degrees Fahrenheit (50° F) or 10° Celsius.

(2) No person shall introduce into the Municipal Area milk or sweet cream produced on premises outside the Municipal Area unless he shall first have obtained from the Council a licence so to do.

(3) No dairymen or purveyor of milk shall introduce, receive or purvey within the municipal area milk or sweet cream produced or prepared on premises outside the municipal area without first obtaining from the Council a permit in respect of each of the said premises.

- (aa) „hersaamgestelde of horverbinde room“ 'n produk wat ontstaan wanneer gedroogde room, botter of botterfat met melk, room, afgeroomde melk of water verbind word en dit moet beantwoord aan die standaard van hierin vir room gestel word;
- (bb) „hersaamgestelde of horverbinde in-k“ 'n produk wat ontstaan wanneer melkbestanddele met herverbond word en wat beantwoord aan die standaard wat hierin vir melk bepaal word;
- (cc) „afgeroomde melk“ die vloscistof wat afgewer is uit melk soos hierbo hielpal, en dit moet minstens agt-punt-agt percent (8.8%) volkome melkstowwe bevat;
- (dd) „suur room“ room met 'n suurgehalte van meer as nul-punt-twee percent (0.2%);
- (ee) „vars room“ 'n emulsie van melkvat en ander melkbestanddele wat verky word van suiver melk deur afstroming van middelpuntvlakmedekrag. Dit moet twintig percent (20%) bottervet bevat en dit moet 'n skoon soet smaak hê met 'n suurgehalte van hoogstens nul-punt-twee percent (0.2%);
- (ff) „veearcts“ 'n vecarts in die diens van die Raad of 'n ander vecarts wat die Raad goedgekoer het.

## HOOFSTUK II.

### 2. LISENSIES EN PERMITTE.

(1) (a) Niemand mag 'n perseel binne die munisipale gebied van Windhoek as 'n melkery of melkplaas gebruik nie, nog melk of vars room verkoop, verskaaf of alewier nie, tensy vooraf 'n lisensie daartoe van die Raad verky het; Met dien verstande dat behoudens reguliere 34 hieraan, hierdie regulasies 'n ontspannings-, sport-, sosiale of ander klub, of die lisensiehouer van 'n losieshuis, hotel, restaurant, ectlokaal, teekamer, koffiekamer of ander soortgelyke saak of bedryf geensins verhinder om melk of melkprodukte te verskaaf, wanneer hy gewoonweg maaltye, tee en/of ligte verversings wat op die perseel verbruik word, lewer nie; Met dien verstande voorts dat geen sodanige klub of lisensiehouer melk of melkprodukte inlig verskaaf of verkoop nie, verbruik elders nie, tensy hy vooraf 'n lisensie daartoe van die Raad verky het.

(b) 'n Lisensie wat ingevalle die tweede voorbehoudsbepaling van die voorafgaande paragraaf (a) uitgerek is, is onderhorig aan die bepaling van regulasie 34 hieraan ook aan die onderstaande voorwaarde—

- (i) dat alle sodanige melk of melkprodukte wat aan die perseel van so 'n lisensiehouer verskaaf word, heis vir verbruik op die perseel of ter verkoop vir verbruik elders, verky moet word van 'n gelisencierde melkery of melkwinkel;
- (ii) dat die hours in so 'n gelisencierde melkery of melkwinkel gevul en behoorlik verséel word, en wel op so 'n wyse dat dit onmoontlik sou wees om sonder skade aan die hour of seel by die inhoud daarvan te kom;
- (iii) dat die naam en adres van die lisensiehouers van die melkery of melkwinkel waarin die hours gevul word en verséel word, op die hours gestempel of geskryf staan;
- (iv) dat die melk of melkprodukte wat aldaar verkoop word vir verbruik elders net in die behoorlik verséelde en onoogpemakte hours waarin die melk of melkprodukte van die gelisencierde melkery of melkwinkel verky is, verkoop word en op geen ander wyse nie;
- (v) dat die melk of melkprodukte in 'n koelkas of ysksteen 'n temperatuur onder vyftig grade Fahrenheit (50° F) of 10° Celsius bewaar word.

(2) Niemand mag melk of vars room wat op 'n perseel buite die munisipale gebied geproduseer is, in die munisipale gebied invoer nie, tensy hy vooraf 'n lisensie daartoe van die Raad verky het.

(3) Geen melkboer of melkverskaffer mag melk of vars room wat op 'n perseel buite die munisipale gebied geproduseer of hier is, in die munisipale gebied invoer, ontvank of verskaaf nie, tensy hy vooraf 'n permit ten opsigte van elke begoenende perseel van die Raad verky het.

(4) No person other than a licensed dairyman shall keep a cow or cows within the municipal area unless he shall first have obtained from the Council a permit so to do.

### 3. LICENCE AND PERMIT FEES.

(1) (a) A licence or permit under these regulations may be granted for any period not exceeding one year, and shall expire on the thirty-first (31st) day of December following the date of issue of such licence or permit.

(b) The fees for the renewal of annual licences or permits shall be paid on or before 31st January of each year.

(c) The fees in respect of new licences or the transfer of licences approved by the Health Officer during the course of the year, shall be paid within seven (7) days after the approval of the Health Officer has been conveyed to the applicant.

(2) A licence or permit shall not be transferable from the licensee to any other person, nor shall any licence or permit be transferable from the premises in respect of which it was granted to any other premises, without the written permission of the Council first having been obtained.

(3) The following licence or permit fees shall be paid to the Council before the issue of such licences and permits:-

(a) *Dairyman's Licences:*

|                             |                |
|-----------------------------|----------------|
| (i) Inside Municipal Area   | £ 4 per annum. |
| (ii) Outside Municipal Area | £10 per annum. |

(b) *Dairyman and Distributor's Licence:*

|                             |                |
|-----------------------------|----------------|
| (i) Inside Municipal Area   | £ 5 per annum. |
| (ii) Outside Municipal Area | £11 per annum. |

(c) *Distributor's Licence:*

£5 per annum for each and every dairy.

(4) One half of the fees prescribed in paragraph (3) above shall be payable in respect of licences or permits issued after thirtieth (30) June and before thirty-first (31st) December in any year.

(5) A fee of 10/- (ten shillings) shall be paid to the Council in respect of every application for the transfer of any licence or permit, other than a cow-keeper's permit, in which latter case no fee shall be paid.

(6) A cow-keeper's permit to keep not more than two cows shall be issued free, on condition that no milk is sold, distributed or given away by the holder of such permit.

### 4. APPLICATION FOR LICENCES AND PERMITS.

(1) Any person desiring a licence or permit under these regulations shall forward to the Health Officer a written application on a form to be obtained at the Council's offices, and shall set forth therein:-

- (a) The name, address and occupation of the applicant.
- (b) The name and address of the person by whom the business will actually be carried on and supervised.
- (c) The place or places where the premises in respect of which the licence or permit is desired are situated.
- (d) A description of the premises.
- (e) In the case of every new application a full description and particulars of the premises, together with a plan thereof; and
- (f) Any other information required by the Council.

(2) In the case of application for a licence in respect of premises situated outside the municipal area, such application shall be accompanied by:-

- (a) The consent in writing of the applicant and of the proprietor of such premises to an inspection at all reasonable times by the duly authorised officials of the Council of such premises; and
- (b) An undertaking by the applicant and the proprietor to be subject to and to observe and comply with all or such of these regulations or other regulations of the Council as the Health Officer may consider necessary.

(4) Niemand buiten 'n gelicenseerde melkboer mag 'n koei of koeie binne die munisipale gebied sahou nie, tensy hy vooraf 'n permit daartoe van die Raad verky het.

### 3. LIENSESIE- EN PERMITGELDE.

(1) (a) 'n Licensie of permit ingevolge hierdie regulasies kan vir enige tydperk tot op een jaar toegestaan word, en dit verstrek op die een-en-dertigste (31ste) dag van Desember wat volg op die uitreikingsdatum van so 'n licensie of permit.

(b) Die gelds vir die hernuwing van jaarsenses of -permite moet uiterlik op 31 Januarie van elke jaar betaal word.

(c) Die gelds ten opsigte van nuwe lizensies of die oordrag van lizensies wat die Gesondheid-beampte in die loop van die jaar goedgekeur het, moet sewe (7) dae nadat die Gesondheid-beampte se goedkeuring aan die applikant meegedeel is, betaal word.

(2) 'n Licensie of permit is nie van die licensiehouer nie, anders oordragbaar nie, nooi is 'n licensie of permit van een persel ten opsigte waarvan dit verkoop is, nie 'n onder oordragbaar nie, sonder dat die skriftelike toestemming van die Raad vooraf verky is.

(3) Die onderstaande licensie- of permitgeld moet aan die Raad betaal word voordat sodanige lizensies of permite uitgereik word:-

(a) *Melkboerlensie:*

|                                  |              |
|----------------------------------|--------------|
| (i) binne die munisipale gebied  | £ 4 per jaar |
| (ii) buite die munisipale gebied | £10 per jaar |

(b) *Melkboer- en Leweransierslensie:*

|                                  |              |
|----------------------------------|--------------|
| (i) binne die munisipale gebied  | £ 5 per jaar |
| (ii) buite die munisipale gebied | £11 per jaar |

(c) *Leweransierslensie:*

£5 per jaar vir elke afsonderlike melkery.

(4) Die helfte van die geld wat in paraagraaf (3) hierbo voorgeskryf word, is betaalbaar ten opsigte van lizensies of permite wat na die dertigste (30ste) Julie en voor die een-en-dertigste (31ste) Desember van enige jaar uitgereik word.

(5) Gelde teen tien sjellings (10/-) is aan die Raad betaalbaar ten opsigte van elke aansoek om oordrag van 'n licensie of permit, uitgesonder 'n kocihouerspermit wanneer geen gelds betaalbaar is nie.

(6) 'n Kocihouerspermit om hoogstens twee koeie aan te hou, word gratis uitgereik op die voorwaarde dat die houer van so 'n permit geen melk verkoop, aflewer of weggee nie.

### 4. AANSOEK OM LISENSIES EN PERMITE.

(1) Elkeen wat 'n licensie of permit ingevolge hierdie regulasie wil uitvoer, moet by die Gesondheid-beampte skriftelike aansoek doen op 'n vorm wat by die Raad-kantoor verkrybaar is, en daarop moet hy die onderstaande vermeld:-

- (a) die naam en adres en die beroep van die applikant;
- (b) die naam en adres van die persel wat die bedryf werklik sal uitvoer en bestuur;
- (c) die plek of plekke waar die persel ten opsigte waarvan die licensie of permit gevra word, geleë is;
- (d) 'n beskrywing van die persel;
- (e) by elke nuwe aansoek 'n voldelike beskrywing en besonderheid van die persel tesame met 'n kaart daarvan, en
- (f) alle ander inligting wat die Raad vereis.

(2) By 'n aansoek om 'n licensie ten opsigte van 'n persel wat buite die munisipale gebied geleë is, moet die aansoek vergesel gaan van:-

- (a) die skriftelike toestemming van die applikant en van die eienaar van sodanige persel dat die behoorlike genugagtige beamptes van die Raad sodanige persel toe alle redelike tye kan inspekteer; en
- (b) 'n onderneming deur sodanige applikant en eienaar dat hulle hul onderwerp en sal voldoen aan al of enige van hierdie of ander regulasies van die Raad wat die Gesondheid-beampte ordig bevinde.

## 5. FORM OF LICENCE OR PERMIT.

(1) A dairyman's licensee shall be in such form as shall from time to time be determined by the Council and shall specify:—

- (a) The name of the licensee.
- (b) The situation of the licensee's premises.
- (c) The number of cowsheds.
- (d) The maximum number of cows allowed in each cowshed at any one time.
- (e) The date when the licence expires.

## (2) A cowkeeper's permit shall specify:—

- (a) The name of the cow-keeper.
- (b) The situation of the premises.
- (c) The number of cows allowed and shall bear the words:—

"It is illegal for the holder of this permit to sell or distribute milk, or to give away milk to persons not residing on his own premises."

## 6. LICENCE OR PERMIT NOT ISSUED UNDER CERTAIN CONDITIONS.

No licence or permit shall be issued by the Council to any person unless the requirements of these regulations, and of all such other regulations of the Council as may be applicable, have been complied with in respect of the premises to be used as a dairy or milkshop or cowshed, or on which cows are kept or milk is produced.

- (a) No person shall, after the date of the coming into force of these regulations, erect any cowshed in any portion of the Municipal Area of Windhoek other than those portions set aside for such purposes, in terms of the Council's Town Planning Policy.
- (b) No cowshed shall be erected in the Municipal Area of Windhoek within seventy-five (75) feet from any street line or frontage of the erf or plot on which it is situated, or within less than twenty (20) feet from any of the other boundaries of such erf or plot, or within less than fifty (50) feet from any dwelling house, such distance to be measured in a straight line from the nearest point of the cowshed to the nearest point of the street line, boundary or dwelling house respectively.
- (c) For the purpose of this regulation any alteration or adaptation for use as a cowshed of any existing building or premises not used as a cowshed at the date of the coming into force of these regulations shall be deemed to be the erection of a cowshed, and no premises not lawfully used for the accommodation of cows at that date shall be used unless licensed under and in terms of these regulations.

## 7. DAIRY AND COWSHED REQUIREMENTS.

No dairy or cowshed shall be licensed under these regulations unless the following be provided, and maintained at all times:—

- (a) A pure, wholesome and conveniently accessible water supply, free from liability to pollution and in sufficient quantity for all purposes connected with the dairy and cowshed, including the cleaning of all utensils and appliances.
- (b) Proper and effective ventilation by means of a sufficient number of inlet and outlet openings of adequate size and suitable construction.
- (c) Lighting in the proportion of three (3) square feet per cow by means of unobstructed windows, capable of being fully opened, and so placed as to secure proper lighting of every part of the cowshed.
- (d) In every cowshed an air space of not less than six hundred (600) cubic feet and a floor of not less than sixty (60) square feet per animal.

In cowsheds licensed prior to first (1st) July, 1954 (Nineteen Hundred and Fifty-four) an air space of four hundred and fifty cubic feet (450 cu. ft.) and a floor space area of forty-five (45) square feet per animal will be permitted for a period of five years from that date.

## 5. LISENSIE- OF PERMITVORM.

(1) 'n Melkboerlicensie neem die vorm aan wat die Raad van tyd tot tyd vasstel, en dit moet die onderstaande inligting vermeld—

- (a) die licensiehouer se naam;
- (b) die ligging van die licensiehouer se perseel;
- (c) die getal kocistalle;
- (d) die maksimale getal koeie wat tegelykertyd in elk 'n kocistal toegelaat is;
- (e) die datum waarop die licensie verstryk.

(2) 'n Kocihouerspermit moet die onderstaande inligting vermeld—

- (a) die naam van die kocihouer;
- (b) die ligging van die perseel;
- (c) die getal koeie wat hy maz aanhou; en voorts moet dit die onderstaande woorde bevat:—

"Die houer van hierdie permit mag nie melk verkoop of lever nie, nog mag hy melk weggee aan persone wat nie op sy eie perseel woon nie."

## 6. LISENSIE OF PERMIT WORD ONDER SEKERE OMSTANDIGHEDIE NIE UITGEREIK NIE.

Die Raad reik geen licensie of permit aan enigeen uit nie, tensy die vereistes van hierdie regulasies en van alle ander regulasies van die Raad wat toepaslik is, nagekom word ten opsigte van die perseel wat aangesien word ten opsigte van die kocistal wat aangesien word, of waarop kontou word of melk geproduceer word.

- (a) Na die inwerkingtredingsdatum van hierdie regulasies mag niemand 'n kocistal oprig in enige deel van die munisipale gebied van Windhoek nie, uitgesonder daardie dele wat ingevolge die Raad se dorpsbeplanningsbeleid vir hierdie doel aangewys word.
- (b) In sodanige dele van die munisipale gebied van Windhoek mag geen kocistal binne vyf-en-sentwintig (75) voet vanaf 'n straatlyn of die voorkant van 'n erf of stuk grond waarop dit gebou word, of binne twintig (20) voet vanaf die ander grense van so 'n erf of stuk grond, of binne vyftig (50) voet vanaf 'n woonhuis opgerig word nie, en hierdie afstand moet gemeet word met 'n reguit lyn vanaf die naaste punt van die kocistal tot by die naaste punt van die straatlyn of woonhuis na gelang.
- (c) By die toepassing van hierdie regulasie word enige verandering of aanpassing vir gebruik as kocistal van 'n bestaande gebou of perseel wat by die inwerkingtredingsdatum van hierdie regulasies nie as kocistal gebruik word nie, beskou as die oprigting van 'n kocistal, en 'n perseel wat nie op daardie datum regtens vir die huisvesting van koeie gebruik word nie, mag nie aldus gebruik word nie, tensy dit ingevolge en krugtens hierdie regulasies glicensieer is.

## 7. VEREISTES VIR MELKERYE EN KOEISTALLE.

Geen melkery of kocistal mag ingevolge hierdie regulasies glicensieer word nie, tensy die onderstaande vereistes nagekom en te alle tye gehandhaaf word—

- (a) 'n voorraad gesonde en gerieflik toeganklike water wat nie aan moontlike besmetting blootgestel is nie, en wat genoeg is vir alle doeleindes in verband met die melkery en kocistal, insluitende die skoonmaak van alle werklike en toestelle;
- (b) behoorlike en doeltreffende belugting by wyse van groot genoeg en behoorlike gebou is;
- (c) verligting deur middel van vensters met onbelemmerde uitsig in die verhouding van drie (3) vierkante voet per koci. Die vensters moet heeltuurlik oop kan gaan en so geplaas wees dat hulle elke deel van die kocistal behoorlik verlig;
- (d) lugruimte van minstens seshonderd (600) kubieke voet en vloerruimte van minstens sesig (60) kubieke voet per dier in elke kocistal;

In kocistalle wat voor die eerste (1ste) Julie negenhonderd vier-en-vyftig (1954) glicensieer is, word lugruimte teen vierhonderd-en-vyftig (450) kubieke voet en vloerruimte teen vyf-en-veertig (45) kubieke voet per dier vir 'n tydperk van vyf jaar van daardie datum veroorloof;

- (e) An impervious floor of cement, concrete, asphalt, vitrified brick or stone set in mortar, with joints grouted and flushed level with cement, such floor to be graded to a manure channel not less than eighteen inches (18") wide and from four (4) to six (6) inches deep, with rounded corners and with a fall in the floor of the channel of at least half an inch ( $\frac{1}{2}$ ") for each cow-stall.
- (f) For the reception and carrying off of the liquid manure of the cowshed a properly trapped gulley fixed outside the cowshed and connected to the public sewer, where such is available. Where such sewer is not available the liquid manure shall be carried off by a suitable drain or pipe to a close-covered cement-lined catchpit or cesspool situated outside the cowshed, the junction of the manure channel and the said drain or pipe being suitably protected to the satisfaction of the Health Officer.
- (g) In the case of dairies, dairy farms and cowsheds, when so required by the Health Officer, a room known as the milk room, to be used solely for the purpose of straining, bottling, canning, or keeping therein milk and clean milk vessels, shall be provided; such room shall be dustproof and adequately lighted and ventilated by means of a door and glazed window capable of being opened and rendered fly-proof by means of flyscreens fitted to the windows and all other openings and a self-closing fly-screened door, such screens and doors to consist of wire gauze not less than two hundred and fifty-six (256) meshes to the square inch. Such room shall further be provided with an impervious floor suitably graded towards an outlet.
- (h) In the case of dairies, suitable and sufficient accommodation outside the dwelling house and cowshed and stable for the washing and storing, when not in use, of all milk receptacles and dairy utensils.
- (i) In the case of dairies, dairy farms and cowsheds, a suitable apparatus for the sterilizing by steam or boiling water of all bottles, cans and other receptacles for milk and dairy utensils. Such apparatus shall not be used for any other purpose.
- (j) In all dairy farms and cowsheds within the municipal area, a suitable manure receptacle, which in the case of dairies, shall be at least fifty (50) feet from the dairy or milk room, constructed of or lined with impervious material, and provided with a close fitting flyproof cover. The same regulations shall apply to dairy farms outside the municipal area, unless the manure is removed from the cowshed once daily and immediately conveyed to a suitable site at least one hundred (100) yards from the dairy premises.
- (k) Suitable and sufficient housing, washing and sanitary accommodation for any person living or employed on the premises.

## 8. NUMBER OF COWS TO BE PAINTED ON COWSHED DOOR.

Every cowkeeper shall paint and maintain in legible figures not less than three (3) inches square on the door or on the outside wall of each cowshed close to the door thereof, the maximum numbers of cows permitted by his licence to be housed in such cowshed at any one time, and no person shall stable in any cowshed any bovine in excess of the number of cows specified in the licence.

## 9. DAIRY REQUIREMENTS.

Every dairy shall to the satisfaction of the Health Officer be sufficiently lighted and ventilated and provided with a sufficient supply of pure and wholesome water, an impervious floor, an impervious counter, and proper accommodation and arrangements for safeguarding the milk and milk products from contamination by flies, vermin, dust and other impurity.

- (c) 'n ondeurdringbare vloer van cement, beton, granolietiese beton, asfalt, verglaasde baksteen of kliip wat in messelklei goestig is en met cement saamgevoeg en gelyk gemaak is. Die vloer moet behoorlik gedegrade wees tot by 'n miskannal wat minstens agter (18) duim breed en tussen vier (4) en ses (6) duim diep is met ronde hoekie en moet 'n daling in die vloer van die kannal van minstens 'n halwe ( $\frac{1}{2}$ ) duim vir elke koeihok:
- (f) vir die opvang en afvoer van die vloeibare mis van die koeistal moet daar 'n behoorlik afgeslote rioolput buitekant die koeistal liggend word en met 'n moontlike beskikbare openbare riool verbond word. Want so 'n riool nie beskikbaar is nie, moet die vloeibare mis met 'n geskikte afvoerloot of pyp vervoer word na 'n stof-toegemakte vangpunt of sinkpunt wat met cement uitgevoer is, en wat buitekant die koeistal gelig moet wees. Die aansluiting tussen die miskanal en die genevende afvoerloot of pyp moet behoorlik ten gevolge van die Gesondheidsbeauftragte beskerm wees;
- (g) wanneer die Gesondheidsbeauftragte dit vereis, moet daar by 'n melkery, melkplaas of koeistal 'n kamertjie verskaf word wat 'n melkkamer het en wat uitsluitlik gebruik moet word om melk in deur te sny en in bottels en kannas te gooi en om in die skoon melkhouers in te bewaar. Die kamertjie moet stofbestand wees en toereikend verlig en belig word deur middel van 'n glasvenster wat kan oopgaan, en dit moet vliegdig gemaak word met vliegskerms aan die vensters en alle ander openings en 'n vliegdigde deur wat vanself toegaan. Die skerms en deure moet bestaan uit draadgaas met 'n maagrootte van minstens tweehonderd ses-en-vyftig (236) per vierkante duim. So 'n kamertjie moet voorts 'n vloer van ondeurdringbare materiaal hê, wat op geskikte wyse in die rigting van 'n uitgang gegrader is;
- (h) by melkerye, melkplaas en koeistalle geskikte apparatuur vir die sterilisering deer stoom of kookwater van alle bottels, kannas en ander melkhouers en melkery-gereedskap. Sadwige apparatuur mag vir geen ander doel gebruik word nie;
- (i) by melkerye, melkplaas en koeistalle geskikte apparatuur vir die sterilisering deer stoom of kookwater van alle bottels, kannas en ander melkhouers en melkery-gereedskap. Sadwige apparatuur mag vir geen ander doel gebruik word nie;
- (j) op alle melkplaas en in alle koeistalle binne die munisipale gebied 'n geskikte mishouer wat, in die geval van melkerye, minstens vyftig (50) voet vanaf die melkery of melkkamer geleë moet wees, wat van ondeurdringbare materiaal gemaak, of daarmee uitgevoer moet wees en 'n nousluitende vliegdiel deksel moet hê. Dieselfde regulasies geld melkplaas buiten die munisipale gebied, tensy die mis een keer per dag van die koeistal verwyder word om onmiddellik na 'n geskikte plek minstens eenhonderd treë van die melkerypersel geneem word;
- (k) geskikte en toereikende behuising en was- en sanitêre geriewe vir enige wat op die persel woon of werk.

## 8. VEROORLOOFDE GETAL KOEIE MOET OP KOEI-STALDEUR GEVERF WORD.

Elke koeihouer moet dio maksimum getal koeie wat hy ingevoer sy lisensie in sy koei-tal op een keer kan huisves, met leesbare syfers van minstens 3 vierkante duim grootte op die deur of buitenmuur van elk so 'n koeistal geskryf en dit leesbaar hou, en niemand mag meer beeste in 'n koeistal onder dae bring as die getal koeie wat in die lisensie genoem word nie.

## 9. VEREISTES VIR 'N MELKERY.

Elke melkery moet ten gevolge van die Gesondheidsbeauftragte toereikend verlig en belig wees, en voorseen wees van 'n genevande voorraad skoon, gesoade water, 'n ondeurdringbare vloer, 'n ondeurdringbare toonbaak en behoorlike ruimte en inrigtings vir die vrywaarde van melkhooflike produkte teen besetting deur vlieë, insekte of melkprodukte teen kontaminasie deur vlieë, insekte of ongediertes, stof en ander onsuilverhede.

## 10. NO COMMUNICATION WITH BEDROOM, STORAGE OF PARAFFIN, ETC.

No dairy shall communicate with any bedroom or closet or urinal, and no person shall use any dairy or milkroom for keeping, storing, purveying or selling paraffin or fish or other substance which, in the opinion of the Health Officer, would be injurious to the milk or milk products.

## 11. THOROUGH CLEANLINESS TO BE MAINTAINED.

Every licensee and every person who manages or carries on a dairy or cowshed shall, to the satisfaction of the Health Officer:

- (a) At all times maintain the whole of the premises licensed, or for which he holds a cowkeeper's permit, in a thorough state of cleanliness, and well ventilated, and cause the floor of any such dairy or cowshed to be thoroughly washed before ten (10) o'clock in the morning of each and every day; where milking takes place in a specially constructed milking shed other than the building in which the cows are housed, such shed and surroundings shall be kept in a thorough state of cleanliness, and all precautions shall be taken to prevent contamination of the milk by dust, flies or otherwise. No milking in the open air shall be allowed.
- (b) Cause the manure from any such cowshed to be removed at least once in every twenty-four (24) hours, and twice in every twenty-four (24) hours where cows are continually stabled, and in the case of a cowshed within the municipal area, place such manure in the receptacle provided for the purpose, and cause the contents of such receptacle to be removed from the dairy premises at least once every forty-eight (48) hours. No manure may be deposited within one hundred (100) yards of any dairy premises, except in the approved manure receptacles; no liquid manure shall be allowed to overflow or saturate the ground under or around the cowshed.
- (c) Cause the ceiling or inner surface of the roof, exposed roof timbers, and the inner surface of every wall of such dairy milkroom (except so much as may be painted or tured or covered with material such as to render lime-washing unsuitable and as may be otherwise properly cleaned) to be thoroughly cleaned down and then lime-washed (whited) at least twice in each year, viz.: In the months of January and July, and such other times as may be necessary. All ceilings, walls and ledges shall be swept down and kept free from dust, dirt and cobwebs.
- (d) Cause all vessels and utensils used in any such dairy or cowshed to be kept in good repair and thoroughly clean, and sterilized after each occasion of use; and stored in such a manner as to remain clean and free from any contamination until used.
- (e) Take all proper precautions for preventing the infection or contamination by dust, flies, dirt, vermin, effluvia, or otherwise of any milk or milk product produced or kept in such dairy or cowshed or milkroom.
- (f) Exercise personal supervision or supervision by deputy of all milking and bottling operations.

## 12. SLEEPING IN COWSHED, DAIRY OR MILKROOM.

(a) No licensee shall permit any stable or shed used by him for the keeping of cows or rooms for the keeping and storage of milk or milk products to be used as a sleeping apartment for any human being, or for any purpose incompatible with the proper preservation of the cleanliness of the building or of the milk vessels or utensils or milk products therein or in any manner likely to cause contamination of the milk products.

### (b) Keeping of Milk in Cowshed.

No licensee shall permit any milk or milk products to be stored or kept in any cowshed, stable or dwelling house. After milking all milk shall forthwith be removed to a dairy or milkroom. Bottles, vessels or containers in-

## 10. GEEN VERBINDING MET SLAAPKAMER, BEWAARPLEK VIR PARAFFIEN, ENS.

Geen melkery mag verbind wees met 'n slaapkamer of gemaak huis van urinaal nie, en niemand mag 'n melkery of melkkamer gebruik om paraffien of vis of ander artikels wat na die mening van die Gesondheidscampagne skadelik is vir melk of melkprodukte, in te hou, bewaar, verslaai of verkoop nie.

## 11. ALGEMELE SINDELIKHEID MOET GEHANDEHAARD WORD.

Elke licensiehouer en elkeen wat 'n melkery of koeistal bestuur of dryf moet ten genoeg van die Gesondheidscampagne:

- (a) die hele perseel wat gelisensieer is of waarvoor hy 'n koeihouerspermit besit, te alle tye deurgaans skoon en behoorlik behou, en die vloer van enige so 'n melkery of koeistal vir tienuur in die ooggend op elke en iedere dag behoorlik laat was; waar dit melkery in 'n spesial geboude melkstal wat afsonderlik is van die gebou waarin die koeie gehuisves word, plaasvind, moet so 'n melkstal en omliggende gebied deurgaans skoon gehou word, en moet daar alle voorsorg getref word om besmetting van die melk deur stof, vlieë of andersins te verhoed. Daar mag geensins in die buitelug gemelk word nie;
- (b) die mis van so 'n koeistal minstens een keer in elke vier-en-twintig (24) uur en waar die koeie aanneem in die stal staan, twee keer in elke vier-en-twintig (24) uur laat verwyder, en waar 'n koeistal binne die munisipale gebied geleë is, moet hy sodanige mis in die hour wat vir daardie doel yerskaf is, laat plaas en die inhoud daarvan minstens een keer elke agt-en-veertig (48) uur van sodanige melkery-perseel laat verwyder. Geen mis mag binne een honderd (100) treë van 'n melkery-perseel geplaas word nie, buiten in 'n goedgekoonde mishouer; geen vloeibare mis mag oorloop op die grond onder en rondom die koeistal of sodanige grond deurweek nie;
- (c) die plafon of binne-oppervlakte van die dak, ontlakte dakbalke, en die binne-oppervlakte van elke muur van so 'n melkery of melkkamer minstens twees kee per jaar, dit wil sê in die maande Januarie en Julie en op ander kere wanneer dit nodig blyk, behoorlik laat skoonmaak en aflat, uitgesondert die dele wat geviers of geteer is of bedek is met materiaal waarop afwitkalk ongeskik sou wees of wat andersins behoorlik skoongemaak kan word. Alle plafonne, mure en lyste moet afgeweef word en vry gehou word van stof, vulglood en spinnekraak;
- (d) alle honers en gereedskap wat in so 'n melkery of koeistal gebruik word, in goeie herstel en deeglik skoon laat hou, en hulle elke keer wat gebruik laat steriliseer, en hulle op so 'n wyse laat bewaar dat hulle skoon bly en teen besmetting bestand is totdat hulle weer gebruik word;
- (e) alle behoorlike voorsorg tref om alle melk of melkprodukte wat in so 'n melkery, koeistal of melkkamer geproduseer of gehou word, te vrywaar teen besmetting of besoedeling deur stof, vlieë, insekte of ongedierte, uittamping van andersins;
- (f) of persoonlik toesig hou of sorg dat 'n plansvervanger toesig hou oor alle melk- en bottelbedrywighede.

## 12. VERBOD OP SLAAPGEbruIK VAN KOEISTAL, MELKERY OF MELKKAMER.

(a) Geen licensiehouer mag toelaat dat 'n skuur of stal wat hy vir die aanhou van koeie gebruik, of 'n knapper wat hy vir die bewaring of hou van melk of melkprodukte gebruik, gebruik word as slaapvertrek deur 'n menslike wese nie, nog aangewend word vir enige ander doel wat onbestaanbaar is met die behoorlike handhawing van die sin delikhed van die gehou van die melkhoubes of gereedskap daarin, of die melkprodukte duurin of wat enigsins besmetting van die melkprodukte kan veroorsaak nie.

### (b) Bewaring van melk in koeistal.

Geen licensiehouer mag toelaat dat melk of melkprodukte in 'n koeistal, skuur of woonhuis bewaar of gehou word nie. Nadat daar gemelk is, moet al die melk onmiddellik na 'n melkery of melkkamer verwyder word.

tended for use in distributing or purveying the milk shall not be filled elsewhere than in an approved milkroom or dairy.

(c) *Only Bovines to be kept in Cowshed.*

No dairyman or purveyor of milk shall permit any building used by him for the keeping of cows to be used for the keeping therein of animals other than bovines, each bovine, as far as airspace is concerned, to count as a cow.

(d) *Cleanliness of dwellings of natives and coloured persons.*

No licensee shall permit any premises used by him for the housing or washing or sanitary accommodation of natives or coloured persons to be in a dirty condition.

(e) *No grooming or sweeping during milking.*

No licensee shall permit any grooming or sweeping or any feeding with dusty forage to take place in any cowshed where milking is in progress or within half an hour prior thereto.

(f) *No swine to be within three hundred (300) yards of cowshed or dairy.*

No dairyman or purveyor of milk shall keep any swine on the premises in respect of which he is licensed within three hundred (300) yards of such dairy or cowshed and when any swine are kept on the premises their styces must be maintained in a thoroughly clean and sanitary condition, and the drainage therefrom must be disposed of in such a manner as shall be approved by the Health Officer.

(g) No licensee shall turn loose or permit to graze or wander on any ground within the municipal area outside the limits of the premises occupied by him any cattle unless such cattle are under control, and except as provided for under the Town Lands Regulations.

### 13. GROOMING OF COWS.

Every dairyman, purveyor of milk, or cowkeeper shall ensure:—

- (a) That the cows kept by him are groomed daily and kept free from accumulation of manure, mud or other filth.
- (b) That the long hairs from flanks and udders of the cows are clipped and kept short.
- (c) That the udders and teats of the cows are washed clean and dried with clean cloth immediately prior to milking, and that the first stream from each teat be rejected.

### 14. PROVISION FOR WASHING HANDS.

1. Every dairyman or purveyor of milk shall provide and keep at all times at his dairy or at his cowshed or other premises where milk is produced or stored or kept, a receptacle for clean water, and also soap, a nailbrush, and towels for the purpose of cleansing the hands of every person handling or selling milk.

2. Every dairyman or purveyor of milk shall ensure that every person who milks a cow on his premises shall wash his hands with soap and clean water immediately before commencing to milk such cow, and shall wear a clean overall of washable material whilst so employed. Every person who milks a cow on licensed dairy premises shall wear an overall of light coloured washable material. The milker's hands shall be kept clean while milking and shall not come in contact with the milk. If a lubricant is used it must be of high grade vaseline and kept under aseptic conditions.

3. Every person who handles, conveys or distributes milk shall be clean in his person and clothing and shall wear a clean light coloured overall whilst so employed. Failure to comply with this requirement shall render such dairyman or purveyor of milk liable to a conviction. Every set of approved light coloured overalls for the use of every person employed or occupied on his premises, or on his behalf, in handling, conveying or conveying milk; he shall ensure that such overalls are worn by the persons so employed, and he shall further ensure that every person is clean as to his hands and clothing whilst so employed.

Bottels, houers of kanne wat bedoel is vir die aflewing of verskaffing van die melk mag slegs in 'n goedgekeurde melkkamer of melkery gevul word en nêrens anders nie.

(c) *Net beeste mag in die kocistal gehou word.*

Geen melkboer of melkverskaffer mag toelaat dat 'n gebou wat hy gebruik om koeie in aan te hou, gebruik word vir die aanhou van enige ander diersoort buite 'n bœste nie, en wat lugruimte betref tel elke bees as 'n koei.

(d) *Sindelikheid van woonhuise van naturelle en kleur-linge.*

Geen lisensiehouer mag toelaat dat 'n perseel wat hy vir die huisvesting van naturelle of kleurlinge gebruik of waarin hul was- of sanitaire geriewe is, vuil gelaat word nie.

(e) *Verbod op dierenversorging of vrye gedurende die melktyd.*

Geen lisensiehouer mag toelaat dat daar in 'n kocistal waarin melkery aan dio gaan is, of binne 'n halfuur voor dat daar genek word, diers versorg word, gevee word of stowwering voor aan diere gegooi word nie.

(f) *Verbod op die teenwoordigheid van varke binne driehonderd (300) treë van 'n kocistal of melkery.*

Geen melkboer of melkverskaffer mag varke binne driehonderd (300) treë van 'n melkery of kocistal op 'n perseel ten opsigte waarvan hy die lisensiehouer is, aanhou nie, en as daar varke op so 'n perseel aangehol word, moet hul hokke deeglik skoon en saniter gehou word, en moet die dreining daarvandaan ten genoeg van die Gesondheidscampagne ingerig word.

(g) Behoudens die bepalings van die Meentregulasies mag geen lisensiehouer beeste op grond binne die munisipale gebied maar buitekant die grense van sy perseel laat loop, of toelaat om te wei of te dwaal nie, tensy die beeste onder toesig staan.

### 13. DIE VERSORGING VAN KOEIE.

Elke melkboer, melkverskaffer of koelhouer moet sorg:—

- (a) dat die koeie wat hy aanhou, daagliks versorg word en vry gehou word van aangepakte mis, modder of ander vuileheid;
- (b) dat die lang hare aan die vyc en uiers van die koeie geknip en kort gehou word;
- (c) dat die miers en spene van die koeie onmiddellik voor die melkery skoon gewas en met 'n skoon doek afgedroog word, en dat die eerste melkstraal uit elke speen weggegooi word.

### 14. HANDEWASGERIEWE.

(1) Elke melkboer en melkverskaffer moet by sy melkery of kocistal of ander perseel waar melk geproduseer of bewaar of gehou word, te alle tye 'n houer vir skoon water, us ook seeu, 'n nailborser en handdoek verskaf en in stand hou, sodat elkeen wat melk hanter of verkoop, sy hande kan was.

(2) Elke melkboer of melkverskaffer moet sorg dat elkeen wat op sy perseel 'n koi melk, sy hande met seep en skoon water was, en dat hy 'n skoon oorjas van wasbare stof dra terwyl hy melk. Elkeen wat 'n koi op 'n lisensiegekoerde melkerypersel melk, moet 'n oorjas van liggekleurde wasbare stof dra. Die melker se hande moet skoon gehou word terwyl hy melk, en hulle mag nie in aanraking met die melk kom nie. As 'n sneeermiddel gebruik word, moet dit melk kom nie. As 'n sneeermiddel gebruik word, moet dit hoë-gradse vaselin wees wat kiemvry bewaar word.

(3) Elkeen wat melk hanter, vervoer of aflewer, moet liggekleurde sy person en klere wees en moet 'n skoon liggekleurde oorjas dra terwyl hy met sudafiese werk besig is. As so iemand versuim om hierdie vereiste na te kom, is hy skuldig aan 'n oortreding van hierdie regulasies. Elke melkboer of melkverskaffer moet minstens twee stelle liggekleurde, liggekleurde oorjasse verskaf vir die gebruik van elkeen wat op sy perseel werk of besig is, of namens hom optree by die hantering, verskaffing of vervoer van melk. Hy moet sorg dat die oorjasse gedra word deur diegene wat aldus werk verrig, en hy moet voorts sorg dat elkeen wat aldus skoon is wat sy hande en klere betref wan-neer hy aldus besig is.

### 15. INFORMATION TO BE GIVEN IF REQUIRED.

Any licensee or producer or purveyor of milk or milk products, or consignee of any such milk or milk products, or any servant or agent of such person who, when required by the officer authorised by the Council to give information as to the place or places in which was produced any milk or milk products, stored or purveyed, distributed, or intended to be distributed, offered for sale or sold, or in the course of delivery, withholds or refuses such information or knowingly gives false or misleading information, shall be guilty of a contravention of these regulations.

### 16. RIGHT OF ENTRY BY MEDICAL OFFICER FOR HEALTH OR CHIEF HEALTH INSPECTOR.

The Medical Officer of Health or Chief Health Inspector, the Municipal Veterinary Surgeon, or any other Veterinary Surgeon employed by the Council, may enter any premises licensed under these regulations, or any grazing ground where cows are grazed, for the purpose of inspecting the premises or the cows, milk, milk products, receptacles of milk, and utensils kept therein, and the provisions made for keeping the same in good, clean and sanitary condition and for the purpose of ascertaining whether the requirements of these regulations are being observed, and the officer or his duly authorised representative, being a medical practitioner or properly qualified person, may examine any person resident or employed in or about any such licensed premises for the purpose of ascertaining whether such person is suffering from any infectious or contagious disease.

### 17. RECORDS OF INSPECTION.

The Council may, from time to time, compile a comparative record of the inspections made by its officers of all or any dairies, cowsheds or milkrooms licensed by it, which record shall be compiled from information ascertained by such methods as the Council may from time to time decide upon; and the Council may from time to time publish such comparative record or such portions thereof as the Council may deem necessary for public information either by publication in any newspaper circulating within the municipal area or by affixing same to the notice board of the Council, or by such other means as the Council shall from time to time decide.

### 18. TUBERCULOSIS: SALE OF MILK.

No person shall knowingly sell or purvey any milk derived from a cow infected with tuberculosis, or suffer any such milk to be sold or purveyed within the municipal area, and anyone who contravenes this regulation shall be liable to a penalty not exceeding £50 (fifty pounds). Every licensee must have any cow which shows symptoms of wasting (unthriftness) forthwith examined by a qualified veterinary surgeon, and should there be any reason to suspect tuberculosis, also tested by the tuberculin test.

### 19. VETERINARY SURGEON.

The Municipal Veterinary Surgeon, or other veterinary surgeon, appointed by the Council, may inspect any milk cows owned or kept by any licensee, and the Council may, by written notice, which notice shall be delivered personally to or at the licensed premises of the owner or keeper of such cows, require such owner or keeper to assemble such cows upon his premises, under proper control, for the purpose of such veterinary inspection at a time to be specified in the said notice, which time shall not in any case less than twenty-four hours from the service of such notice. Any such owner or keeper, who by the wilful act or default of himself or his servant, fails to comply with such notice, or to render to the municipal or other veterinary surgeon all reasonable assistance, shall be guilty of a contravention of these regulations.

### 20. TUBERCULOSIS IN CATTLE.

- When there is reasonable ground for suspecting that tuberculosis exists on a dairy farm—
  - from the report of the municipal veterinary or other veterinary surgeon appointed or approved by the Council, as to the condition of any of the cows of such farm examined by him in accordance with Regulation No. 19, or

### 15. INLICTING MOET OP AANVRAAG VERSTREK WORD.

Elke lisensiehouer of produksent of verskaffer van melk of melkprodukte, en elke ontvanger van sodanige melk of melkprodukte, of 'n bediende of agent van so iemand, wat deur die amptenaar wat die Raad daaroor gemaatig het gevra word om inligting te verstrek oor die plek of plekke waarin melk of melkprodukte geproduseer, beware of verskaf word, afgelewer is of word vir aflievering bestem is, of besorg word, of tot verkoop aangebied word of verkoop word, en wat sodanige inligting weerhou of weet of iniet opset valse of misleidende inligting verstrek is, is skuldig aan 'n oortreding van hierdie regulasies.

### 16. REG VAN TOETREDE DEUR MEDIËSE GESONDHEIDSBEAMpte OF HOOFGESONDHEIDSINSPEKTeur.

Die Mediese Gesondheidsbeampte of die Hoofgesondheidsinspekteur of die Munisipale Vecarts of enige persel wat vecarts wat in die Raad so dien: is, kan enige persel wat ingevolge hierdie regulasies gelisensiéer is, of enige wêdingsgebied waar kooie wei, betree met die doel om die persel of die kooie, die melk, melkprodukte, melkhouers en melkgereedskap wat op daardie persel gehou word en die reënlings aldaar om hulle in goeie, skoon en sanitêre toestand te hou, te inspekteer en om vas te stel of die vereistes van hierdie regulasies nagekom word, en die beampte of sy behoorlike gemaatigde verteenwoordiger wat 'n genesheer of 'n behoorlik gekwalifiseerde persoon moet wees, kan enigiemand wat in of op of by so 'n gelisensiéerde persel woon of werk, ondersoek om vas te stel of so iemand aan 'n aansteeklike of besmetlike siektyd ly.

### 17. INSPEKSIE-AANTEKENINGE.

Die Raad kan van tyd tot tyd 'n vergelykende stel opstel van die inspeksies wat sy beamptes gedoen het by al die melkerye, kocistalle, melkkamers of enige daarvan wat hy gelisensiéer het, en die feite waarop so 'n staat berus, word vastgestel op 'n wyse wat die Raad van tyd tot tyd bepaal; en die Raad kan van tyd tot tyd sodanige vergelykende stel, of daardeo dle daarvan wat slegs inspeksie algemene inligting bekend gemaak moet word, publiseer, of by wyse van kennisgewing in 'n koerant wat in die munisipale gebied omloop, of by wyse van 'n bekendmaking op die Raad se kennisgewingsbord, of op sodanige ander wyse soos die Raad van tyd tot tyd verkiets.

### 18. TUBERKULOSE: DIE VERKOOP VAN MELK.

Nicinand mag binne die munisipale gebied opsetlike melkverkoop of verskaf wat kom v.a. 'n kooi wat met tuberkulose besmet is nie, of toelaat dat sodanige melk verkoop of verskaf word nie, en elkeen wat hierdie regulasie oortreed is strafbaar met 'n boete van hoogste vyftig pond (£50). Elke lisensiehouer moet elke kooi wat teken van uitsterftoot, onverwyd deur 'n gekwalifiseerde vecarts laat ondersoek, en as daar die geringste teken van tuberkuloso is moet die kooi ook 'n tuberkulointoets ondergaan.

### 19. VEEARTS.

Die munisipale vecarts of 'n ander veearts wat die Raad aanstaan, kan enige melkkoeie wat 'n lisensiehouer van hou of besit, ondersoek, en die Raad kan by skrifstelike kennisgewing, wat aan die eienaar of houer van sodanige koeie persoonlik of by sy persel afgelewer moet word, so 'n eienaar of houer gelas om die kooie op sy persel onder behoorlike beheer byeen te jaag met die oog op voorbereiding vir die bestelling van so 'n kennisgewing moet wees. Elk so 'n eienaar of houer wat weens sy eie of sy bedienende moedswil of uitdagheid so 'n kennisgewing verontstaan, en die munisipale of ander vecarts enigsaam redelike hulp ontskou, is skuldig aan 'n oortreding van hierdie regulasies.

### 20. TUBERKULOSE BY BEESTE.

- Wanneer daar niet rede vermoed word dat daar tuberkulose op 'n melkkoeie voorkom—
  - op grond van die verslag van dio munisipale of ander vecarts wat die Raad aangestell of goedgekeur het, oor die kondisie van 'n kooi op so 'n plek, wat hy ingevolge regulasie 19 ondersoek het; of

- (b) from the report of the Medical Officer of Health or of a qualified veterinary surgeon as to the post mortem appearance of any bovine or swine belonging to such farm, or  
 (c) from the report of a qualified bacteriologist as to the presence of the *bacillus tuberculosis* in any sample of cow's milk,  
 the Public Health Committee of the Council shall immediately notify the State Veterinarian.

2. In the event of the discovery of the presence of the *bacillus tuberculosis* in any sample of milk by a qualified bacteriologist the Public Health Committee may, by notice under the hand of the Medical Officer of Health or Chief Health Inspector, prohibit the sale or distribution of the milk from the affected dairy farm until such time as the sources of infection have been discovered and removed.

3. Any person who, after service of notice as aforesaid from the Public Health Committee, shall sell or distribute, or use milk in contravention of such notice, shall be liable on conviction to a penalty not exceeding fifty pounds (£50) and in addition to a penalty of five pounds (£5) per day for every day on which such sale or distribution or use shall continue.

#### 21. SICKNESS OF EMPLOYEES.

1. Every licensee shall by inquiry keep himself informed of any sickness occurring amongst his employees or in any house in which his employees reside, and he shall keep a sickness register which shall specify:—

- Name of employee.
- Date of reporting sick.
- Date when employee ceased work on account of such sickness.
- Date on which he resumed duty.
- Name of Doctor, if any.
- Nature of illness.

Such register shall at all times be available for inspection by the Health Officer or any person duly authorised by him.

Every Licensee shall be under obligation to have any employee who complains of illness, or presents symptoms of illness, medically examined without delay; and he shall prevent any such employee from coming in contact in any way with milk or milk utensils until he has been medically certified free from any infectious disease.

#### 2. No Licensee shall:—

- Knowingly allow any person suffering from any contagious or infectious disease, or who is living in a house where there is a case of contagious or infectious disease, or who has recently been in contact with a person so suffering, to milk cows or in any way to take part in the production or distribution or storage of milk or milk products; or
- If he himself is so suffering or living in an infected house, milk cows or in any way to take part in the production or distribution or storage of milk or milk products; or
- Allow any person to milk a cow or to take part in the handling, storage, or distribution of milk or milk products, if by competent bacteriological or other examination he has been proved to be a carrier of any of the following diseases, or of any other disease which may at any time be specified by the Council:

Enteric or typhoid fever, including paratyphoid A and paratyphoid B; dysentery, epidemic diarrhoea or enteritis; diphtheria; scarlet fever, or septic sore throat.

The licensee shall be guilty of an offence under this regulation if it is proved that he knew, or by the exercise of ordinary care or knowledge could have ascertained, that such person was so suffering or had been in contact with a person so suffering, or had been living in an infected house, or was a carrier of any of the above specified disease. The prohibition imposed in paragraphs (a), (b) and (c) above shall apply until, in each case, all danger of the communication of infection to the milk or milk products or their contamination has, in the opinion of the Medical Officer of Health, ceased.

- (b) op grond van die Mediese Gesondheidsbeampte of 'n gekwalifiseerde veearts se verslag oor die nadooise voorkoms van 'n bees of vark wat aan so 'n plase behoort; of  
 (c) op grond van 'n gekwalifiseerde bakterioloog se verslag oor die teenwoordigheid van die *Bacillus tuberculosis* in 'n monster van koeimelk, moet die Raad se Komitee vir Openbare Gesondheid die Staatsveerts onmiddellik daarvan verwittig.

(2) As 'n gekwalifiseerde bakterioloog die *Bacillus tuberculosis* in 'n melkmonster ontdek, kan die Komitee vir Openbare Gesondheid by kennisgewing oord hand van die Mediese Gesondheidsbeampte of die Hoofgesondheidsinspekteur die verkoop of levering van die melk van dié besmette melkplas verbied tot tyd en wyl die bron van besmetting opgespoor en verwyder is.

(3) Elkeen wat na bestelling van kennisgewing soos vooraf van die Komitee vir Openbare Gesondheid melk in verontgaansing van so 'n kennisgewing verkoop of lever van gebruik, is by skuldgebevinding strafbaar met 'n boete van honderd vyf pond (£50), en bowendien met 'n boete van vyf pond (£5) per dag vir elke dag waarop sodanige verkoop of levering van gebruik voortduur.

#### 21. SIEKTE BY WERKNEMERS.

(1) Elke licensiehouer moet deur middel van navraag op hoogs bly van siektes onder sy werkneemers of in die huise waarin sy werkneemers woon, en hy moet 'n siektereisterhouer wat aandui—

- die werkneemer se naam;
- die datum waarop sy siekte aangemeld is;
- die datum waarop die werkneemer weer siekte opgehou het met werk;
- die datum waarop hy diens hervat het;
- die geselsheer se naam as 'n geselsheer geraadpleeg is;
- die aard van die siekte.

So 'n register moet altyd toeganklik gehou word vir inspeksie deur die Gesondheidsbeampte of iemand wat hy behoorlik daartoe genugagt het.

Die dat van elke licensiehouer se plig om 'n werkneemer wat klal dat hy siek is, of wat sieklikseens toon, sonder verzuim geneeskundig te laat ondersoek, en hy moet verhoed dat so 'n werkneemer enigeens in aanvalking kon met melk of melkgeredskap totaal daar geneeskundig getuig word dat hy vry is van 'n aansteeklike lewensvaar.

#### (2) Geen licensiehouer mag—

- opsetlik toelaat dat iemand wat nie 'n aansteeklike siekte ly, of iemand wat in 'n huis woon waar daar 'n gevial van ansteeklike of besmetlike siekte voorkom, of iemand wat onlangs in aanvalking was met so 'n lyer, koeie melk of enigens deelneem aan die produksie of levering of bewaring van melk of melkprodukte nie; nie
- waar hy self aan 'n aansteeklike of besmetlike siekte ly of in 'n besmette huis woon, koeie melk of enigens deelneem aan die produksie of levering of bewaring van melk of melkprodukte nie; nie
- enigennaaid toelaat om 'n koei te melk of deel te neem aan die hantering, bewaring of levering van melk of melkprodukte nie, as daar deur middel van 'n doelmatige bakteriologiese of ander ondersoek bewys is dat hy 'n draer is van een van die volgende siektes, of van een van ander siektes wat die hand te eniger tyd kan noem—

ingewande- of tifuskoers, insluitende parasitus A en parasitus B; disenterie, epidemiese diaree of dermatontsteking; disterie, skarlakenkoers of septiese sekerheid.

As daar bewys word dat hy geweet het, of deur die bewyse van gewone soog of kennis kon vastgestel het dat so iemand nie so 'n siekte ly, of dat hy in aanvalking was met iemand wat nie 'n siekte ly, of in 'n besmette huis gewoon het, of 'n draer van enigeens van die boegtegnende siektes is, by die skuffel aangewende oordringing van hierdie bronnes van besmetting van die melk oordringing uit hierdie bronnes van besmetting na die mening van die Gesondheidsbeampte verby is.

## 22. OUTBREAK OF DISEASE TO BE NOTIFIED.

Every Licensee shall inform the Medical Officer of Health or Chief Health Inspector without delay of the occurrence of any infectious or contagious disease among any persons residing or employed on his licensed premises, or among any cattle kept therein, and shall comply with all requirements of the said officer for disinfecting the premises and preventing the spread of such disease. In particular he shall not mix milk of a diseased cow with any other milk, and shall not sell or purvey or distribute it or attempt to do so, except with the consent of the Medical Officer of Health, under a penalty not exceeding twenty pounds (£20).

## 23. OUTBREAK OF SICKNESS ATTRIBUTABLE TO MILK.

Whenever a Health Officer shall be of opinion that the outbreak or spread of sickness or disease within the municipal area is attributable to milk sold or produced or purveyed or distributed by any licensee, such licensee shall, on request being made to him by the Health Officer, exhibit for inspection all invoices, accounts, books and other documents relating to the supply of such milk, and shall furnish forthwith to the Health Officer:—

- (a) A full and complete list of the names and addresses of the customers or persons supplied with milk by such licensee, and
- (b) a full and complete list of the names and addresses of the farmers, cowkeepers or other parties from whom, during a period to be specified by such Health Officer, the milk or any part of the milk sold or distributed by such licensee, was obtained.

Any licensee who shall fail to comply with the provisions hereof shall be deemed to have contravened this regulation and shall be liable to a penalty not exceeding fifty pounds (£50).

## 24. POWER TO FORBID SALE OR USE OF MILK IN CERTAIN INSTANCES.

It shall appear to the Health Officer that any person within the municipal area is suffering from any sickness attributable to milk supplied to such person, or that the milk from any dairy, dairy farm, or other place is likely to cause sickness or disease to any person residing in the municipal area, the Health Officer may visit such dairy, dairy farm or place and may examine the premises and every person engaged or employed thereon, or resident upon the premises where any person employed in such dairy, dairy farm or place may reside, and he or an approved veterinary surgeon may examine all animals therein. The Health Officer shall have the power to order that milk from such dairy, dairy farm, or place shall not be sold or supplied to any person until such order shall have been withdrawn in writing, and any dairyman or other person who shall sell or supply until after receiving an order as aforesaid, or before such order has been withdrawn, shall in respect of every such sale or supply be deemed to have contravened this regulation and shall be liable to a penalty not exceeding fifty pounds (£50).

## 25. MILK OF DISEASED COW.

No person shall knowingly introduce into the municipal area or distribute or purvey or sell or mix with other milk, the milk of a diseased cow, or use such milk for human food or for food of any animal, or shall fail to destroy such milk immediately.

## 26. RECEPTACLES TO BE OF APPROVED PATTERN.

No Licensee shall use, or cause to be used, for the receiving of milk from the cow during the process of milking, any pail or bucket or receptacle which is not of material or pattern approved by the Health Officer, and no person shall sell or offer or expose for sale or have in his possession for the purpose of sale or delivery or distribution any milk in a bottle or can or churn or other receptacle which is not of a material and pattern similarly approved, and no person shall use in connection with any receptacle for milk any stopper or lid or top which is not of material or pattern similarly approved.

## 22. UITBREEK VAN SIEKTE MOET AANGEMEELD WORD.

Elke lisensiehouer moet die voorkoms van 'n aansteekende siekter woon of werk, of ander die besoek wat hy aanhou, onmiddellik by die Mediese Gesondheidsoopvoerder aangelewer. Die gesondheidsoopvoerder moet al die opdragte van die bedoelde beample ten opsigte van die ontsmetting van dié perseel en die beperking van die siekte naom. Veral mag hy nie die m-lik van 'n sekoci met ander melk vermeng nie, nog mag hy dit verkope versaf of lewer nie, nog pogings daaroor aanwend nie buiten met die toestemming van die Mediese Gesondheidsoopvoerder. Elkeen wat hierdie regulasie verontgaan is strafbaar met 'n boete van hoogstens twintig pond (£20).

## 23. UITBREEK VAN SIEKTE WAT AAN MELK GEWYTT KAN WORD.

Telkens wanneer die Gesondheidsoopvoerder meer dat die uitbreuk of verspreiding van siekte binne die munisipale gebied gewy kan word aan melk wat deur 'n lisensiehouer verkoopt, geproduceer, versaf of gelewer is, moet so 'n lisensiehouer op versoek van die Gesondheidsoopvoerder alle fakture, rekeninge, boeke en ander stukko in verband met die verskaffing van sodanige melk ter inspeksie voorbaan, en moet hy die onderstaande inligting onmiddellik aan die Gesondheidsoopvoerder verstrek:—

- (a) 'n voltallige en volledige lys van die name en adres van die klante of persone aan wie die lisensiehouer melk versaf het; en
- (b) 'n voltallige en volledige lys van die name en adres van boere, koeihouers en ander persone wat vir hy oor 'n tydperk wat die Gesondheidsoopvoerder noem, die melk of deel daarvan wat hy verkoopt of gelewer het, ontvang het.

Elke lisensiehouer wat dié bepalings hiervan verontgaan is regtens skuldig aan 'n oortreding van hierdie regulasie, en is strafbaar met 'n boete van hoogstens vyf pond (£50).

## 24. BEVOEGDHED OM IN BEPAALDE GEVALLE DIE VERKOOP OF GEBRUIK VAN MELK TE VERBIED.

As daar vir die Gesondheidsoopvoerder blyk dat iemand binne dié munisipale gebied aan 'n siekte ly wat gewy kan word aan melk wat aan so iemand versaf is, of dat inek van 'n melkery, melkplaas of ander plek waarskynlik siekte van 'n kwal kan veroorsaak by iemand wat binne die munisipale gebied woon, kan die Gesondheidsoopvoerder so 'n melkery, melkplaas of plek besoek, en die persel en elkeen wat daarop werk, en elkeen wat woon op dieselfde perseel as 'n werknemer in of op so 'n melkery, melkplaas of plek, ondersoek, en hy of 'n goedgekuurde veearst kan die diere daarin daarop ondersoek. Die Gesondheidsoopvoerder het die bevoegdhed om te gelas dat melk van so 'n melkery, melkplaas of ander plek aan niemand verkoopt of versaf mag word nie, totdat so 'n lasgewing skriftelik ingetrek is, en elke melkboer of ander persoon wat melk verkoopt of versaf nadat hy 'n lasgewing soos voormeld ontvang het, of voordat so 'n lasgewing ingetrek is, is regtens skuldig aan 'n oortreding van hierdie regulasie, en is strafbaar met 'n boete van hoogstens vyf pond (£50).

## 25. MELK VAN 'N SIEK KOEI.

Niemend mag nie opset die melk van 'n sick koei in die munisipale gebied invoer, lewer, versaf, verkoopt of met ander inek vermeng nie, nog sodanige melk vir mens of diervoedsel gebruik nie, noch die onmiddellike vertoning daarvan nataat nie.

## 26. HOUERS MOET 'N GOEDGEKEURDE FATOSEN HE.

Geen lisensiehouer mag 'n emmer of ander houer gebruik of laat gebruik om by die melkery melk in te ontvango nie, tensy dit van 'n materiaal of fatoen is wat die Gesondheidsoopvoerder goedgekeur het, en niemand mag melk verkoopt of ter verkoop aanbied of uitslaaf, of in so 'n fatoen besit hê met die doel om dit te verkoop of te versaf of te lever nie, tensy dit in 'n bottel of kan of karring is wat ander houer is wat van 'n materiaal of fatoen is wat desgelyks goedgekeur is, en niemand mag by so 'n goedgekeurde melkhouer 'n prop of deksel of dop gebruik nie, tensy dit van 'n materiaal en fatoen is wat desgelyks goed-

No pails, cans or receptacles shall be used in an unfit condition by reason of being worn out or rusted, or in such condition that they cannot be rendered clean and sterile. Paper stoppers or bottle coverings shall not be used other than once.

### 27. CLEANSING OF RECEPTACLES.

No person shall distribute or purvey or sell milk in any bottle, can or receptacle which has not been thoroughly cleansed before each time of use or refilling.

### 28. VEHICLES OR CARRIERS: NAME AND ADDRESS TO BE INSCRIBED THEREON.

Every person who himself or by his servant purveys or distributes milk or cream from a vehicle or other carrier shall have conspicuously inscribed on such vehicle or other carrier his name and address, and he shall further cause such vehicle or other carrier to be kept in a thoroughly clean condition and shall not permit it to be used for any purpose which may lead to contamination or infection of the milk or cream carried therein. He shall further not transfer or allow to be transferred milk from one container or receptacle to another on the street or elsewhere outside licensed dairy premises. All cans and bottles must be filled and sealed only in the dairy with the amounts required by each consumer. Every wicker milk delivery basket or other form of bottle carrier used as a cycle receptacle for conveying or distributing milk or cream, shall be properly constructed, secured and maintained in a thoroughly clean condition and proper state of repair, and shall be provided with clean canvas cover or other approved lid or top, which shall be properly secured while conveying empty bottles or bottles containing milk or cream.

### 29. MILK IN BAG SLUNG AROUND SHOULDER.

No dairyman or purveyor of milk personally or by his servant shall convey milk in tins or bottles; in a bag or basket slung round or hanging on his body, or in any manner as to render such milk liable to contamination.

### 30. SEPARATED OR SKIMMED MILK, ETC.

No licensee shall sell or expose for sale any or purvey or distribute or offer for sale any separated milk, skimmed milk, condensed milk, dried milk, frozen milk, or skin-milk cheese except in or from a receptacle or package bearing in large and legible type visible to the purchaser the words: "Condensed Milk"; "Separated Milk"; "Powdered Milk"; "Frozen Milk"; "Skimmilk Cheese", as the case may be.

### 31. PASTEURIZED MILK.

There shall be printed on the label attached to every package containing pasteurized milk the words "Pasteurized Milk" in bold sans-serif capital letters of not less than twelve points face measurement.

Milk which is to be pasteurized or sterilised before it is sold, purveyed, exposed or kept for sale or distributed shall at any stage before any such process is applied, comply with the requirements of these regulations in regard to quality and purity, as set forth in Regulation 1 of these regulations under definition "x".

### 32. HAWKING OF MILK, ETC.

The hawking of milk or milk products other than ice cream shall not be permitted within the municipal area and any person so doing shall be guilty of an offence.

### 33. PURCHASING OF SAMPLES OF MILK FOR ANALYSIS.

1. The Health Officer or any dairy or health inspector or any duly authorised agent of such official may demand on tender of payment from any licensee, or any servant of such person, a sample or samples of any milk or milk products or articles purporting to be such which are stored, purveyed, distributed, or exposed for sale or in the process of delivery or intended for distribution by

gekeur is. Geen enmers, kannie of houers wat ongeskik is omdat hulle verslyt of verroos is, of in so 'n toestand is dat hulle nie skoon en steriel gemaak kan word nie, mag gebruik word nie. Papierproppie of -bottel deppie mag net een keer gebruik word.

### 27. DIE SKOONMAAK VAN HOUERS.

Niemand mag melk lever of verskaaf of verkoop nie, tensy dit in 'n bottel, kan of honer is wat die keur voordat dit gebruik of hervul word, deeglik skoongemaak is.

### 28. MELKVOERTUJE OF -DRAERS: NAAM EN ADRES MOET DAAROP STAAN.

Elkeen wat self of deur middel van sy bedienende melk of room verskaaf of lever uit 'n voertuig of ander draer moet sy naam en adres op so 'n voertuig of onder draer duidelik leesbaar laat aanbring, en hy moet voorts sorg dat die voertuig of draer deeglik skoon gehou word, en hy mag nie toelaat dat dit vir enige doel gebruik word waardoor die melk of room wat daarin vervoer word, besmet of besoedel kan raak nie. Voorts mag hy nie melk in die straat of elders buitekant gelicenseerde melkkeryers se van een kan of honer in 'n ander oopplaas of sodanige oorplasing toelaat nie. Alle kannies en bottels mag net in die melkkery gevul en verslaai word met die hoeveelheid wat elke klant vereis. Elke melkafsluitingsmandjie van die gevlegte matjiesgoed of ander soort botteldraer wat gebruik word as 'n honer op 'n fiets vir die vervoer of levering van melk of room, moet behoorlik gemaak en vasgemaak wees, en deeglik skoon en heel geshou word, en moet ingerig word met 'n skoon seildoekje dekkeling of ander goedgekuurde deksel of dop wat behoulik vasgemaak moet wees wanneer leë bottels of bottels met melk of room vervoer word.

### 29. MELK IN SAK WAT OOR SKOUER HANG.

Geen melkboer of melkverskaffer mag self of deur middel van sy bedienende m. & c. in blikke of bottels in 'n sak of mandjie wat om of aan die liggaam hang, vervoer nie, nog op enige ander wyse vervoer, waardoor sodanige melk onderhavig is of aan besmetting nie.

### 30. AFGEROOOMDE OF AFSKEIERMIELK. ENS.

Geen lisensiehouer mag afskeierm. &c. afgeroomde melk, gekondenseerde melk, gedroogde melk, bevroe melk of kaas wat van afgeroomde melk gewaank is, verkoop of ter verkoop uitstaal, verskaaf of lever, of ter verkoop aanbied nie, tensy dit in 'n honer of verpakking is wat niet groot en leesbare drukletters wat vir die koper sigbaar is, die woorde „gekondenseerde melk“, „afskieermelk“, „gepoicerde melk“, „bevroe melk“, „kaas van afgeroomde melk“, na gelang, dra.

### 31. GEPASTEURISEERDE MELK.

Aan elke verpakking wat gepasteuriseerde melk bevat, moet daar 'n etiket wees waarop die woorde „gepasteuriseerde melk“ met vet antieke hoofletters van minstens twaalf punte slakafmeting gedruk is.

Melk wat gepasteuriseer of gesteriliseer moet word voordat dit verkoop, verskaaf, ter verkoop uitgestal word, moet te eniger tyd voordat enigsoort proses toegespas word, voldoen aan die vereistes van hierdie regulasies in verband met gehalte en suikerheid, soos uiteengesit bywoordbepaling (x) in regulasie 1 van hierdie regulasies.

### 32. DIE SMOUSERY VAN MELK, ENS.

Die smousery van melk of melkprodukte buiten roomys bloue die munisipale gebied word verbied, en elkeen wat hierdie regulasies verontgaan, is skuldig aan 'n oordertreding.

### 33. DIE AANKOOP VAN MELKMONSTERS VIR ONTELDING.

(1) Die Gesondheidscampsie of 'n melkkery- of gesondheidsinpekteur of 'n behoorlik genagtige agent van so 'n beampie kan by aanbod van betuiging van 'n lisensiehouer, of 'n bedienende van so iemand, 'n monster of mousters van enige melk of melkprodukte of artikels wat nie geskei is van enige melk of melkprodukte is, wat bewaar, verskaaf, bewerking melk of melkprodukte is, wat wat by of wat hy of

him or his servant, and any such licensee, or servant who omits or refuses to supply such sample on demand as aforesaid shall be guilty of a contravention of this regulation.

2. The Health Officer or any dairy or health inspector or any duly authorised agent of such official may demand on tender of payment from any consignee or purchaser of any milk or milk products produced outside the municipal area and delivered, or in course of delivery, within the municipal area, whether by rail or otherwise, any samples of any milk or milk products or articles purporting to be such, and any such consignee or purchaser who shall omit or refuse to supply such sample on demand as aforesaid shall be guilty of a contravention of this regulation.

In case any deficiency or any failure to comply with the conditions or standards prescribed in these regulations shall be found in any such sample, the consignor of the articles shall be held responsible unless such deficiency or failure shall have been caused by the consignee or purchaser.

### 34. QUALITY OF MILK OR MILK PRODUCTS.

(a) No milk products shall be sold, purveyed, exposed, kept for sale or distributed, which are not genuine, pure and wholesome or which are injurious to health. All milk or milk products sold or exposed or kept or offered for sale, purveyed, distributed or stored for distribution within the municipal area shall be of the quality and standard and comply with the definitions as set forth in regulation one hereof, and shall have been produced and bottled or canned or exposed for sale or kept or distributed in accordance with these regulations, and if not in accordance with such definitions, or not of such standard, or not so produced, bottled, canned, exposed for sale, kept or distributed, shall be regarded as adulterated and injurious to health, and the sale or attempted sale or exposure for sale or purveying or distribution thereof shall constitute a breach of these regulations.

(b) The standard minimum of the normal constituents of any milk products and the proportion of extraneous matter or water in any sample of milk product is set forth in regulation one of these regulations containing the definition of such milk product, and any sale or exposure for sale or purveying of any milk product which is not in accordance with these regulations shall constitute a breach of these regulations.

(c) It shall be lawful for the Health Officer or his duly authorised representative to seize and destroy all milk and milk products which are injurious to health.

(d) The fact that any milk or milk products which on analysis by the official analyst is found to fall below such quality or standard minimum of normal constituents, shall raise the presumption, until the contrary is proved, that such milk or milk product is not genuine and is injurious to health, and the sale or purveying or distribution or exposure for sale or supply thereof shall constitute a contravention of these regulations.

(e) No person shall store or expose for sale or sell or distribute or purvey milk or milk products which contain dirt visible to the normal eye, or which becomes obvious by straining through a cottonwool pad or sieve.

(f) Any person found guilty of contravening this regulation shall be liable on conviction to a fine not exceeding fifty pounds (£50).

### 35. PRESERVATIVES.

(a) The use of preservatives in milk or milk products shall constitute a breach of these regulations.

(b) No preservatives, other than salt, shall be used in butter or cream or other milk product offered for sale or sold.

### 36. CREAM.

No cream shall be sold or offered for sale which has been thickened artificially by the addition of gelatine, rennet or other substance.

bedienende aan die aflewerer is of voornemens is om te lever en so 'n lisensiehouer of bedienende wat uitaan of weier om so 'n monster op aanvraag soos voorbeeld te verskaf, is skuldig aan 'n oortreding van hierdie regulasie.

(2) Die Gesondheidsbeampte of 'n melkery- of gesondheidsinspekteur of 'n behoorlik gemagtigde agent van 'n beampte kan by aanbod van betuiting van 'n ontvang pale gebied geproduscer is en binne die munisipale gebied of aflewerer word, hetsover spoor of andersoorts monsters eis van enige melk of melkprodukte of artikel van dien bewering is, en elke ontvanger of koper wat uitaan of weier om so 'n monster by aanvraag soos voorbeeld te verskaf, is skuldig aan 'n oortreding van hierdie regulasie.

As 'n tekortkoming aan, of verontagsaming van die voorwaardes of standarde wat in hierdie regulasies voorgeskryf word, ten opsigte van so 'n monster aangegetel word, word die afsender van die artikels aanspreklik gesamentlyk so 'n tekortkoming of verontagsaming deur die ontvanger of koper veroorsaak is.

### 34. GEHALTE VAN MELK OF MELKPRODUKTE.

(a) Geen melkprodukte wat nie eg, suiver en voedsel is nie, of wat skadelik vir die gesondheid is, mag verkoopt of verskaf, ter verkoop uitgestal of gehou, of gelewer word nie. Alle melk of melkprodukte wat binne die munisipale gebied verkoop of ter verkoop uitgestal of gehou of aangebied, of verskaf, gelewer, of ter aflewering bewaar word moet voldoen aan die gehalte, standaard en vereistes wat die woordbepaling by regulasie 1 voorskryf, en moet geproduscer, gebottel of gekan, of ter verkoop uitgestal of gehou word ooreenkomsdig hierdie regulasies, en die melkprodukte nie voldoen aan die vereistes wat die woordbepalings stel nie, of nie van sodanige standaard is nie, of nie sodanig geproduscer, gebottel, gekan, ter verkoop uitgestal, gehou of gelewer is nie, word dit beskou as vals en skadelik vir die gesondheid, en is dit verkoop of gepoogde verkoop of uitstalling, ter verkoop, of die verskaffing of levering daarvan 'n oortreding van hierdie regulasies.

(b) Die standaard-minimum aan normale bestanddele van in melkproduk en die verhouding van vreemde stowwe of water in 'n monster van 'n melkproduk word uiteengestel in die woordbepaling van sodanige melkproduk in regulasie 1, en die verkoop of uitstalling ter verkoop, of die verskaffing van 'n melkproduk wat nie ooreenkomsdig hierdie regulasies is nie, is 'n oortreding van hierdie regulasies.

(c) Die Gesondheidsbeampte of sy behoorlik gemagtigde verteenwoordiger kan alle melk en melkprodukte wat skadelik is vir die gesondheid in beslag neem en vernielig.

(d) As melk of melkprodukte deur die amptelike analis ontleed word, en daar bevind word dat hulle onder die standaard-minimum is wat normale bestanddele betref, word daar, totdat die tecnoorgestelde bewys word, vernietig dat sodanige melk of melkprodukte oneg en skadelik vir die gesondheid is, en is die verkoop, verskaffing of levering van die uitstalling ter verkoop, of die verskaffing van sodanige melk of melkprodukte 'n oortreding van hierdie regulasies.

(e) Niemand mag melk of melkprodukte ter verkoop bewaar of uitstaal, of verkoop of lever of verskaf nie, wat vuilheid bevat wat ds mel die blote oog sigbaar is, of wat sigbaar word wanneer dit deur 'n wattokussinkie of skyl gesig word.

(f) Elkeen wat skuldig gevind word aan oortreding van hierdie regulasie is, by skuldigheidsvinding, strafbaar met 'n boete van hoogstens vyftig pond (£50).

### 35. BEDERFWEERMIDDELS.

(a) Die gebruik van bederfweermiddels in melk of melkprodukte is 'n oortreding van hierdie regulasies.

(b) Geen bederfweermiddel buiten sout mag in botter of room of ander melkprodukte wat verkoop of ter verkoop aangebied word, gebruik word nie.

### 36. ROOM.

Geen room wat deur die byvoeging van gelede, stroensel of enige ander stof knusmudit verdik is, mag in verkoop of ter verkoop aangebied word nie.

### 37. COUNCIL MAY CANCEL OR SUSPEND LICENCE UNDER CERTAIN CONDITIONS.

(a) If at any time during the currency of a licence issued under these regulations, the sanitary conditions of the premises in respect of which it has been issued shall be found to be such as are likely to render the milk liable to contamination or infection in such a way as to be dangerous to the health of the consumers, or in the opinion of the Health Officer, the Licensee is not carrying out the provisions of any of these regulations, the Council may forthwith suspend or cancel the licence and refuse to reissue the same, or to issue another until the premises shall have been cleared or placed in good sanitary condition, or such regulations have been complied with.

(b) The Council may in like manner cancel or suspend the licence if the milk is purveyed or delivered or distributed or conveyed from such premises in or into the municipal area under conditions which render the milk liable to contamination or infection, and may refuse to reissue the licence or to issue another licence until such conditions have been rectified.

(c) The Council may cancel or suspend the licence if the licensee or proprietor of the premises licensed refuses to allow the duly authorised officials of the Council to make an inspection of the premises during the currency of the licence, in accordance with the provisions of these regulations.

### 38. PENALTIES.

(a) Every licensee or permit holder keeping a cow or cows or selling or purveying or distributing milk or milk products shall be responsible for the due observance of these regulations in respect of the premises for which he is licensed and in respect of the cows kept by him or the milk or milk products sold or offered or kept or purveyed or distributed by him, and shall be liable to the several penalties prescribed for a contravention thereof.

(b) Any person wilfully obstructing the duly authorised official of the Council in the performance of his duties under these regulations shall be guilty of an offence and shall be liable on conviction to the penalties prescribed therein.

(c) On the conviction of any person licensed under these regulations for a contravention thereof the court may, on application of the Council, cancel or suspend his licence and order that no licence shall be reissued or new licence shall be granted under these regulations to such person for a period not exceeding two years from the date of such cancellation or suspension, and thereupon such person shall become disqualified to hold a licence during such period of cancellation or suspension.

(d) Any person found guilty of contravening these regulations shall, where no penalty is expressly prescribed be liable to a fine not exceeding twenty pounds (£20), and in default of payment to imprisonment with or without hard labour for a period not exceeding one month.

## CHAPTER II.

### PASTEURIZATION OF MILK.

#### GRADES OF MILK AND MILK PRODUCTS WHICH MAY BE SOLD OR SUPPLIED.

39. From the day of coming into force of these regulations, no milk or milk products shall be sold or supplied to any person or to any cafe, tearoom, restaurant, coffee-room, soda fountain, eating house, boarding house, hotel, store or any similar business or establishment, except pasteurized milk or milk products, and certified milk or milk products.

40. No person shall introduce into the municipal area or Windhoek or within such municipal area, sell, dispose of, offer for sale or expose for sale, purvey, deliver or distribute or supply milk or milk products:-

- (a) Milk or milk products pasteurized in accordance with these regulations, or
- (b) Milk or milk products certified in accordance with these regulations.

### 37. DIE RAAD KAN LISENSIE ONDER BEPAALDE OMSTANDIGHede OPSKORT OF INTREK.

(a) As die sanitêre toestand van 'n persel ten opsigte waarvan 'n licensie ingevolge hierdie regulasies uitgereik is, te eniger tyd gedurende die geldigheidsduur van so 'n licensie sodanig beïnd word dat dit waarskynlik die melk blootstel aan besmetting of besoedeling wat gevarenslik vir die gesondheid van die verbruiker is, of as die Gesondheidsbevruppte weet dat die licensiehouer nie die bepalings van hierdie regulasies nakom nie, kan die Raad onmiddellik die licensie opskort of intrek en weet om dit weer niet te reik, of om 'n ander licensie uit te reik tot tyd en wyl die perseel skoongekuif is of in goeie sanitêre toestand herstel is, of sodanige regulasies nagekom is.

(b) Die Raad kan op soortgelyke wyse die licensie intrek of opskort as die melk onder toestande waardoor dit nie besmetting of besoedeling blootgestel word, van sodanige persel binne of na die municipale gebied verskaaf of gelevere of verwoer word, en kan weet om die licensie weer uit te reik, of kan 'n ander licensie uitreik, totdat sodanige toestande herstel is.

(c) Die Raad kan die licensie intrek of opskort as die licensiehouer of eienaar van dié gelysname persel geweer het om die behoorlike gunstigheid beampies van die Raad toe te laat om die persel in die loop van die geldigheidsduur van die licensie ooreenkomsdig die bepalings van hierdie regulasies te inspecter.

### 38. STRAFBEPALING.

(a) Elke licensie- of permithouer wat 'n koei of koeie aanhou, of wat melk of melkprodukte verkoop of verskaaf of lewer, is verantwoordelik vir die behoorlike nalewing van hierdie regulasies ten opsigte van die persel waarvan hy die licensiehouer is en ten opsigte van die koeie wat hy aanhou of die melk of melkprodukte wat hy verkoop of verskaaf ambid, aanhou, verskaaf of lewer, en hy is by oortreding daarvan strafbaar met die verskeie voorgeskrewe boetes.

(b) Elkene wat die behoorlike gemagtigde heurante van die Raad opsetlik belemmer by die uitvoerding van sy pligte kragtens hierdie regulasies, is skuldig aan 'n oortreding en is, by skuldigbevinding, strafbaar met die boete wat daarin voorgeskryf is.

(c) By skuldigbevinding van 'n licensiehouer ingevolge hierdie regulasies weens 'n oortreding daarvan kan die hof op aansoek van die Raad sy licensie intrek of opskort, en gelas dat geen licensie am so iemand her-uitergereik mag word nie, of dat geen nuwe licensie ingevolge hierdie regulasies vir 'n tydperk van hoogstens twee jaar na die datum van sodanige intrekking of opskorting am hom uitgereik mag word nie, en daarop word hy vir sodanige tydperk van intrekking of opskorting oorbevoeg om 'n licensie tehou.

(d) Elkene wat skuldig beïnd word van 'n oortreding van hierdie regulasies, is, waar daar geen uitdruklik strafbepaling is nie, strafbaar met 'n boete van hoogstens twintig (20) en by wanbetaling met gevangenis vir 'n tydperk van hoogstens een maand met of sonder dwangarbeid.

## HOOFSTUK II.

### DIE PASTEURISASIE VAN MELK.

#### GRADE VAN MELK EN MELKPRODUKTE WAT VERKOOP OF VERSKAFT KAN WORD.

39. Van die inwerkingtredendatum van hierdie regulasies mag geen in 1% van melkprodukte buiten pasteuriseerde melk en melkprodukte en gesertificeerde melk en melkprodukte aan enige verkoop of verskaaf word die, noggaaan 'n kafee, teearoom, restaurant, koffieklank, koeldrankbuffet, cellokaal, losishiuis, hotel, winkel of soortgelyk saak of inrigting nie.

40. Niemand mag binne die Windhoekse municipale gebied melk of melkprodukte verkoop, van die hand sit, ter verkoop aanbied of mistal, of verskaaf, besorg of aflever nie, tensy dit—

- (a) melk of melkprodukte is wat ooreenkomsdig hierdie regulasies gepasteuriseer is; of
- (b) melk of melkprodukte is wat ooreenkomsdig hierdie regulasies gesertificeer is.

This regulation shall not apply to milk or milk products from a source approved by the Health Officer which is sold, supplied or delivered in the municipal area for pasteurization at a licensed pasteurization plant.

41. No dairymen or purveyor of milk shall receive or introduce into the municipal area any milk or milk products except at or to a licensed pasteurization plant for the purpose of pasteurization unless it be pasteurized or certified milk or milk products from sources approved by the Health Officer.

42. Any person who sells or supplies any milk or milk products shall furnish such information as to the source of such milk or milk products or the ingredients thereof as the Health Officer may require.

#### CERTIFICATES OR PERMITS.

43. No person shall:-

- (a) Mark, label, describe, advertise or in any manner whatsoever represent or hold out any milk as pasteurized milk or certified milk unless he is in possession of a certificate granted to him by the Health Officer under these regulations.
- (b) Sell, dispose of, offer for sale pasteurized milk or certified milk unless he is in possession of a permit granted to him by the Health Officer under these regulations.

44. Every certificate or permit issued by the Health Officer shall be issued free of charge and shall unless suspended or cancelled by the Health Officer in terms of these regulations be of force and effect from the date of issue up to and including the 31st December ensuing when it shall lapse. Every person applying for such certificate or permit shall submit a written application for such certificate or permit to the Health Officer.

45. Every such certificate or permit issued by the Health Officer under regulation 43 above shall be posted in a place in the dairy or pasteurization plant where it is clearly visible to the public.

46. The Health Officer may suspend or cancel a certificate or permit issued in terms of regulation 43 above or may refuse to grant such certificate or permit.

(i) Such certificate or permit may be suspended, cancelled or refused if:-

- (a) The Health Officer is satisfied that the provisions and requirements of these regulations in so far as they are applicable to the holder of a certificate or permit or to his premises, have not been duly observed.
- (b) The milk or milk products in the possession of the holder of a certificate or permit when sampled prior to delivery to a purchaser or customer does not comply with the standards as defined.
- (ii) Upon cancellation of such certificate or permit the person to whom the same was granted shall be treated in all respects as if he no longer held such certificate or permit. The Health Officer shall forthwith notify the person affected thereby of the fact of such cancellation.
- (iii) Notwithstanding such cancellation the Health Officer may at any time thereafter grant any such certificate or permit to such person as aforesaid provided that the granting of the same shall be dealt with in all respects as if a new certificate or permit were being granted.

#### LABELLING.

47. All bottles or their caps, packages and other containers enclosing milk or milk products defined in these regulations and which are sold, kept, transmitted, disposed of, offered for sale, delivered or distributed in the municipal area shall be plainly labelled or marked with:-

- (i) The name of the contents as given in the definitions of these regulations.
- (ii) If the contents have been pasteurized, the word "Pasteurized" and the date of which the contents were pasteurized.

Hierdie regulasie geld nie melk of melkprodukte van 'n bron wat deur die Gesondheidsbeampte goedgekeur is aan 'n gelisensierte pasteurisasie-inrigting binne die munisipale gebied ter pasteurisasie verkoop, afgelewer nie besorg word nie.

41. Geen melkboer of melkverskaffer mag melk of melkprodukte in 'n munisipale gebied ontvangoef van die gesondheidsbeampte pasteurisasie-inrigting nie, buiten by of na 'n gelisensierte pasteurisasie-inrigting melk of melkprodukte is uit bronno wat die Gesondheidsbeampte goedgekeur het.

42. Elkeen wat melk of melkprodukte verkoop of besorg moet al die inligting verskaf oor die bron wat die melk of melkprodukte van die bestanddele daarvan wat die Gesondheidsbeampte voorstaan.

#### SERTIFIKAATE OF PERMITTE.

43. Niemand mag—

(a) melk as gepasteuriseerde of gesertificeerde melk metekatteer, beskryf of adverteer nie, nog enigsins te kenne gee of voorgee dat melk gepasteuriseer of gesertificeer is nie, tensy hy 'n sertifikant besit van die Gesondheidsbeampte hom ingevolge hierdie regulasies uitgereik het;

(b) gepasteuriseerde melk of gesertificeerde melk verkoop, van die hand sit of ter verkoop aanbied nie tensy hy 'n permit het wat die Gesondheidsbeampte hom ingevolge hierdie regulasies uitgereik het.

44. Elke sertifikant of permit wat die Gesondheidsbeampte toeken, word gratis uitgereik, en geld van die uitreikingsdatum tot op en met 31 Desember daaropvolgend waarna dit verstrik, tensy die Gesondheidsbeampte dit voor die tyd ingevolge die Melkeryregulasies opskort of intrek. Elkeen wat aansoek doen om so 'n sertifikant of permit moet sy aansoek skriftelik aan die Gesondheidsbeampte voorlegt.

45. Elke sertifikant of permit wat die Gesondheidsbeampte ingevolge regulasie 43 uitreik, moet in die melker of pasteurisasie-inrigting opgeplak word op 'n plek wat dit vir die publiek duidelik sigbaar is.

46. Die Gesondheidsbeampte kan 'n sertifikant of permit wat ingevolge die bepalings van regulasie 43 uitrek, opskort of intrek, en by kan weier om so 'n sertifikant of permit toe te ken.

(i) Die Gesondheidsbeampte kan so 'n sertifikant of permit opskort, intrek of weier as—

(a) hy oortuig is dat die bepalings en versigte van hierdie regulasies dermate hulle vir die houer van 'n sertifikant of permit of sy persoon geld, nie behoorlik nagekom word nie;

(b) daar by die toetsing van die melk of melkprodukte in die besit van 'n sertifikant of permithouer, en voordat dit aan 'n koper of klant afgelewer is, beviend word dat dit aan die voorgeskrewe standaarde te kort skiet.

(ii) By intrekking van so 'n sertifikant of permit moet die gewese houer daarvan in alle opsigte behandel word asof hy so 'n sertifikant of permit nie meer hoe nie. Die Gesondheidsbeampte moet die betrokken onmiddelliek van so 'n intrekking verwittig.

(iii) Nieteenstaande so 'n intrekking kan die Gesondheidsbeampte te eniger tyd daarna so 'n sertifikant of permit aan so 'n voormalde persoon toeken: Met dien verstande dat die toekenning daarvan in alle opsigte behandel moet word asof dit 'n toekenning van 'n nuwe sertifikant of permit is.

#### OPSKRIFTE.

47. Alle bottels of hul doppe, pakkette en ander hours wat melk of melkprodukte soos in hierdie regulasies bepaal, bevat, en wat binne die munisipale gebied verkoop, gehou, vervoer, van die hand gesit, ter verkoop aangebied, besorg of afgelewer word, moet duidelike opskrifte of merke dra met die onderstaande inligting—

(i) die naam van die inhoud soos aangedui in die woorde bepaling van hierdie regulasies;

(ii) as die inhoud gepasteuriseer is, die woorde "gepasturiseer" en die datum waarop die inhoud gepasteuriseer is;

- (iii) The word "certified" and the name and address of the producer and date of production, if the milk contained is certified.  
(iv) The words "Raw — For Pasteurization" and the name of the producer if the contents are raw and are to be pasteurized. The label or mark shall be in bold faced sans-serif capital letters of not less than twelve (12) points face measurement and shall contain no marks or words which are misleading.

#### TRANSFERRING MILK, DELIVERY CONTAINERS, SALES TO TEAROOMS, HOTELS AND OTHER CONSUMERS.

48. No person shall transfer milk or milk products from one container to another in any street, or in any vehicle or store, or in any place except a bottling room or milk room in a dairy or milk plant or pasteurization plant used for that purpose.

49. All pasteurized milk and milk products shall be placed in their final delivery containers at the pasteurization plant in which they are pasteurized and all certified milk and milk products shall be placed in their final delivery containers or in sealed bulk containers approved by the Health Officer at the farm at which they are produced.

50. All milk and milk products sold in the distributor containers in quantities less than one gallon shall be delivered in standard milk bottles overcapped in accordance with the requirements of regulation 56 (r) of these regulations or in single service containers. It shall be unlawful for cafes, restaurants, tearooms, coffee rooms, soda fountains, eating houses, boarding houses, hotels, stores or any similar business or establishment to sell or serve any milk or milk products except in the original container in which it was received from the distributor or from a sealed bulk container equipped with dispensing device approved by the Health Officer.

Provided that this section shall not apply to cream contained on the premises which may be served from the original container or from a dispenser approved by the Health Officer.

51. It shall be unlawful for any business or establishment to sell or serve any milk or milk products which have not been maintained while in its possession at a temperature of fifty degrees Fahrenheit (50° F) or 10° Celsius or less.

52. It shall be the duty of all persons to whom milk or milk products are delivered to clean the containers in which such milk or milk products are delivered before returning such containers.

53. Apparatus, equipment, containers and utensils used in the handling, storage, processing or transporting of milk or milk products shall not be used for any other purpose.

#### HEALTH OF DAIRY PERSONNEL.

54. Every person connected with or employed or about to be employed and whose work brings him in contact with the production, handling, storage or transportation of milk or milk products containers or equipment at a dairy farm where certified milk or pasteurized milk is sold or at any licenced pasteurization plant where milk is pasteurized shall be examined by the Medical Officer of Health or a medical practitioner authorised by him and tested for the carrier state of enteric fever and any other disease communicable by human carriers through milk or milk products. Such permit shall submit himself at such time and place and as often as the Medical Officer of Health may require to clinical examination and shall submit such laboratory specimens for serological and bacteriological examination as are required for the purpose of determining freedom from infectious diseases or the carrier state thereof. For so long as the results of any examination or tests justify such a course such person shall be deburred from such employment.

- (iii) die woord „gesertifiseer” en die naam en adres van die produsent en die datum van produksie as die melkinhoud gesertifiseer is;  
(iv) die woorde „rou — vir pasteurisasié” en die naam van die produsent as die inhoud rou is en gepasteuriseer moet word. So 'n opskrif of merk moet met vet antieke hoofletters van minsteens twaalf (12) punte vlaakafneming gedruk wees, en mag geen merke of woorde bevat wat misleidend is nie.

#### OORPLASING VAN MELK; AFLEWERINGSHOUERS; VERKOPE AAN TEEKAMERS, HOTELS EN ANDER VERBRUIKERS.

48. Niemand mag melk of melkprodukte in 'n straat, of in 'n voortuig of winkel, of in enige plek buiten 'n bottelkamer of melkkamer in 'n melkery, melkinrichting of pasteurisasié-inrichting wat vir daardie doel bestem is, van eenhouer nie 'n onder oorplaaas nie.

49. Alle gepasteuriseerde melk en melkprodukte moet by die pasteurisasié-inrichting waar hulle gepasteuriseer word, in hul uiteindelike afleweringshouers geplaas word, en alle gesertifiseerde melk en melkprodukte moet op die melkplaas waar hulle geproduceer is in hul uiteindelike afleweringshouers of in verselle grootmaathouers wat die Gesondheidsbeampte goedkeur het, geplaas word.

50. Alle melk en melkprodukte wat in afleweringshouers in hoevedelheid van minder as een gelling verkoop word, moet besorg word in standaard-melkbottels met doppo ooreenkomsdig die vereistes van regulasie 56 (r) van hierdie regulasies, of in enkele dienslouers. Dit is onwettig vir kafees, restaurants, teekamers, koffiekamers, koeldrankbuffette, etekolake, losieshuise, hotels, winkels of ander soortgelyke sake of inrichtings om melk of melkprodukte te verkoop of rond te dien binne in die oorspronklike konte wat aan dit van die leveransier ontvag is of uit 'n verselle grootmaathouer wat toegerus is met die skepmant wat die Gesondheidsbeampte goedkeur het. Met die verstaande dat hierdie regulasie nie geld vir room wat op die perseel verblou word nie; dit kan uit die oorspronklike konte of uit 'n skepmant wat die Gesondheidsbeampte goedkeur het, rondgedien word.

51. Dit is onwettig vir 'n saak of inrichting om melk of melkprodukte te verkoop of rond te dia, tensy dit op 'n temperatuur van vyflig graad Fahrenheit (50° F) of 10° Celsius of lager gehou is sonlank dit in so 'n saak of inrichting so besit word.

52. Dit is die plig van elkeen aan wie melk of melkprodukte besorg word, om die houers waarin sodanige melk of melkprodukte afgelafer word, skous om te maak voordat hulle afgelafer word.

53. Apparaat, toerusting, houers en gereedskap wat by die hantering, bewaring, bewerking of vervoer van melk of melkprodukte gebruik word, mag vir geen ander doel gebruik word nie.

#### GESONDHEID VAN MELKERYPERSONEEL.

54. Elkeen wat in verband staan met, in diens is by, of in diens gaan wees by, en wie se werk hom in aankaart bring met, die produksie, hantering, bewaring of vervoer van melk of melkprodukte, -houers of -toerusting by 'n melkery waar gesertifiseerde melk of gepasteuriseerde melk verkoop word, of by 'n gesertifiseerde pasteurisasié-inrichting waar melk gepasteuriseer word, moet ondersoek word deur die Mediese Gesondheid-beampte of 'n geacoepteer wat hy duuartig genagtig het, en moet geto's word vir ingewandkoers in sy draer stadium en vir enige ander siektes wat 'n mens deur middel van melk of melkprodukte kan oordien. So iemand moet hom op die tyd en plek wat, en so dikwyls soos die Mediese Gesondheid-beampte vereis, onderwerp aan kliniese ondersoek, en hy moet die laboratorium-monsters vir serologiese en bacteriologie ondersoek indien, wat vereis word om vas te stel of so iemand vry is van unsesteeklike siektes van hul drainer-stadium. Waar die uitsig van 'n ondersoek of toets dit regverdig moet so iemand vir die aangewese tydperk van sodanige diens uitgesluit word.

55. The following provisions shall be complied with in regard to the testing of dairy personnel:—

- (a) Every certificate or permit holder of a dairy farm where certified milk is produced or of a dairy or milk plant where certified milk or pasteurized milk is sold or a licensed pasteurization plant where milk is pasteurized shall submit every person whom he intends to employ or to be employed on his behalf in any manner whatsoever in connection with the production, handling, storing or transportation of pasteurized milk or milk products and certified milk and milk products to the Medical Officer of Health or any medical practitioner authorised by him for physical examination and any tests required for the purpose of determining whether such person is free from enteric fever carrier state and any other diseases communicable by human carriers through milk or milk products. The certificate holder or permit holder shall not permit any person to be employed unless he has been notified by the Medical Officer of Health in writing that such person is regarded to be free from the enteric fever carrier state or other diseases communicable through milk or milk products.
- (b) Every certificate holder or permit holder shall submit himself for such examination and tests if so required by the Medical Officer of Health.
- (c) All examinations and tests conducted by the Medical Officer of Health or any medical practitioner approved by him shall be free of charge to the certificate holder or permit holder.
- (d) Every certificate holder or permit holder shall furnish to the Medical Officer of Health the name of his employee or other person mentioned in sub-section (a) above and in the case of a native employee, his pass number, tax receipt number and other particulars or means of identification. Such information shall be furnished when such employee or person is submitted for examination.
- (e) Every certificate holder or permit holder shall enter in a register, supplied by the Town Council, to be kept by him for that purpose, the following particulars:—
  - (i) The name of every employee and other person mentioned in sub-regulation (d) above, and in the case of a native employee the particulars referred to therein.
  - (ii) Date when first employed.
  - (iii) Dates and details of tests and examinations.
  - (iv) Dates and details of all illnesses of personnel subsequent to testing and examination.

Such register to be kept up to date and shall at all times be available for inspection by the Health Officer, or any other official authorised thereto by the Health Officer.
- (f) In the event of the premises of the certificate or permit holder not being connected to a sewer, the Health Officer may require any other person resident on such premises to be tested for the enteric fever carrier state, whether or not such persons are employed in the handling of certified milk and milk products or pasteurized milk and milk products.
- (g) No enteric fever carrier or suspected enteric fever carrier or any person suffering from or being a carrier or suspected carrier of an infectious disease communicable through milk shall be employed at any place where certified milk is produced or handled or at any licensed dairy, milk plant or pasteurized plant.
- (h) The Health Officer shall immediately be informed by the certificate holder or permit holder should any employee be absent from his work for any reason whatsoever for a period exceeding fourteen (14) days. The Medical Officer of Health may require such employee to be submitted for re-examination.
- (i) Elke sertifikaat- of permithouer moet hom oek sodanige ondersoek en toets onderwerp, as die Mediese Gesondheidsbeampte dit vereis.
- (j) Alle sodanige ondersoek op toets wat die Mediese Gesondheidsbeampte of 'n geneesheer wat hy daartoe geinligting het, uitgevoer het, is kosteloos vir die sertifikaat- of permithouer.
- (k) Elke sertifikaat- of permithouer moet aan die Mediese Gesondheidsbeampte die naam van sy werknemer of ander persoon wat in sub-regulasié (a) hierboven genoem word, verskaaf, en in die geval van 'n naturelle-werknemer, sy pasnommer, belastingkwitansienommer en ander besonderhede of middels waarmee hy uitgeken kan word. Sodanige inligting moet verstrekk word wanneer so 'n werknemer of persoon vir onderzoek gestuur word.
- (l) Elke sertifikaat- of permithouer moet die onderstaande besonderhede aanteken in 'n register wat die Stadsraad aan hom verskaaf en wat hy vir hierdie doel moet aanhou—
  - (i) die naam van elke werknemer en ander persoon wat in sub-regulasié (d) hierboven genoem word, en in die geval van 'n naturelle-werknemer die besonderhede wat daarin verduidelik word;
  - (ii) die datum van sy eerste indiensneming;
  - (iii) datums en besonderhede van toets en ondersoek;
  - (iv) datums en besonderhede van alle siektes by personeellede.

So 'n register moet bygehou word en moet na alle personeellede beskikbaar wees vir inspeksie deur die Gesondheidsbeampte of ander beampto wat die Gesondheidsbeampte daartoe gemagtig het.
- (m) As die persel van die sertifikaat- of permithouer nie met 'n rieloor verbind is nie, kan die Gesondheidsbeampte vereis dat enigemand anders wat op daardie persel woon, getoets word vir ingewandskoors in 'n draerstadium, betsy sodanige persoon gebruik word by die hantering van gesertifiseerde melk en melkprodukte of gepasteuriseerde melk en melkprodukte al dan nie.
- (n) Geen vasegestelde of verdagto draer van ingewandskoors of iemand wat ly aan, of 'n vasegestelde wat verdagte draer is van, 'n aansteeklike siekto wat deur middel van melk oorgedra kan word, mag by enige plek waar gesertifiseerde melk geproduseer of gehanteer word, of by 'n gelisensierte melkery of melkinrigting of pasteurisasie-inrigting in diens geset word nie.
- (o) Die sertifikaat- of permithouer moet dio Gesondheidsbeampte onmiddellik in kennis stel as 'n werknemer langer as veertien dae om enige rede hoegegaanaam, van sy werk afwissig is. Dio Mediese Gesondheidsbeampte kan vereis dat so 'n werknemer in geset word vir her-ondersoek.

- (i) The Health Officer may at any time if he considers it necessary in the interest of public health require any certificate holder or permit holder to submit himself or any person mentioned in sub-regulation (a) of this regulation for re-examination.

#### PROVISIONS FOR PASTEURIZED MILK.

56. No certificate or permit as required by regulation 43 shall be granted unless the following requirements are complied with:—

- (a) Every milk plant where the process of pasteurization is carried out shall have:—

(i) Floors of all rooms constructed of concrete or other suitable impervious material and such floors shall be smooth, easily cleaned, properly graded and drained. Floors shall be kept clean and free from materials and equipment not regularly used in the room.

(ii) The washing and bactericidal treatment of containers.

(iii) The reception of milk, with a dump or receiving vat from which the milk is piped into the pasteurizing room. Cans of raw milk shall not be unloaded directly into the pasteurizing room, but shall be separated by a solid or screened partition from the pasteurizing room.

(b) Pasteurized milk shall not be placed in any apparatus or storage vessels or containers which are at any time used for any other milk or milk products and shall not be permitted to come into contact with any equipment with which unpasteurized milk has been in contact, unless such equipment or storage vessels have first been thoroughly cleaned and sterilized by steam or by other means approved by the Health Officer before being used for pasteurized milk.

(c) Pasteurization plant shall not be used for any other purpose than the processing of milk and the operations incidental thereto except as may be approved by the Health Officer.

(d) Pasteurized milk shall be kept separate at all stages from all other milk unless it is in sealed containers. No room shall be used for pasteurized milk and any other milk unless the former is in sealed containers.

(e) Every milk plant where milk is pasteurized shall be provided with toilet and hand washing facilities including hot and cold running water, soap and clean towels. Washing facilities shall be conveniently located and shall not be used in any way in the operation of the pasteurization plant or the handling of milk. Toilet rooms shall not open directly into any room in which milk or milk products, equipment or containers are handled or stored. Doors of toilet rooms shall be self closing. Toilet rooms shall be kept clean, in good repair and well ventilated. Where water borne sewerage is not available, the toilet rooms shall be at least fifty (50) feet from any door, window or other opening into any room where milk is stored or treated.

(f) The water supply shall be easily accessible, adequate, wholesome and safe.

(g) All piping used to conduct milk or milk products shall be milk piping of a type which can be easily cleaned with a brush and shall be approved by the Health Officer. Pasteurized milk and milk products shall be conducted from one piece of equipment to another only through such milk piping.

(h) All multi-use containers and equipment with which pasteurized milk and milk products come in contact shall be constructed in such manner as to be easily cleaned and shall be kept in good repair. Single service containers and container caps and covers shall be handled in a hygienic manner, and shall be kept in a clean dry place.

(i) All waste shall be properly disposed of.

- (i) Die Gesondheidsbeampte kan te eniger tyd as hy dit in die openbare belang nodig vind, vereis dat 'n sertifikaat of permithouer homself of enige wat in sub-regulasie (a) van hierdie regulasie genoem word, vir her-ondersoek moet onderwerp.

#### BEPALINGS VIR GEPASTEURISEERDE MELK.

56. Geen sertifikaat of permit wat by regulasie 43 vereis word, mag uitgereik word nie, tensy die onderstaande vereistes nagekom word:—

- (a) Elke melkinrigting waar pasteurisasie uitgevoer word, moet die onderstaande vereistes naakom:—

(i) die vloere van al die kamers moet van beton of ander geskikte, oudeurdhangbare materiaal gebou wees, en die vloere moet gelyk wees, maklik skoongemak moet word, en behoorlik gegrader en gedreineer wees. Die vloere moet skoon gehou word en vry van alle materiaal en toerusting wat nie gereeld in die betrokke kamer gebruik word nie;

(ii) hours moet gewas en gesteriliseer word;

(iii) die melk moet in 'n grootmanthouer of -vat ontvanger word, en daaruit niet 'n pp na die pasteurisasiekamer vervoer word.

Kanne met rou melk mag nie regstreeks in die pasteurisasiekamer afgeloni word nie, maar moet met 'n soliede of skermafskorting van die pasteurisasiekamer afgesondre wees.

(b) Gepasteuriseerde melk mag nie in 'n bewaarhouer of -kan van ander apparaat geplaas word wat te eniger tyd vir ander melk of melkprodukte gebruik word nie, en dit mag nooit toegelaan word om in aanvalking te kom nie toerusting wat niet ongepasteuriseerde melk in aanvalking was nie, tensy sodanige toerusting vooraf deeglik skoongemak en gesteriliseer is met stoom of op 'n ander wyse wat die Gesondheidsbeampte goedgekeur het, voordat dit vir gepasteuriseerde melk gebruik word.

(c) Pasteurisasie-inrigtings mag vir geen doel gebruik word buiten die bewerking van melk op die prosesse in verband daarteen nie, buiten waar die Gesondheidsbeampte 'n ander gebruik magtig.

(d) Gepasteuriseerde melk moet in alle stadiums apart gehou word van alle ander melk, tensy dit in verskillende hours is. Geen kamer mag vir sowel gepasteuriseerde as ander melk gebruik word nie, tensy eersgenoemde in verskillende hours is.

(e) Elke melkinrigting waar melk gepasteuriseer word, moet ingrig wees met toilet- en handwasgeriewe, insluitende warm en koue water, sop en skoon handdoeke. Die wasgeriewe moet gerieflik geplas wees, en mag geensins by die werking van die pasteurisaie-inrigting of die hantering van melk gebruik word nie. Toiletkamers mag nie regstreeks oopgaan in 'n kamer waarin melk of melkprodukte, toerusting of hours gehanteer of bewaar word nie. Toiletkamers moet skoon, in goeie herstel en goed belug gehou word. Waar spesiale voorlog nie beskikbaar is nie, moet die toilet-kamers minstens vyf (50) voet van enige deur, venster of ander toegang tot 'n kamer waar melk gehanteer of bewaar word, gesit word.

(f) Die watervoorraad moet maklik beskikbaar, toereikend, gesond en teu besmettende veilig wees.

(g) Alle pipe wat melk of melkprodukte aanvoer moet melkkype wees van 'n soort wat maklik met 'n borsel skoongetuuk kan word, en hulle moet deur die Gesondheidsbeampte goedgekeur word. Gepasteuriseerde melk en melkprodukte mag net deur sodanige pipe van een stuk toerusting na 'n ander vervoer word.

(h) Alle meeruitgestende hours en toerusting waarmee gepasteuriseerde melk in melkprodukte in geneeskundige kom, moet so gemak wees dat dit maklik skoon gemaak kan word, en dit moet in goeie herstel gehou word. Enkel-dienstoestelle en houerodoppe en deksels moet ligties gehanteer word en in skoon droë plakte gehou word.

(i) Alle afvalstowwe moet behoorlik weggedoen word,

- (j) Adequate mechanical means shall be provided for the washing and sterilizing of milk bottles and all milk vessels and adequate steam under pressure shall be provided for all operations requiring steam, namely bottle washing, can washing, sterilization of equipment and pasteurization so that all operations can be carried out simultaneously.
- (k) All containers and equipment except single service containers shall be thoroughly cleaned after being used and all containers and equipment shall be sterilized by steam before use. Every certificate holder or permit holder shall effectively clean and subject to steam sterilization all empty containers before returning them to a producer.
- (l) After steam sterilization all bottles, cans and other multi-use containers and equipment shall be stored in such manner to be protected from contamination. After sterilization and before and during use containers and equipment shall not be handled, or operated in such manner as to permit contamination of the milk.
- (m) Pasteurization shall be performed as defined in regulation 1 hereof under the definition of "Pasteurized Milk".
- (i) It shall be carried out in a manner approved by the Health Officer and with properly operated equipment. The type of apparatus and thermometers used and the methods employed shall be approved by the Health Officer.
- (ii) The process shall be wholly mechanically controlled in regard to the temperature at which the milk is held, and the period of such holding. The apparatus shall be so designed and operated and shall be provided with such automatic controls as necessary to ensure that every portion of the milk will be subjected to the proper temperature for the required length of time.
- (iii) A certificate granted by the Health Officer in terms of regulation 45 (a) may be in respect of one or other of the processes given in the definition of pasteurized milk.
- (iv) The pasteurization apparatus shall be provided with indicating and recording thermometers accurate to decimal point 5 degrees Fahrenheit ( $0.5^{\circ} F$ ) or  $0.25^{\circ}$  Celsius throughout the specified scale range. Such indicating and recording thermometers as the Health Officer may require shall be located in suitable places in the apparatus used for pasteurization during the whole of the pasteurization process and all such information as the Health Officer may require shall be recorded.
- (v) In the case of "High Temperature Short Time" apparatus, the apparatus shall be thermostatically controlled and in addition to the mechanical devices for the control of temperature and time shall be provided with an efficient flow control valve and an automatic flow diversion device which will automatically divert the flow of milk not retained at the required temperature.
- (vi) All recording thermometer charts and records shall contain such information as the Health Officer may require, shall at all times be available for inspection by the Health Officer, and shall be preserved for a period of not less than three months.
- (a) All milk and milk products received for pasteurization shall be immediately cooled in approved equipment to forty-five degrees Fahrenheit ( $45^{\circ} F$ ) or seven point two degrees Celsius ( $7.2^{\circ} C$ ) or less and maintained at that temperature until pasteurized unless they are to be pasteurized within two (2) hours after receipt. All pasteurized milk and milk products shall be immediately cooled in approved equipment to a temperature of forty-five degrees Fahrenheit ( $45^{\circ} F$ ) or  $7.2^{\circ}$  Celsius or less and shall as soon as possible thereafter be bottled, or placed in the final
- (j) Toereikende mekaniese middels moet verskaf word vir die was en sterilisasië van melkbottels en melkhouers, en toerusting stoom onder druk moet verskaf word vir alle werkinge wat stoom vereis, en die was van bottels en kanne, die sterilisasië van toerusting en pasteurisasië, sodat alle prosesse geluidig uitgevoer kan word.
- (k) Alle houers en toerusting buiten enkel diensthouers moet deeglik skoongetrek word nadat hulle gebruik is, en alle houers en toerusting moet voor gebruik met stoom gesteriliseer word. Elke sertifikatuur of permithouer moet alle leë houers behoorlik skoonmaak en hulle met stoom steriliseer voor dat hulle aan die produusent teruggeborg word.
- (l) Na sterilisasië met stoom moet alle bottels, kanne en ander meerntlike houers en toerusting op so 'n wyse bewaar word dat hulle teen besmetting beskerm word. Na sterilisasië en sowel voor as gedurende gebruik mag houers en toerusting nie so gehanteer of gebruik word dat dit die besmetting van die melk toelaat nie.
- (m) Pasteurisasië moet volgens voorskrif van regulasie 1 de woordbepaling van „gepasteuriseerde melk“ uitgevoer word:
- (i) Dit moet geskied op 'n wyse wat die Gesondheidsbeampte goedkeur en inst toerusting waarmee daar na behore gewerk moet word. Die soort apparaat en termometers gebruik word en die metodes wat aangewend word, moet deur die Gesondheidsbeampte goedkeur word.
  - (ii) Die proses moet in sy geheel mekanies behere word ten opsigte van die temperatuur waarop die melk gehou word en die tydperk waarin dit aldus gehou word. Die apparaat moet so ontwerp en bestuur word en met sodanige outomatiese beheertoestelle ingerig wees om te verzeker dat elke deel van die melk aan die regte temperatuur en vir die vereiste tydperk onderwerp word.
  - (iii) 'n Sertifikaat wat die Gesondheidsbeampte in gevolge regulasie 43 (a) uitreik, kan een van die prosesse wat by die woordbepaling van „gepasteuriseerde melk“ gegee word, magtig.
  - (iv) Die pasteurisasië-apparaat moet ingerig word met meet-termometers en terinogramme wat tot op desimalpunt vyf grade Fahrenheit ( $0.5^{\circ} F$ ) of  $0.25^{\circ}$  Celsius akkuraat aangewys en dit wel dwarsdeur die voorgeskrewe temperratuurreek. Die meettermometers en terinogramme wat die Gesondheidsbeampte voorskryf, moet gedurende die hele pasteurisasiëproses op geskikte plekke in die pasteurisasië-apparaat ingerig bly, en al die inligting wat die Gesondheidsbeampte moontlik versoeck, moet aangegeteken word.
  - (v) Waar die metode „hoog temperatuur en kort tyd“ aangewend word, moet die apparaat termosistemies beheer word, en bo en bhalwe die mecanismes vir die beheer van temperatuur en tyd moet dit ook ingerig word met 'n doel treffende stroombrekerlepel en 'n outomatiese stroomafsligdingstoestel wat die melkstroom wat nie op die vereiste temperatuur gehou word nie, outomatis afslis.
  - (vi) Alle terinograafkaarte en aanteknings moet die inligting bevat wat die Gesondheidsbeampte moontlik vereis, moet so alle tye vir inspeksie deur die Gesondheidsbeampte biskbaar wees en moet vir 'n tydperk van minstens drie maande bewaar word.
  - (ii) Alle melk en melkprodukte wat vir pasteurisasië ontvang word, moet onmiddellik in 'n goedgekoerde apparaat verkoel word tot op vyf-en-veertig grade Fahrenheit ( $45^{\circ} F$ ) of sewe-punt-twee grade Celsius ( $7.2^{\circ} C$ ) of laer en daarop gehou word totdat die pasteurisasiëproses toegelaan word, tensy dit egter binne twee (2) uur na ontvangst gepasteuriseer moet word. Alle gepasteuriseerde melk en melkprodukte moet onmiddellik in 'n goedgekoerde apparaat verkoel word tot op 'n temperatuur van vyf-en-veertig grade Fahrenheit ( $45^{\circ} F$ ) of sewe-punt-twee grade Celsius ( $7.2^{\circ} C$ ) of laer, en moet so gou doenlike afverwingshouers geplaas word, en moet met doppes daarna gebottel word of in die uiteindelike afverwingshouers geplaas word, en moet met doppes

delivery containers and capped or sealed and maintained at the latter temperature until delivery. All open surface coolers shall be provided with approved tight fitting covers. No certificate or permit in terms of Regulation 43 may be granted unless refrigerated storage is provided to store all pasteurized milk at the milk plant at a temperature of not more than forty-five degrees Fahrenheit (45° F) or seven point two degrees Celsius (7.2° C).

- (o) The bottling of pasteurized milk and milk products shall be done at the place of pasteurization in approved mechanical equipment and bottles shall be sterilized by heat after washing and shall be conveyed mechanically from the bottle washing machine to the mechanical bottling machine.
- (p) Overflow milk or milk products shall not be used for human consumption.
- (q) Bottles shall be filled with pasteurized milk and capped or sealed only by machine that are entirely mechanical so as to render unnecessary during such process of filling, capping and sealing any contact between any part of the body of the person operating the machine and the bottle, milk cap or seal. Hand-bottling and handcapping is hereby prohibited.
- (r) Bottles shall be of clear glass of lawful capacity with leakproof caps made of aluminium, tinfoil or other material and bottles shall be capped so that both the mouth and the rim of the bottle are covered. The type of cap and the material used therefor shall be approved by the Health Officer. Containers other than bottles shall be closed with a tightly fitting cover and suitably sealed and labelled.

#### PROVISIONS FOR CERTIFIED RAW MILK.

57. No certificate or permit as required in terms of regulation 43 shall be granted unless the following requirements are complied with:

- (a) The milk shall comply with the standard as defined for Certified Raw Milk.
- (b) (i) The premises on which such milk is produced shall be situated within a distance of fifty (50) miles from the boundary of the Municipal area.  
 (ii) All conditions governing the production, storage, treatment, distribution and the hygienic conditions whereunder such milk is produced shall be approved by the Health Officer.
- (c) The milk shall be derived from healthy cows in herds which have been clinically examined and tested for tuberculosis, bovine contagious abortion and mastitis. Every animal in such herds shall be examined by an approved veterinarian and the recognised prescribed tests for those diseases shall be undertaken by him. A certificate or permit may only be granted if after examination the animals are pronounced by him to be free from these diseases and any other diseases which may affect the milk injuriously.  
 (i) A tuberculin test of every animal in the herd shall be made by an approved veterinarian before any milk from such animal is sold and this test shall be repeated at least every twelve (12) months thereafter. The test shall be made and reactors disposed of in accordance with the requirements of the Diseases of Stock Proclamation, 1920, as amended. A certificate of a tuberculin test of every animal in the herd distinguished by its identification number and mark and issued by an approved veterinarian, shall be furnished to the Health Officer in respect of such herd.

toegemaak of versel word, en teen laasgenoemde temperatuur gehou word tot by aflewing. Alle oop oppervlakte-verkoelers moet goedgekoerde knap-passende deksels he. Geen sertifikaat of permit mag ingevolge regulasie 43 uitgereik word nie, tensy daar by die melkirkings koekamers is waarin die melk bewaar kan word teen 'n temperatuur van hoogstens vyf-en-veertig grade Fahrenheit (45° F) of sewe-punt-twee grade Celsius (7.2° C).

- (o) Gepasteuriseerde melk en melkprodukte moet op die plek van pasteurisatie gebottel word in goedgekoerde inganiese toerusting, en dit bottels moet, nadat hulle gewas is, met hitte gesteriliseer word, en moet inganies van die bottel-wasmashien tot by die meganiese vulmasjien vervoer word.
- (p) Oorloopnlik of -melkprodukte mag nie vir mens gebruik word nie.
- (q) Waar bottels met gepasteuriseerde melk gevul en met doppe toegemaak of versel word, moet die vul- en toemakproses nitsluitlik inganies geskied sodat die operateur wat met die masjien werk, te gener tyd in die vul-, toemank- en verselproses, met enige deel van sy liggaan aan die bottel, melkdop of seel hoof te raak nie. Dio vulling en toemak van bottels met die hand word hierby streng verbied.
- (r) Bottels moet van deurskynde glas wees, met die wetlik voorgeskrewe inhoudsmaat, en hulle moet lekvrye doppe he wat van aluminium, stansbol of ander materiaal gemaak is, en die doppe moet so aangebring word dat die mond en die rand van die bottel bedek is. Die soort dop en die materiaal waarvan dit gemaak is, moet deur die Gesondheidsbemantie goedgekoor word. Allo houers buiten bottels moet toegegemaak word met 'n knap-passende deksel en hulle moet behoorlik versel en gestikteer word.

#### BEPALINGS VIR GESERTIFISEERDE ROU MELK.

57. Geen sertifikaat of permit wat regulasie 43 vereis word uitgereik nie, tensy die onderstaande vereistes nagekom word:-

- (a) Die melk moet beantwoord aan die standaard wat in die woordbepaling van "gesertifiseerde rou melk" neergeleg word.
- (b) (i) Die persel waaronder sodanige melk geproduceer word, moet binnooit vyftig (50) myl van die grens van die munisipale gebied geleë wees.  
 (ii) Alle toestande waaronder die produksie, bewaring, behandeling en aflewing van melk geskied, en die liggiernesse toestande waaronder sodanige melk geproduceer word, moet deur die Gesondheidsbemantie goedgekoor word.
- (c) Die melk moet kom van gesonde koeie in troppe wat tuberkulose, besmetlike misgeborente by hecte en uierontsteking, klinies ondersoek en getoets is. Elke dier in sodanige troppe moet deur 'n goedgekoerde vecarts ondersoek word, en hy moet die erkende en voorgeskrewe toets vir daardie siektes op hul uitvoer. 'n Sertifikaat of permit word uitgereik eers nadat die diere ondersoek is en hy verlaar het dat hulle nie aan daardie siektes ly nie, nieg aan ander wat melk kan besmet nie.  
 (i) Voordat melk van enige dier in 'n trop verkoopt word, moet 'n goedgekoerde voarts al die diere in die trop aan 'n tuberkulointoets onderwerp, en hierdie toets moet minstens elke twealf (12) maande daarna herhaal word. Die toets moet uitgevoer word, en daar moet oor die wat die toets reageer, beskik word ingevolge die bepalings van die Veeskiete-proklamasie 1920, soos gewysig. In Sertifikaat van 'n goedgekoerde vecarts, waarin elke dier in die trop wat tuberkulointoets deurgemaak het, met 'n onder-skedingsnummer en -merk aangedui word, moet teen opsigte van so 'n trop aan die Gesondheidsbemantie ingestuur word.

- (ii) Every animal in the herd shall be tested and found free from bovine contagious abortion as shown by blood serum tests for agglutinins against *Brucella abortus* made in a laboratory approved by the Health Officer. The herd shall be re-tested at least every twelve (12) months and all reactors removed from the herd. A certificate identifying each animal by number or mark and signed by a veterinarian of the laboratory making the test shall be furnished to the Health Officer in respect of such herd.
- (iii) Every animal in the herd shall be tested and found free from mastitis as shown by physical examination of the quarters of the udders and bacteriological examination or any other tests required by the Health Officer and carried out by an approved veterinarian. A certificate identifying each animal by number or mark and signed by such veterinarian shall be furnished to the Health Officer in respect of such herd.
- (d) Every animal in the herd shall be examined by an approved veterinarian at least every three (3) months and any animal found showing evidence of any disease which may effect the milk injuriously shall immediately be removed from the herd and segregated as the case may require and shall not be reintroduced into the herd until certified by an approved veterinarian as having recovered. The milk of an animal so removed or isolated shall be destroyed. A record shall be kept of all animals so segregated or removed from the herd showing reasons for isolation and manner of disposal. Such record shall at all times be open to inspection by the Health Officer. For any disease such tests and examinations shall be made at such intervals and by such methods as the Health Officer may prescribe and any diseased animals or reactors shall be disposed of as he may require.
- (e) Every new animal introduced into the herd shall be examined by an approved veterinarian and the recognised prescribed tests made by him immediately before admission of such animal to the herd unless it is certified by an approved veterinarian to be a non-reactor taken from another certified herd.
- (f) Every animal in the herd shall be marked with an identification mark or number and a complete register of animals in such herd shall be kept.
- (g) Such herds shall be completely isolated from all other cattle.
- (h) Certified milk shall be cooled immediately after completion of milking to forty-five degrees Fahrenheit ( $45^{\circ}$  F) or seven point two degrees Celsius ( $7.2^{\circ}$  C) or less, and maintained at or below that temperature until delivery.
- (i) Certified milk shall immediately after production at the farm at which it was produced either be bottled by the producer or placed in single service containers approved or sealed bulk containers approved by the Health Officer. The milk shall be bottled by means of an approved bottling machine and shall also be capped by machine in accordance with the provisions of regulation 56 (q) of these regulations. Containers other than bottles shall be closed with a tightly fitting cover and suitably sealed and labelled. All bottles and other containers shall be marked with the name and address of the producer, date of production and the words "Certified Milk". No certified milk shall be sold or supplied otherwise than in the container in which the milk was placed at the place of production.
- (j) Certified milk shall be kept separate at all stages from all other milk unless it is in sealed containers. No room in a dairy may be used for certified milk and other milk unless the former is in sealed containers.
- (ii) Elke dier in die trop moet ten opsigte van besmetlike misgeboorte getoets word en daar klipping teen *Brucelle abortus* wat in 'n laboratorium uitgevoer is, wat deur die Gesondheidsbeampte goedgekeur is. Die trop moet minstens elke twaalf (12) maande hertoets word, en die beste wat op die toets reageer, moet daaruit verwyder word. 'n Sertifikaat onderteken deur die vecarts van die laboratorium waar die toets gedoen is, en waarin elke dier met sy onderskeidingsnummer of -merk aangedui word, moet ten opsigte van so 'n trop aan die Gesondheidsbeampte besorg word.
- (iii) Elke dier in die trop moet ten opsigte van uierontsteking getoets word, en daarvan vy wees volgens liggaamlike ondersoek van die uierdele en 'n bakteriologiese ondersoek of ander toets wat die Gesondheidsbeampte vereis, en wat deur 'n goedgekeurde vecart uitgevoer moet word. 'n Sertifikaat wat deur so 'n vecart onderteken is, en waarin elke dier met nommer of merk aangedui word, moet ten opsigte van so 'n trop aan die Gesondheidsbeampte besorg word.
- (d) 'n Goedgekeurde vecart moet elke dier in die trop minstens al om die drie (3) maande ondersoek en elke dier wat siektegetekens toon waardoor melk besmet kan word, moet onverwyld uit die trop verwyder word, en na gelang afgesonder word, en mag weer by die trop gevoeg word nadat 'n goedgekeurde vecart getuig het dat so 'n dier herstel het. Die melk van 'n aldus verwyderde of afgesonderte dier moet vernietig word. 'n Register moet gehou word van alle diere wat aldus afgesonder of uit die trop verwyder is, en daarvan moet die redes vir verwydering of afsondering en die beskikkingswyse aangegevoer word. So 'n register moet aan die tye vir inspeksie deur die Gesondheidsbeampte beskikbaar wessé. By elke soort siekte skryf die Gesondheidsbeampte voor watter toets en ondersoek uitgevoer moet word, hoe en hoe dikwels hulle moet geskied, en hoe daar beskik moet word oor sick diere of diere wat reageer op die toets.
- (c) Elke nuwe dier wat by 'n trop gevoeg word, moet deur 'n goedgekeurde vecart ondersoek word, en hy moet die erkende voorgeskrewe toets daarrap uitvoer onmiddellik voordat so 'n dier tot die trop toegelaat word, tensy 'n goedgekeurde vecart getuig dat die bepaalde dier uit 'n gesertifiseerde trop kom en geen positiwe siekte-reaksies ton nie.
- (f) Elke dier in die trop moet 'n onderskeidingsmerk of -nommer dra, en daar moet volledig register gehou word van al die diere in so 'n trop.
- (g) Sodanige troppe moet gehel-en-al apart gehou word van ander beeste.
- (h) Gesertifiseerde melk moet onmiddellik na die melkery verkoel word tot op vyf-en-veertig grade Fahrenheit ( $45^{\circ}$  F) of sewe-punt-twee grade Celsius ( $7.2^{\circ}$  C) of laer, en tot afsluiting op daardie temperatuur of laer gehou word.
- (i) Onmiddellik na die melkery op 'n melkplaas waar gesertifiseerde melk geproduceer word, moet die gesertifiseerde melk deur die produsent gebottel word of in enkeldienshouers of verselle grootmatshouers wat die Gesondheidsbeampte goedgekeur het, geplaas word. Die melk moet gebottel word met 'n goedgekeurde vulmasjien en die doppe moet ook met 'n masjien ooreenkomsdig die bepalings van regulasie 56 (q) van hierdie regulasies aangebring word. Alle houers buiten bottels moet toegemaak word met 'n knap-passende deksel, en moet b'oorlik versel en gesieketter word. Al: bottels en ander houers moet die naam en adres van die produsent, die datum van produksie en die woede gesertifiseerde melk' van die melkery ingevoer word. Geen gesertifiseerde melk mag verkoop of verdra. Geen gesertifiseerde melk mag verkoop of verskaf word nie, tensy dit in die houer is waarin die melk by die plek van produksie geplaas is.
- (j) Gesertifiseerde melk moet aan die tye weg van ander melk gehou word, tensy dit in verselle houers is. Geen kamer in 'n melkery mag vir beid: gesertifiseerde en ander melk gebruik word nie, tensy eerste genoemde in verselle houers is.

- (k) Any vessel, container, apparatus or equipment at any time used for milk shall be cleaned and sterilized before being used for certified milk.
- (l) Certified milk shall not at any stage be treated by heat or in any other manner likely to effect its nature and quality except where a certificate has been granted by the Health Officer authorising the use of the designation "Pasteurized Milk" the milk may be treated in accordance with the conditions of such certificate and shall then be labelled or marked "Pasteurized Milk".
- (m) Accurate records shall be kept by every milk distributor who handles certified milk showing the quantities of certified milk purchased or acquired and sold or supplied, and the names and addresses of persons from whom the milk was purchased or acquired and to whom it was sold or supplied.
- Every producer of certified milk shall keep in similar manner records showing the quantities of certified milk which he produces and sell or supply, and the names and addresses of persons to whom it is sold or supplied.
- Such records shall be available at all times for inspection by the Health Officer.
58. Any person found guilty of contravening any of the Regulations in Chapter II contained shall be liable to a fine not exceeding fifty pounds (£50) or to imprisonment with or without hard labour for a period not exceeding six (6) months or to both such fine and such imprisonment.
- (k) Elke kan of houer hoegenaamd. apparaat of toerusting wat te eniger tyd vir melk gebruik word, moet voordat dit vir gesertifiseerde melk gebruik word, skoongetrek en gesteriliseer word.
- (l) Gesertifiseerde melk mag nooit met hitte of 'n ander middel behandel word wat so eienkappe en gehalte moontlik kan aanstaan nie, buiten waar die Gesondheidscampagne 'n sertifikaat uitgerik het waarin hy die benaming „gesertifiseerde melk” veroorloof, en dan kan die melk ooreenkomsdig die voorwaarde van so 'n sertifikaat behandel word, en daarop moet dit die etiket of merk „gesertifiseerde melk” kry.
- (m) Elke melkleveransier wat gesertifiseerde melk hanter, moet noukeurig aantekening hou van die hoeveelheid gesertifiseerde melk wat aangekoop of verkry en verkoop of verskaf word, sowel as die name en adresse van diegene van wie die melk gekoop of verkry is, en aan wie dit verkoop en verskaf is.
- Elke produusent van gesertifiseerde melk moet op soortgelyke wyse aantekening hou van die hoeveelheid gesertifiseerde melk wat hy produus en verkoop of verskaf en die name en adresse van diegene aan wie dit verkoop of verskaf is.
- Sodanige aantekening moet te alle tye vir inspeksie deur die Gesondheid b. amptie b. saligbaar wees.
58. Elkeen wat skullig bevind word van 'n oortreding van 'n regulasie in Hoofstuk II is strafbaar met 'n boete van hoogsteens vyftig pond (£50) of met gevangenisstraf met of sonder dwangarbeid vir 'n tydperk van hoogstens ses maande, of met beide sodanige boete en sodanige gevangenisstraf.
