Such current limiter shall be installed free of charge. If, during the same year further changes of current limiters are desired, such changes shall be carried out at a cost of R1,50 each. After expiry of the year referred to above, current limiters shall only be replaced under the following conditions:

- (ii) Such application shall only be acceded to after the lapse of a period of six months from the date of application, except in special cases, where it can be shown, to the satisfaction of the electrical engineer, that a change in the connected load of the installation justifies a proportional change in rating of the current limiter.
- (d) When applying the current limiter tariff, the Council shall have the right to require consumers to state the capacity of the current limiter(s) required. Should a consumer not nominate the rating required, the Council may cause the installation to be connected through a current limiter of 20 ampères rated capacity and the basic charge shall be levied accordingly.

So 'n stroombeperker word kosteloos geïnstalleer. As daar gedurende dieselfde jaar verdere veranderings van stroombeperkers verlang word, word dit gedoen teen 'n koste van R1,50 elk. Na verstryking van bogenemde jaar word stroombeperkers slegs op die volgende voorwaardes vervang:
- (i) 'n skriftelike aansoek, vergesel van 'n betaling van R2,00 moet by die stadstesourier ingedien word.
