TRADE MARKS	1

APPLICATIONS FOR REGISTRATION OF TRADE MARKS IN NAMIBIA

(Applications accepted in terms of Act No. 48 of 1973)

Any person who has grounds for objection to any of the following trade marks, may, within the prescribed time, lodge Notice of Opposition on form SM 6 contained in the Second Schedule to the Trade Marks Rules in Namibia, 1973. The prescribed time is two months after the date of advertisement. This period may on application be extended by the Registrar. Where the Gazette is issued late, the period of opposition will count as from the date of issue and a notice relating thereto will be displayed on the public notice board in the Trade Marks Registry.

Formal opposition should not be lodged until after notice has been given by letter to the applicant for registration so as to afford him an opportunity of withdrawing his application before the expense of preparing the Notice of Opposition is incurred. Failing such notice to the applicant an opponent may not succeed in obtaining an order for costs.

“B” preceding the number indicates Part B of the Trade Mark Register.

Neither the office mentioned hereunder nor Windhoek Printers & Publishers (Pty) Ltd., acting on behalf of the Government of Namibia, guarantee the accuracy of this publication or undertake any responsibility for errors or omissions or their consequences.

E.T. KAMBOUA

ABSTRACT

Apparatus for electroadhesion includes electrodes coated with a polymer having high dielectric-permittivity and degree of polarisation, and having a conformable surface, (for example flat,) to the article or articles to be adhered (such as, for example, semi-conductor discs), the polymer also having a predetermined plasticity to accommodate any irregularities in the surface of the article/s to be adhered for minimum presence of air between the two contacting surfaces; and a source of electrical current for charging the electrodes and inducing an electrical field on the article/s.

ABSTRACT

A carrying device for rural dwellers includes handle-bars, and a carrying bar which is horizontal and includes hooks for suspending drums thereunder and which curves and leads to a single wheel. The containers remain vertical despite tilting the device due to difficult terrain.
