No. 44

2000

DETERMINATION OF BULK WATER SUPPLY TARIFFS

In terms of section 7(3) of the Namibia Water Corporation Act, 1997 (Act No. 12 of 1997), it is hereby made known that the Namibia Water Corporation Limited has, in consultation with the Minister of Agriculture, Water and Rural Development, determined -

- (a) the bulk water supply tariffs set out in the Schedule;
- (b) that the tariffs set out in the Schedule shall come into operation on 1 April 2000.

E.H.T. ANGULA
CHAIRPERSON OF THE BOARD
NAMIBIA WATER CORPORATION LIMITED

ABSTRACT/PREAMBLE

The Namibia Water Corporation Limited has announced a 17% average Water Tariffs increase which is inline with its promise of not to increase water tariffs by more than 20% over a period of 5 years.

The announced tariff increase is a result of the new Bulk Water Tariff Policy. The existing Bulk Water Tariff Policy that calls for an Area Based Cross-subsidisation did not support NamWater's national objective of providing affordable water to the entire nation nor did it support NamWater's national infrastructure development objectives.

The new Bulk Water Tariff Policy that allows for a broader Zone-Based Cross subsidisation was designed to alleviate the shortcomings of the previous policy.

Under the Zone Based Cross-subsidisation rule, there is a broader or much wider cross-subsidisation compared to the Area Based Cross-subsidisation. Under the new rule a Zone Tariff is determined and for schemes with tariffs below the Zone Tariff, a maximum increase of 20% per year, for five years, would have to be implemented until the Scheme tariff is equal to the Zone Tariff.
