No. 131 2005

MEDICINES AND RELATED SUBSTANCES CONTROL ACT, 1965: NOTIFICATION OF REGISTRATION OF CERTAIN MEDICINES

In terms of section 17 of the Medicines and Related Substances Control Act, 1965 (Act No. 101 of 1965), the Registrar of Medicines gives notice that the medicines set out in the Schedule have been registered in terms of that Act, subject to the conditions that -

- (a) the applicant must ensure that the medicine is manufactured and controlled in terms of acceptable standard of Good Manufacturing Practices as required by the World Health Organization (WHO);
- (b) the applicant must comply with all the legal requirements of the Medicines and Related Substances Control Act, 1965;
- (c) the information in the package insert must be updated on a regular basis to ensure conformity with the package insert approved by the Medicines Control Council;
- (d) the manufacturing of the medicine must be subject to regular investigation and in-

spection by inspectors authorized as such under section 26 of the Medicines and Related Substances Act, 1965, who must assess compliance of the medicines set out in the Schedule with their conformity with acceptable standard of Good Manufacturing Practices by the WHO;

(e) the registration of the medicine set out in the Schedule must be subject to regular review regarding quality, safety and efficacy, and the registration of that medicine may be varied subject to any matter which the Medicines Control Council may consider fit;

(f) the first two production batches must be fully validated in terms of the detailed process validation protocol submitted at the time of application for registration, and the validation report must be submitted within one month after completion of the validation;

(g) The registration dossier must be subject to review at intervals determined by the Medicines Control Council.
