2014

REGISTRATION OF CERTAIN MEDICINES MEDICINES AND RELATED SUBSTANCES CONTROL ACT, 2003

In terms of section 23 of the Medicines and Related Substances Control Act, 2003 (Act No. 13 of 2003), I give notice that the medicines set out in the schedule have been registered in terms of that Act, subject to the following conditions:

1. The manufacture and control of medicines must be in accordance with the existing current good manufacturing practices as required by the World Health Organization;
2. In order to assess compliance with paragraph (1) inspections and investigations may be carried out regularly by inspectors authorized in terms of section 35 of the Act;
3. The information in the package insert must, on a regular basis, be updated to conform with the package insert approved by the Council;
4. The holder of the certificate of registration which is referred to in section 19(7) of the Act must comply with the Act;
5. The registration of a medicine is subject to regular review regarding its quality safety and efficacy, and the Council may, as it may consider necessary, vary the registration of the medicine;
6. The first two production batches must be validated in accordance with detailed process validation protocol which was submitted at the time of application for registration;
7. A validation report must be submitted to the Council within one month from the date of completion of the validation referred in paragraph (6); and
8. The Council may review the registration dossier at such intervals as the Council may determine.
