NOTIFICATION OF REGISTRATION OF CERTAIN MEDICINES: MEDICINES AND RELATED SUBSTANCES CONTROL ACT, 2003

In terms of section 23(a) of the Medicines and Related Substances Control Act, 2003 (Act No. 13 of 2003), I give notice that the medicines set out in the Schedule have been registered in terms of that Act, subject to the following conditions:

- (a) the manufacture and control of medicines must be in accordance with existing Good Manufacturing Practices as required by the World Health Organisation;
- (b) in order to assess compliance with paragraph (a), inspections and investigations may be carried out regularly by inspectors authorised and empowered in terms of sections 35 and 36 of the Act to undertake such inspections and investigations;
- (c) every manufacturer of medicine listed in the Schedule must, with the approval of the Namibia Medicines Regulatory Council, ensure that the information contained in the medicine package insert is regularly updated and varied so as to provide accurate information to the user of the medicine;

- (d) the holder of a certificate of registration referred to in section 19(7)(b) of the Act must comply with the provisions of the Act;
- (e) the registration of medicine is subject to regular review regarding its quality, safety and efficacy and the Namibia Medicines Regulatory Council may, if necessary, vary the registration of the medicine;
- (f) the first two production batches of a registered medicine must be validated in accordance with the detailed process validation protocol which was submitted at the time of the application for registration;
- (g) a validation report must be submitted to the Namibia Medicines Regulatory Council within one month from the date of completion of the validation referred to in paragraph (f); and
- (h) the Namibia Medicines Regulatory Council may review the registration dossier and may determine the intervals when such review will take place, and for purposes of this paragraph –
 - (i) “registration dossier” means a set of documents submitted in support of an application for the registration of medicine, containing all administrative, quality, pre-clinical and clinical information relating to the safety, quality and efficacy of that medicine.
