REZONING OF CONSOLIDATED ERF 7590, WINDHOEK

Du Toit Town Planning Consultants, are applying on behalf of the owner of Consolidated Erf 7590, Windhoek, Hochveld Investments (Proprietary) Limited, to the City of Windhoek Council and the Urban and Regional Planning Board for:

Rezoning of Consolidated Erf 7590, Windhoek from ‘residential’ with a density of 1:900 to ‘residential’ with a density of 1:500.

Consolidated Erf 7590 is situated on Epukiro Street, to the east of the Eros Shopping Centre. The property measures 1671m² in extent and is currently zoned ‘residential’ with a density of one dwelling per 900m². The erf is currently developed and well maintained.

The owner intends to increase the density of the erf from 1:900 to 1:500. The proposed increase in residential density from 1:900 to 1:500 is motivated by a practical housing need. The owner intends to accommodate an additional residential dwelling on the erf in order to provide independent living space, while maintaining the residential character of the property.

The subject erf falls within an area identified in the new Windhoek Urban Structure Plan as suitable for a general residential density of up to 1:500. The structure plan explicitly encourages densification in this locality in order to support efficient land use and sustainable urban growth.

The access to the erf will remain from Epukiro Street. The parking plan will be submitted with the approval of the new building plans.

Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the last publication of this notice (final date for objections is **5 March 2026**).

SUBDIVISION OF THE REMAINDER OF PORTION 2 (SONNLEITEN) OF FARM
ONDEKAREMBA NO. 78

Du Toit Town Planning Consultants, are applying on behalf of the owner of the erf, Marton Investments CC (sole member Andrea Giel), the in terms of the stipulations of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018), to the Windhoek City Council and the Urban and Regional Planning Board for:

- **Subdivision of the Remainder of Portion 2 (Sonnleiten) of Farm Ondekaremba No. 78 into Portion A (±75ha) and Remainder (± 1900,404ha); and**
- **Subsequent rezoning of the subdivided Portion A from ‘agriculture’ with a gross density of 1:10ha to ‘rural residence’ with a gross density of 1:5ha.**

Remainder of Portion 2 (Sonnleiten) of Farm Ondekaremba No. 78 is situated on the southern side of the Trans-Kalahari Highway (B6) and the newly opened Dr Hage G. Geingob Freeway (Trunk Road 9/1), approximately 10 km from Hosea Kutako International Airport. The total extent of the Remainder of Portion 2 (Sonnleiten) is 1 975,4044ha.

The owner was approached by a private party to purchase a 75ha portion of the property with the intention of developing approximately 11 rural residential units on about 55ha of the site. The remaining ±15ha will be retained in its natural state due to the topography of the land. In order to accommodate this proposed development, the subdivision of the property and the subsequent rezoning of Portion A to “rural residence”, as provided for under the Kapps Farm Zoning Scheme, are required.

Following earlier subdivisions and the completion of the Dr Hage G. Geingob Freeway, access to the property has changed. Whereas access was previously obtained directly from the B6, a new interchange has been constructed on the freeway. Access is now provided via a right-of-way servitude extending in a southerly direction. Access to the proposed Portion A will thus be from the 15m right-of-way parallel to the new freeway for a distance of ±2,8km whereafter it turns in a southerly direction along the gravel road created by the contractors to proposed Portion A.

Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the last publication of this notice (final date for objections is **5 March 2026**).
