**Definitions**

1. In these regulations a word or expression to which a meaning has been assigned in the Act has that meaning, and unless the context otherwise indicates -

“buffer zone” means the all-encompassing area referred to in regulation 2;

“boat-based tourism”, within the boundaries of the Namibian Islands' Marine Protected Area, excludes any form of landing on any island within the Namibian Islands' Marine Protected Area;

“guano scraping” refers to the removal, bagging, weighing and transfer of guano, a substance primarily composed of seabird excrement accumulated in areas where seabirds roost or breed;

“island-based tourism” means landing on an island or accessing an island in the Namibian Islands' Marine Protected Area;

“mariculture” means the farming of marine organisms;

“Namibian Islands' Marine Protected Area” means the Namibian Islands Marine Reserve as declared under Government Notice No. 17 of 16 February 2009; and

“the Act” means the Marine Resources Act, 2000 (Act No. 27 of 2000).

**PART 2**  
**DELINEATION**

**Delineation**

**REGULATIONS**  
**Marine Resources Act 27 of 2000**

**Regulations relating to Namibian Islands' Marine Protected Area**

2. (1) The Namibian Islands' Marine Protected Area includes all islands, rocks, islets, marine resources and marine area as follows -

- (a) the northern border is constituted by a line drawn from a point just north of Meob Bay at 24°29'10"S, 14°30'00"E, running due east to the high water mark;
- (b) the southern border constituted by a line drawn from a point south-west of Chamais Bay at 27°57'34"S, 15°28'05"E, running due east to the high water mark;
- (c) the western border is constituted by a line connecting the list of co-ordinates provided in regulation 3; and
- (d) the eastern border runs along the high water mark of Namibia's coast-line, between Meob Bay in the north and Chamais Bay in the south of the Protected Area.

PART 3  
CO-ORDINATES

**Co-ordinates of Namibian Islands' Marine Protected Area**

3. (1) The following is the all encompassing buffer zone of the Namibian Islands' Marine Protected Area:

[The word "all-encompassing" should be hyphenated in subregulation (1) as it is in the table below.]

<b>All-encompassing buffer zone of the Namibian Islands' Marine Protected Area</b>	<b>Latitude South</b>	<b>Longitude East</b>

**PART 4**  
**ZONATIONS**

**Zonations**

**REGULATIONS**  
**Marine Resources Act 27 of 2000**

**Regulations relating to Namibian Islands' Marine Protected Area**

4. (1) The Namibian Islands' Marine Protected Area consists of an all encompassing buffer zone, further sub-zoned into four degrees of increasing protection. The approved conditions enforceable in each zone are contained in the management zonations for the Namibian Islands' Marine Protected Area.

[The word "all-encompassing" should be hyphenated.]

(2) Zone 1 represents the buffer zone with generalized and fewest restrictions, applicable to all islands, islets, rocks and areas specifically mentioned, as stipulated in Part 6.

(3) Enforceable conditions for Zone 2 apply to near-shore and on-shore mining areas up to a water depth of 30 m.

(4) Zone 3 restrictions are enforceable to a perimeter of 120 m (or less in specified cases in the approved management zonations) around each island, islet or rock.

(5) Zone 4 represents areas of priority conservation and highest protection status and is in force on the islands, islets, rocks, rock lobster sanctuaries and line fish sanctuaries.

**PART 5**  
**RESTRICTIONS AND PROHIBITIONS IN THE BUFFER ZONE OF**  
**NAMIBIAN ISLANDS' MARINE PROTECTED AREA**

**Restricted harvesting of silver kob (kabeljou) and steenbras**

5. A person may not, for recreational or commercial purposes, harvest silver kob (kabeljou) and steenbras by means of long-lines or line fishing in the line fish sanctuary area from Meob Bay to Sylvia Hill between the high water mark and six nautical miles offshore as indicated by the following co-ordinates:

At Meob Bay	24°29'10"S	14°30'00"E
Point west of Black Reef	24°33'19"S	14°29'15"E
Point west of Black Rock	24°57'23"S	14°42'25"E
At Sylvia Hill	25°09'57"S	14°44'02"E

**Sylvia Hill**

6. (1) A person is not permitted to enter the caves at Sylvia Hill, except a staff member of the Ministry of Fisheries and Marine Resources or the Ministry of Environment and Tourism, who has been issued with a permit by that Ministry of Fisheries and Marine Resources.

(2) Commercial rock lobster fishing is prohibited within the polygon defined by the following co-ordinates:

25°08'15.45"S	14°50'51.35"E
25°08'15.20"S	14°50'55.60"E
25°08'17.60"S	14°50'51.35"E
25°08'13.00"S	14°50'52.10"E

**REGULATIONS**  
**Marine Resources Act 27 of 2000**

**Regulations relating to Namibian Islands' Marine Protected Area**

**Rock lobster sanctuary between Prince of Wales Bay (otherwise referred to as Prinzenbucht) and Chamais Bay**

7. Fishing for rock lobster for commercial purposes is prohibited in the shallow areas within the polygon defined by the following co-ordinates:

North-West corner of sanctuary (Northern border extends from this point straight east to the high water mark on the coastline)	27°03'43"S	15°11'56"E
Point west of Prinzenbucht	27°06'33"S	15°12'44"E
Point west of Pomona	27°12'02"S	15°13'25"E
Point west of Van Reenen Bay	27°24'42"S	15°19'25"E
Point west of Baker's Bay	27°40'17"S	15°27'00"E
SW corner of sanctuary (Southern border off Chamais Bay extends from this point straight east to the high water mark on the coastline)	27°55'52"S	15°38'15"E

**Prohibition on purse seining**

8. Purse seining activities may not be undertaken in the Namibian Islands' Marine Protected Area.

**Prohibition on trawling**

9. Trawling activities may not be undertaken in the Namibian Islands' Marine Protected Area.

**Prohibition on long lining**

10. Long lining activities may not be undertaken in the Namibian Islands' Marine Protected Area.

**Prohibition on kelp-cutting and harvesting of live kelp**

11. (1) A person may not cut or harvest live kelp in the Namibian Islands' Marine Protected Area.

(2) Where the cutting of kelp is considered necessary, this will only be allowed if a permit has been granted, after an application has been submitted to the regional office of the Ministry of Fisheries and Marine Resources in accordance with Annexure A.

(3) A kelp cutting permit referred to in subregulation (2) must be issued by the Minister of Fisheries and Marine Resources or by a person or authority authorised by the Minister in writing.

(4) The Minister or a person or authority authorised by the Minister in writing may -

(a) refuse the application;

(b) grant the application and issue a permit; or

**REGULATIONS**  
**Marine Resources Act 27 of 2000**

**Regulations relating to Namibian Islands' Marine Protected Area**

(c) grant the application and issue a permit subject to certain conditions which the Minister or a person or authority authorised by the Minister considers necessary.

(5) The Minister or a person or authority authorised under subregulation (3) to issue kelp cutting permits must maintain records of the permits issued and the payments received for the issuing and must file reports in the manner required by the Permanent Secretary.

(6) Applications for a kelp-cutting permit are considered on a case by case basis.

**Prohibited harvesting of inter-tidal species for commercial purposes**

**12.** (1) A person may not for commercial purposes harvest any living inter-tidal or benthic species in the inter-tidal zone in areas shallower than 1 meter below the low water mark in the Namibian Islands' Marine Protected Area.

(2) The inter-tidal and benthic species include but are not limited to the following:

<b>SPECIES</b>		
<b>Common name</b>	<b>Scientific name</b>	<b>Comment</b>
Limpets:	<i>Scutella argenvillei</i>	
	<i>Scutella granularis</i>	
	<i>Scutella granatina</i>

PART 6  
RESTRICTIONS AND PROHIBITIONS IN ZONE 1 OF  
NAMIBIAN ISLANDS' MARINE PROTECTED AREA

**Zone 1 restrictions**

15. (1) Prospecting and mining on islands referred to in regulation 4 is prohibited.
- (2) Anchoring on islands, islets and rocks referred to in regulation 4 is prohibited.

**REGULATIONS  
Marine Resources Act 27 of 2000**

**Regulations relating to Namibian Islands' Marine Protected Area**

---

(3) The following is prohibited on islands in Part 9 within the polygon defined by the co-ordinates -

- (a) access by vessels with a size of more than 500 Gross Registered Tonnage (GRT); and
- (b) mining and any form of dumping on rocky outcrop areas is prohibited, except for in the unconsolidated sediment (sandy) areas.

(4) An over-flight restriction of a minimum altitude of 3000 feet/1000 meters, within a radius of one nautical mile measured from each islands' low water mark applies in the Namibian Islands' Marine Protected Area, except in the case of a medical emergency and for research purposes.

(5) Over-flight restrictions of a minimum altitude of 3000 feet/1000 meters apply to Sylvia Hill, Oyster Cliffs, Spencer Bay, Van Reenen Bay, Wolf Atlas Bay and Bakers Bay on the mainland of the Namibian Islands' Marine Protected Area, except for Diaz Point provided Diaz Point is only approached from the North by air.

(6) Commercial harvesting of seals on all islands in the Namibian Islands' Marine Protected Area is prohibited.

**PART 7**

**ACCESS TO ISLANDS, ISLETS AND ROCKS WITHIN NAMIBIAN ISLANDS' MARINE PROTECTED AREA**

**Prohibition on access to islands, islets and rocks**

16. A person may not land on or access any island, islet or rock in the Namibian Islands' Marine Protected Area unless the person is in possession of a valid permit obtained from the regional office of the Ministry of Fisheries and Marine Resources in Lüderitz as contained in Annexure C.

**PART 8**

**RESTRICTIONS AND PROHIBITIONS IN ZONE 2 OF NAMIBIAN ISLANDS' MARINE PROTECTED AREA**

**Zone 2 restrictions**

17. (1) Only minimal mining processing plant discharge is allowed between Prince of Wales Bay and Chamais Bay provided that settling pond systems are being implemented in order to minimize the mining processing plant discharge.

(2) Any sediment buildup that forms land bridges to any island in the Namibian Islands' Marine Protected Area must be monitored and remedial action must prevent the formation of the land bridges to the islands.

[The word "build-up" should be hyphenated.]

- (3) No more than two active mining sites using sea walls may operate simultaneously.

**REGULATIONS  
Marine Resources Act 27 of 2000**

**Regulations relating to Namibian Islands' Marine Protected Area**

(4) Processing plant discharge points into the sea and onto the beach must be minimized with the development of any new mining activities in the Namibian Islands' Marine Protected Area.

**PART 9  
RESTRICTIONS AND PROHIBITIONS IN ZONE 3 AND ZONE 4 OF NAMIBIAN  
ISLANDS' MARINE PROTECTED AREA**

**Hollamsbird Island**

**18.** (1) A person may not access or land on Hollamsbird Island unless the person is in possession of a valid permit obtained from the regional office of the Ministry of Fisheries and Marine Resources as contained in Annexure C.

(2) The commercial harvesting of seals on Hollamsbird Island is prohibited.

(3) Crafts are not permitted within the polygon as defined by the following coordinates, except for research and patrol craft of the Ministry of Fisheries and Marine Resource:

24°38'16.08"S	14°31'46.92"E
24°38'17.16"S	14°31'58.08"E
24°38'26.88"S	14°31'47.64"E
24°38'25.44"S	14°31'58.80"E

**Mercury Island**

**19.** (1) A person may not access or land on Mercury Island unless the person is in possession of a valid permit obtained from the regional office of the Ministry of Fisheries and Marine Resources in Lüderitz as contained in Annexure C.

(2) Guano scraping for commercial purposes on Mercury Island is prohibited.

(3) The following is prohibited around Mercury Island, according to the polygon defined by the co-ordinates indicated below:

25°42'57.20"S	14°49'54.00"E
25°43'00.25"S	14°50'05.60"E
25°43'15.70"S	14°50'04.00"E
25°43'22.80"S	14°49'57.90"E
25°43'20.45"S	14°49'51.10"E

(a) all anchorage within this polygon around Mercury Island, except for the Ministry of Fisheries and Marine Resources research or patrol crafts and vessels appointed by Ministry of Fisheries and Marine Resources to undertake island infrastructure maintenance; and

(b) mining and any form of dumping on rocky outcrop areas is prohibited, except in the unconsolidated sediment (sandy) areas in Zone 3.

(4) Commercial fishing for rock-lobster is restricted to 50 meters sea-wards of the low water mark and is prohibited within the polygon defined by following co-ordinates:

**REGULATIONS  
Marine Resources Act 27 of 2000**

**Regulations relating to Namibian Islands' Marine Protected Area**

25°43'0.70"S	14°49'56.51"E
25°43'0.75"S	14°50'2.66"E
25°43'12.32"S	14°50'2.39"E
25°43'20.57"S	14°49'56.62"E
25°43'20.35"S	14°49'53.67"E
25°43'7.92"S	14°49'54.38"E

(5) All fishing gear must be removed from the marine area once fishing activities have ceased as required by regulation 23(1) of the Exploitation of Marine Resources Regulations made under Government Notice 241 of 7 December 2001 and section 49(2) of the Act.

(6) Mariculture operations are only permitted outside the Zone 3 co-ordinates indicated in subregulation (4) and such operations may not obstruct the free movement or passage of whales, dolphins, African Penguins and other protected species moving through Spencer Bay around Mercury Island.

**Neglectus Islet**

**20.** A person may not access or land on Neglectus Island unless the person is in possession of a valid permit obtained from the regional office of the Ministry of Fisheries and Marine Resources in Lüderitz as contained in Annexure C.

**Hottentot Bay**

**21.** A maximum limit of 100 kg of gurnard (triglidae) per rock lobster vessel may be fished during the rocklobster season of January to April of each year provided the following requirements are met -

- (a) this catch may only be used for immediate bait use for the rock lobster fishery;
- (b) only hand-lines may be used to fish this gurnard (triglidae); and
- (c) special permission is obtained from the Permanent Secretary as required by section 51(3) of the Act.

**Disused Jetty in Hottentot Bay**

**22.** (1) A person may not access or land on the disused jetty with co-ordinates as follows:

Disused Jetty Hottentot Bay (50m)	26°08'27.60"S	14°56'45.00"E
	26°08'29.20"S	14°56'47.35"E

(2) A person may not approach the jetty from the sea-side direction beyond a minimum distance of 50 meters radius, measured by a line drawn from the indicated co-ordinates parallel to the jetty and to the high water mark of the coastline, according to the polygon defined by the co-ordinates in subregulation (1).

**Islet north of Danger Point**
