(4) In exercising its function under subsection (3), a board may make such enquiries and consult such persons as it may consider necessary or expedient for that purpose and -

- (a) must ratify the allocation of the right if it is satisfied that such allocation was made in accordance with the provisions of this Act;

(2) Upon the death of the holder of a right referred to in subsection (1) such right reverts to the Chief or Traditional Authority for re-allocation forthwith -

- (a) to the surviving spouse of the deceased person, if such spouse consents to such allocation; or
- (b) in the absence of a surviving spouse, or should he or she not consent as contemplated in paragraph (a), to such child of the deceased person as the Chief or Traditional Authority determines to be entitled to the allocation of the right in accordance with customary law.

(3) If, after the allocation of a customary land right to a surviving spouse referred to in subsection (2), such spouse enters into a second or subsequent marriage, then, upon the death of such surviving spouse, the right in question reverts to the Chief or Traditional Authority for re-allocation of such right forthwith -

- (a) to the surviving spouse, if any, of such second or subsequent marriage, if he or she consents to such allocation; or
- (b) in the absence of a surviving spouse from such second or subsequent marriage, or should he or she not consent as contemplated in paragraph (a), to such child, either from the first or such second marriage or any such subsequent marriage, as the Chief or Traditional Authority determines to be entitled to the allocation of the right in accordance with customary law.

(4) Upon the death of a surviving spouse of a second or subsequent marriage contemplated in subsection (3) to whom a customary land right has been allocated in terms of that subsection, such right reverts to the Chief or Traditional Authority, who then, subject to subsection (5), must determine the person to whom the right must be allocated, who may include -

**Communal Land Reform Act 5 of 2002**

---

- (a) a surviving spouse of a further marriage which the deceased person referred to in this subsection has entered into subsequent to the allocation of the right to him or her in terms of subsection (3);
- (b) any child from any of the marriages contemplated in the provisions of this section; or
- (c) any other person.

(5) For the purpose of determining the person to whom a customary land right must be allocated in the circumstances contemplated in subsection (4), the Chief or Traditional Authority concerned must first consult with such members of the family or families concerned as the Chief or Traditional Authority considers necessary or expedient to consult in accordance with customary law.

(6) Any reference in this section to a child must be construed as including an adopted child.

(7) If, in any of the circumstances provided for in the preceding provisions of this section, no surviving spouse or any children can be found to whom a customary land right can be allocated, or should the surviving spouse and such children decline to accept such allocation of a right, the Chief or Traditional Authority may allocate the right in question to any person as the Chief or Traditional Authority thinks fit.

**Cancellation of customary land right**

27. (1) Subject to subsection (2), a Chief or Traditional Authority may, in accordance with customary law, cancel a customary land right, including a right referred to in section 28(1) -

- (a) if the holder of the right fails to observe in a material respect any condition or restriction attached to the right under this Act;
- (b) if the land is being used predominantly for a purpose not recognised under customary law; or
- (c) on any other ground as may be prescribed.

(2) Any cancellation of a customary land right by a Chief or a Traditional Authority under subsection (1) has no legal effect unless the cancellation is ratified by the relevant board.

(3) Upon the cancellation of a customary land right under subsection (1), the Chief or Traditional Authority by whom it was cancelled must forthwith notify the relevant board thereof and furnish to the board the prescribed particulars pertaining to the cancellation.

(4) A board must ratify the cancellation of a customary land right in terms of subsection (1) if it is satisfied that such cancellation was properly effected in accordance with the provisions of this Act.

(5) The board must cause to be entered in the prescribed register any cancellation of a customary land right in terms of this section.

**Recognition of existing customary land rights**

**Communal Land Reform Act 5 of 2002**

---

**28.** (1) Subject to subsection (2), any person who immediately before the commencement of this Act held a right in respect of the occupation or use of communal land, being a right of a nature referred to in section 21, and which was granted to or acquired by such person in terms of any law or otherwise, shall continue to hold that right, unless -

- (a) such person's claim to the right to such land is rejected upon an application contemplated in subsection (2); or
- (b) such land reverts to the State by virtue of the provisions of subsection (13).

(2) With effect from a date to be publicly notified by the Minister, either generally or with respect to an area specified in the notice, every person who claims to hold a right referred to in subsection (1) in respect of land situated in the area to which the notice relates, shall be required, subject to subsection (3), to apply in the prescribed form and manner to the relevant board -

- (a) for the recognition and registration of such right under this Act; and
- (b) where applicable, for authorisation for the retention of any fence or fences existing on the land, if the applicant wishes to retain such fence or fences.

(3) Subject to section 37, an application in terms of subsection (2) must be made within a period of three years of the date notified under that subsection, but the Minister may by public notification extend that period by such further period or periods as the Minister may determine.

(4) A notification under subsection (2) or (3) must be published in the *Gazette* and be given in any other manner which the Minister considers expedient.

(5) An application in terms of subsection (2) must be accompanied by -

- (a) any documentary evidence, if available, which the applicant can submit in support of his or her claim;
- (b) a letter from the Chief or Traditional Authority of the traditional community within whose communal area the land in question is situated, furnishing the prescribed information;
- (c) any further information or documents as the board may require.

(6) In considering an application in terms of subsection (2), and notwithstanding a report by an investigating committee in terms of section 37 in a particular case, a board may make such investigations or inquiries and consult such persons as it may consider necessary or expedient to establish any fact relevant to the applicant's claim, including -

- (a) the date when and manner in which the applicant acquired the right in question;
- (b) whether any other person claims to possess any right in relation to the land in question;
- (c) whether the area of the land conforms to the prescribed size referred to in section 23;

[paragraph (c) amended by Act 13 of 2013]

**Communal Land Reform Act 5 of 2002**

---

(d) the position of the boundaries or any beacons of the land.

(7) If the board is satisfied as to the validity of the applicant's claim to the right, it must -

- (a) recognise the applicant's right to the land concerned and cause particulars of that right to be entered in the prescribed register; and
- (b) issue to the applicant a certificate of registration.

(8) If the applicant has, in terms of subsection (2)(b), applied for authorisation to retain any fence or fences which exist on the land in question and the board is satisfied that -

- (a) the fence or fences were erected in accordance with customary law or the provisions of any statutory law;
- (b) the fence will not unreasonably interfere with or curtail the use and enjoyment of the commonage by members of the traditional community; and
- (c) in the circumstances of the particular case, reasonable grounds exist to allow the applicant to retain the fence or fences concerned,

the board must grant to the applicant authorisation for the retention thereof, subject to any conditions which it may consider expedient to impose.

(9) If, in respect of any application in terms of subsection (2), the board is of the opinion -

- (a) that there are conflicting claims in relation to the land; or
- (b) that reasonable grounds exist to doubt the validity of the applicant's claim,

it must cause a hearing to be conducted in the prescribed manner to resolve the matter, and may make such decision in relation to the claim as it thinks just.

(10) Without prejudice to the generality of the power conferred by subsection (9), a decision under that subsection may include -

- (a) affirmation of the claim;
- (b) subject to subsection (11), rejection of the claim;
- (c) affirmation of the claim subject to any variations as the board may determine, including variation in respect of the area or the position of the boundaries of the land if the board determines that the area of the land exceeds the prescribed size or that the position of the boundaries are not in accordance with customary law; or
- (d) the allocation of a right in respect of an alternative portion of land if the land to which the applicant's claim relates encroaches on the commonage.

(11) If a board is not satisfied as to the validity of an applicant's claim to the right in question, it is not obliged to reject such claim but may instead refer the matter to the Chief or Traditional Authority concerned for consideration whether the applicant should be allocated a customary land right under this Act, whether in respect of the land to which the applicant's claim relates or to an alternative portion of land.

**Communal Land Reform Act 5 of 2002**

---

(12) Upon referral of a claim in terms of subsection (11), the Chief or Traditional Authority must consider and determine the claim as if it were a new application for the allocation of the right in question.

(13) Except if the Minister on good cause shown directs otherwise, no person shall on expiry of the period allowed for applications in terms of subsection (3) be entitled to apply for the recognition and registration of any right referred to in subsection (1), in which event -

- (a) the person holding the land shall be deemed to have relinquished his or her claim to that land; and
- (b) such land shall revert to the State and become available for the allocation of any right under this Act.

(14) If the person who holds a right referred to in subsection (1) dies -

- (a) before the expiry of the period referred to in subsection (3) and without such person having made the application contemplated in subsection (2), the surviving spouse or, in the absence of such a spouse, such child of that person as the board, in consultation with the Chief or Traditional Authority concerned may approve, may make that application as if the right held by the deceased person vested in such spouse or such child, as the case may be; or
- (b) after he or she has duly made the application contemplated in subsection (2), but before the determination of the application, that application shall be deemed to have been made by the surviving spouse or, in the absence of such a spouse, by a child referred to in paragraph (a), unless such spouse or such child, as the case may be, indicates otherwise.

**Grazing rights**

**29.** (1) Subject to the provisions of this section, the commonage in the communal area of a traditional community is available for use by the lawful residents of such area for the grazing of their stock, subject to -

- (a) such conditions as may be prescribed or as the Chief or Traditional Authority concerned may impose, including conditions relating to -
  - (i) the kinds and number of stock that may be grazed; and
  - (ii) the section or sections of the commonage where stock may be grazed and the grazing in rotation on different sections.
- (b) the right of the Chief or Traditional Authority or the relevant board to utilise any portion of the commonage which is required for the allocation of a right under this Act; and
- (c) the right of the President under section 16(1)(c) to withdraw and reserve any portion of the commonage for any purpose in the public interest.

(2) Notwithstanding subsection (1), the Chief or Traditional Authority may withdraw the grazing right of any resident who -

- (a) fails to observe in a material respect any condition referred to in subsection (1)(a);

**Communal Land Reform Act 5 of 2002**

---

- (b) contravenes any provision of subsection (4); or
- (c) has access to other land, whether communal land or otherwise, held by such resident under any right the total extent of which is equal to or more than the maximum size prescribed by the Minister under section 23 and which the Chief or Traditional Authority considers to offer sufficient grazing for the stock of such resident.

(3) Notwithstanding subsection (1), the Chief or Traditional Authority may upon application of any person who is not a resident referred to in that subsection, grant a grazing right to such person, either for a specified or an indefinite period, and any such person shall exercise such right subject to the conditions referred to in subsection (1)(a): Provided that the Chief or Traditional Authority may at any time withdraw a grazing right granted under this subsection if, due to drought or any other reasonable cause, the Chief or Traditional Authority considers such cancellation in the interest of the residents of the traditional community concerned.

(4) Except with the written authority of the Chief or Traditional Authority, and ratification by the board concerned, no person shall -

- (a) erect or occupy any building or other structure on the commonage;
- (b) plough or cultivate any portion of the commonage;
- (c) take up his or her abode on or occupy any portion of the commonage; or
- (d) obstruct the approaches to any watering place on the commonage, or prevent or attempt to prevent any person from drawing water from, or watering stock at, such a watering place, or pollute the water at such watering place or interfere with the operation of any windmill, water-pump, water-pipe, dam or storage tank or other appurtenance installed or constructed at such a watering place;
- (e) carry on any activity on the commonage, other than the lawful grazing of stock, which may prevent or restrict the residents of the traditional community concerned from a reasonable exercise of their grazing rights.

(5) A person who contravenes any provision of subsection (4) is guilty of an offence and liable on conviction to a fine not exceeding N\$4 000 or imprisonment for a period not exceeding one year.

*Part 2 - Right of leasehold*

**Power to grant right of leasehold**

**30.** (1) Subject to subsections (3) and (4) and section 31, a board may, upon application, grant to a person a right of leasehold in respect of a portion of communal land, but a right of leasehold for agricultural purposes may be granted only in respect of land which is situated within a designated area referred to in subsection (2).

(2) The Minister, after consultation with the Traditional Authority and the board concerned, must designate by notice in the *Gazette*, in respect of the communal area of each traditional community, an area within which that board may grant rights of leasehold for agricultural purposes.

**Communal Land Reform Act 5 of 2002**

(3) Notwithstanding subsection (1) a person may apply to the Minister for approval for the grant of a right of leasehold in respect of land which is wholly or partly situated outside a designated area, and the Minister may grant the application if the Minister, after consultation with the Traditional Authority and the board concerned, is satisfied that -

- (a) the grant of the right of leasehold will not unreasonably interfere with or curtail the use and enjoyment of the commonage by members of the traditional community; and
- (b) in the circumstances of the particular case, reasonable grounds exist for the grant of approval.

(4) Subject to subsection (5), a board may grant a right of leasehold only if the Traditional Authority of the traditional community in whose communal area the land is situated consents to the grant of the right.

(5) If a Traditional Authority refuses to grant consent in terms of subsection (4) when in the opinion of the board consent ought to be given, the board may submit the matter to an arbitrator referred to in subsection (6) for decision, who may grant consent in the place of the Traditional Authority if he or she is satisfied that the Traditional Authority is withholding consent unreasonably.

(6) The Minister must appoint as arbitrator under subsection (5) a person approved by the board and by the Traditional Authority concerned and, if either the board or the Traditional Authority or both -

- (a) fail to communicate its or their decision to the Minister with respect to a person proposed for appointment within 30 days of being notified by the Minister of the persons's name, address and qualifications; or

[The word "person's" is misspelt in the *Government Gazette*, as reproduced above.]

- (b) on a third occasion communicate disapproval of a person proposed for the particular appointment;

the Minister may disregard the requirement of approval stipulated by this subsection in so far as it concerns the board or the Traditional Authority or both, as the case may be.

**Application for right of leasehold**

**31.** (1) An application for a right of leasehold in respect of communal land must be made in the prescribed manner to the board in whose area the land in question is situated.

(2) A right of leasehold may not be granted in respect of a portion of land which another person holds under a customary land right, unless such person agrees to relinquish his or her right in respect of the land, subject to the payment of compensation as agreed to by such person and suitable arrangements for his or her resettlement on alternative land.

(3) A board may not, without the prior written approval of the Minister, grant a right of leasehold in respect of any land -

- (a) which exceeds the maximum size prescribed for the particular use for which the right is required; or

**Communal Land Reform Act 5 of 2002**

- (b) if the applicant is a leaseholder in respect of another portion of land granted under this Act or occupies any communal land under a right referred to in section 35(1), unless recognition of such right is refused in accordance with that section.

(4) Before granting a right of leasehold in terms of subsection (1) in respect of land which is wholly or partly situated in an area which has been declared a conservancy in terms of section 24A of the Nature Conservation Ordinance, 1975 (Ordinance No. 4 of 1975), a board must have due regard to any management and utilization plan framed by the conservancy committee concerned in relation to that conservancy, and such board may not grant the right of leasehold if the purpose for which the land in question is proposed to be used under such right would defeat the objects of such management and utilization plan.

(5) A right of leasehold may be granted to a community based organisation and such organisation may sublease to an investor.

**[subsection (5) inserted by Act 13 of 2013]**

(6) A sublease agreement to be entered into between a community based organisation and an investor for the purpose of subsection (5) becomes valid after approval by the board.

**[subsection (6) inserted by Act 13 of 2013]**

(7) The board may refuse to approve a sublease agreement referred to in subsection (6), if the sublease does not conform to the conditions or activities specified in the lease.

**[subsection (7) inserted by Act 13 of 2013]**

### **Conditions applicable to right of leasehold**

**32.** (1) A right of leasehold may be granted by a board only -

- (a) if an amount in respect of that right and any improvements on the land in question is paid to that board;
- (b) if security is furnished to the satisfaction of the board for the payment of the said amount upon registration of the right of leasehold; or
- (c) if the board allows such amount to be paid by way of instalments in a manner agreed upon between the board and the person to whom the right is granted.

(2) The amount referred to in subsection (1) must be determined in the manner prescribed.

(3) A right of leasehold is subject to such further conditions as may be prescribed by the Minister generally or as may be approved by the Minister in a particular case.

(4) Conditions referred to in subsection (3) may include conditions prescribing the circumstances in which the grantee of the right of leasehold -

- (a) may be required to cause the land in question to be surveyed, at his or her own expense, before the registration of such right in his or her name is effected; or
- (b) may be granted permission to cause the land in question to be surveyed at his or her own expense.

(5) Moneys paid in respect of the amount referred to in subsection (1) must be deposited in the fund established by or under any law for the purpose of regional development.

### **Registration of right of leasehold**

**33.** (1) Subject to subsection (2), if an application for a right of leasehold is granted by a board, the board must -

- (a) cause such right to be registered in the prescribed register in the name of the applicant; and
- (b) issue to the applicant a certificate of leasehold in the prescribed form and manner.

(2) If the land in respect of which the right of leasehold is granted is surveyed land which is shown on a diagram as defined in section 1 of the Land Survey Act, 1993 (Act No. 33 of 1993) and the term of lease is for a period of 10 years or more, the leasehold must be registered in accordance with the provisions of the Deeds Registries Act, 1937 (Act No. 47 of 1937).

**[The Deeds Registries Act 47 of 1937 has been replaced by the Deeds Registries Act 14 of 2015.]**

### **Duration of right of leasehold**

**34.** (1) Subject to subsection (2), a right of leasehold may be granted for such period, not exceeding 99 years, as the board and the grantee of the right may agree.

(2) A right of leasehold granted for a period exceeding ten years is not valid unless it is approved by the Minister.

(3) A right of leasehold may be renewed by agreement between the board and the leaseholder, but subject to the approval of the Minister in a case referred to in subsection (2).

### **Existing rights to occupy communal land**

**35.** (1) Subject to subsection (2), any person who immediately before the commencement of this Act held a right, not being right under customary law, to occupy any communal land, whether by virtue of any authority granted under any law or otherwise, may continue to occupy such land under that right, subject to the same terms and conditions on which the land was occupied immediately before the commencement of this Act, until -

- (a) such right is recognised and a right of leasehold is granted to such person in respect of the land upon acceptance of an offer made in terms of subsection (7);
- (b) such person's claim to the right to such land is rejected upon an application contemplated in subsection (2);
- (c) such person declines or fails to accept an offer of a right of leasehold made in terms of subsection (7); or
- (d) such land reverts to the State by virtue of the provisions of subsection (13).

(2) With effect from a date to be publicly notified by the Minister, either generally or with respect to an area specified in the notice, every person who claims to hold a right referred to in subsection (1) in respect of land situated in the area to which the notice relates, shall be required to apply in the prescribed form and manner to the relevant board -

**Communal Land Reform Act 5 of 2002**

---

(a) for the recognition of such right and the grant of a right of leasehold under this Act; and

(b) where applicable, for authorisation for the retention of any fence or fences existing on the land, if the applicant wishes to retain such fence or fences.

(3) Subject to section 37 an application in terms of subsection (2) must be made within a period of three years of the date notified under that subsection, but the Minister may by public notification extend that period by such further period or periods as the Minister may determine.

(4) A notification under subsection (2) or (3) must be published in the *Gazette* and be given in any other manner which the Minister considers expedient.

(5) An application in terms of subsection (2) must be accompanied by -

(a) any documentary evidence, if available, which the applicant can submit in support of his or her claim;

(b) a letter from the Chief or Traditional Authority of the traditional community within whose communal area the land in question is situated, furnishing the prescribed information;

(c) any further information or documents as the board may require.

(6) In considering an application in terms of subsection (2), and notwithstanding a report by an investigating committee in terms of section 37 in a particular case, a board may make such investigations or inquiries and consult such persons as it may consider necessary or expedient to establish any fact relevant to the applicant's claim, including -

(a) the date when and manner in which the applicant acquired the right in question;

(b) whether any other person claims to possess any right in relation to the land in question;

(c) whether the land to which the claim relates conforms to the prescribed size for the particular use for which the land is held;

(d) the position of the boundaries or any beacons on the land;

(e) whether the land is fenced-off and the nature, extent and date of erection of the fence.

(7) If the board is satisfied as to the validity of the applicant's claim, the board must in writing -

(a) offer to grant to the applicant a right of leasehold in respect of the land;

(b) state the conditions subject to which the leasehold is offered;

(c) specify the time, not being less than 90 days after the date on which the offer is made, within which the offer may be accepted; and

(d) inform such person that if he or she declines the offer or fails to accept it within the specified time, he or she shall cease to have any claim to the land in question.

**Communal Land Reform Act 5 of 2002**

---

(8) A person who refuses or fails to accept an offer made in accordance with subsection (7) shall cease to have any claim to the land in question, in which event the land shall revert to the State for the allocation of any right under this Act.

(9) If the applicant has, in terms of subsection (2)(b), applied for authorisation to retain any fence or fences which exist on the land in question and the board is satisfied that -

- (a) the fence or fences were erected in accordance with the provisions of any law or with the consent of a competent authority;
- (b) the fence will not unreasonably interfere with or curtail the use and enjoyment of the commonage by members of the traditional community; and
- (c) in the circumstances of the particular case reasonable grounds exist for allowing the applicant to retain the fence or fences concerned,

the board must grant to the applicant authorisation for the retention thereof, subject to such conditions as it may consider expedient to impose.

(10) If, in respect of any application in terms of subsection (2), the board is of the opinion -

- (a) that there are conflicting claims in relation to the land; or
- (b) that reasonable grounds exist to doubt the validity of the applicant's claim,

it must cause a hearing to be conducted in the prescribed manner to resolve the matter, and may make such decision in relation to the claim as it thinks just.

(11) Without prejudice to the generality of the power conferred by subsection (10), a decision under that subsection may include -

- (a) affirmation of the claim;
- (b) subject to subsection (12), rejection of the claim; or
- (c) affirmation of the claim subject to any variations as determined by the board, including variation in respect of the area or the position of the boundaries of the land if the board determines that the area of the land exceeds the prescribed size or that the position of the boundaries are not valid.

(12) Where a board is not satisfied as to the validity of an applicant's claim to the right in question, it is not obliged to reject such claim but may instead offer to the claimant the grant of a right of leasehold under this Act, either in respect of the piece of land to which the claimant's claim relates or a portion thereof or in respect of any other piece of land as the board may determine.

(13) Except if the Minister on good cause shown directs otherwise, no person shall, on expiry of the period allowed for applications in terms of subsection (3), be entitled to apply for the recognition of any right referred to in subsection (1) and the grant of a right of leasehold under this Act, in which event -

- (a) the person holding the land shall be deemed to have relinquished his or her claim to that land; and

- (b) such land shall revert to the State and become available for the allocation of a right under this Act.

### **Cancellation of right of leasehold**

**36.** In addition to the grounds for cancellation set out in a deed of leasehold, a right of leasehold may be cancelled by a board if the leaseholder fails to comply with the requirements or to adhere to any restrictions imposed by or under any other law pertaining to the utilisation of the land to which the right relates.

## **PART 3 OCCUPATIONAL LAND RIGHTS**

[Part 3, comprising sections 36A-36G, is inserted by Act 13 of 2013. The style of the heading of Part 3 is inconsistent with the other headings in this Chapter.]

### **Power to grant occupational land rights**

**36A.** (1) Subject to subsections (3) and (4) and sections 36B and 38, a board, upon application, may grant to a ministry, agency, office, church or any other institution providing public services an occupational land right in respect of a portion of communal land, but an occupational land right for agricultural purposes may be granted only in respect of land which is situated within a designated area referred to in subsection (3).

(2) The following occupational land rights for the provision of public services may be allocated in respect of communal land for -

- (a) Government projects;
- (b) projects of a State-owned enterprise as referred to in the State-owned Enterprises Governance Act, 2006 (Act No. 2 of 2006);

[Act 2 of 2006 was re-named the “Public Enterprises Governance Act” by the Public Enterprises Governance Amendment Act 8 of 2015. It has been replaced by the Public Enterprises Governance Act 1 of 2019.]

- (c) health facilities;
- (d) educational, social or sport facilities;
- (e) church facilities;
- (f) non-profit making organisation facilities; and
- (g) community projects.

(3) The Minister, after consultation with the Traditional Authority and the board concerned, must designate, by notice in the *Gazette*, in respect of the communal area of each traditional community, an area within which that board may grant occupational land rights for agricultural purposes.

(4) Despite subsection (1) an institution providing public services may apply to the Minister for an approval for the granting of an occupational land right in respect of a portion of land which is wholly or partly situated outside a designated area, and the Minister may grant the

**Communal Land Reform Act 5 of 2002**

application if the Minister, after consultation with the Traditional Authority and the board concerned, is satisfied that -

- (a) the granting of the occupational land right will not unreasonably interfere with or curtail the use and enjoyment of the commonage by members of the traditional community; and
- (b) in the circumstances of the particular case, reasonable grounds exist for the granting of approval.

(5) An application for the allocation of any occupational land right in respect of communal land must –

- (a) be made in writing in the prescribed form; and
- (b) submitted to the board.

**[The word “be” at the beginning of paragraph (a) is misplaced; it should appear after the word “must” in the introductory phrase, so as to apply to both paragraph (a) and paragraph (b).]**

(6) Subject to subsection (5), a board may grant an occupational land right only if the Traditional Authority of the traditional community in whose communal area the land is situated consents to the grant of the right.

(7) If a Traditional Authority refuses to grant consent in terms of subsection (6) when in the opinion of the board consent ought to be given, the board may submit the matter to an arbitrator referred to in subsection (8) for decision, who may grant consent in the place of the Traditional Authority if he or she is satisfied that the Traditional Authority is withholding consent unreasonably.

(8) The Minister must appoint as arbitrator under subsection (7) a person approved by the board and by the Traditional Authority concerned and, if either the board or the Traditional Authority or both -

- (a) fail to communicate its or their decision to the Minister with respect to a person proposed for appointment within 30 days of being notified by the Minister of the name, address and qualifications of the person; or
- (b) on a third occasion communicate disapproval of a person proposed for the particular appointment, the Minister may disregard the requirement of approval stipulated by this subsection in so far as it concerns the board or the Traditional Authority or both.

**[The phrase “the Minister may disregard the requirement of approval stipulated by this subsection in so far as it concerns the board or the Traditional Authority or both” appears to have been intended to apply to both paragraph (a) and paragraph (b). The subsection was probably intended to appear as follows:**

“(8) The Minister must appoint as arbitrator under subsection (7) a person approved by the board and by the Traditional Authority concerned and, if either the board or the Traditional Authority or both -

- (a) fail to communicate its or their decision to the Minister with respect to a person proposed for appointment within 30 days of being notified by the Minister of the name, address and qualifications of the person; or

**Communal Land Reform Act 5 of 2002**

---

- (b) on a third occasion communicate disapproval of a person proposed for the particular appointment,

the Minister may disregard the requirement of approval stipulated by this subsection in so far as it concerns the board or the Traditional Authority or both.”]

(9) If an arbitrator refuses to grant consent in terms of subsection (7), the aggrieved institution providing public services has the right to appeal to the Lands Tribunal referred to in section 120.

(10) If the aggrieved institution providing public services is dissatisfied with the decision of the Lands Tribunal it may refer the matter to the High Court for review as provided for under section 131.

[section 36A inserted by Act 13 of 2013]

### **Application for occupational land rights**

**36B.** (1) An application for an occupational land right in respect of communal land is made in the prescribed manner and form to the board in whose area the land in question is situated.

(2) An occupational land right may not be granted in respect of a portion of land which another person holds customary land right, unless such person agrees to relinquish his or her right in respect of the land, subject to -

- (a) the payment of compensation as agreed to by such person; and
- (b) suitable arrangements for his or her resettlement on alternative land.

(3) A board may not, without the prior written approval of the Minister, grant an occupational land right in respect of any land -

- (a) which exceeds the maximum size prescribed for the particular use for which the right is required; or
- (b) if the applicant -
  - (i) is an existing occupational land right holder in respect of another portion of land granted under this Act; or
  - (ii) occupies any communal land under a right referred to in section 35(1), unless recognition of such right is refused in accordance with that section.

(4) Before granting an occupational land right in terms of subsection (1) in respect of land which is wholly or partly situated in an area which has been declared a conservancy in terms of section 24A of the Nature Conservation Ordinance, 1975 (Ordinance No. 4 of 1975), a board must have due regard to any management and utilization plan framed by the conservancy committee concerned in relation to that conservancy, and such board may not grant the occupational land right if the purpose for which the land in question is proposed to be used under such right would defeat the objects of such management and utilization plan.

(5) An applicant referred to in subsection (1) is required to pay an application fee for an occupational land right.

[section 36B inserted by Act 13 of 2013]

**Conditions applicable to occupational land rights**

**36C.** (1) A board may only grant occupational land right -

- (a) if an amount in respect of that right and any improvements on the land in question is paid to that board;
- (b) if security is furnished to the satisfaction of the board for the payment of the full amount contemplated in paragraph (a) upon registration of the occupational land right; or
- (c) if the board allows the amount contemplated in paragraph (a) to be paid by way of instalments in a manner agreed upon between the board and the person to whom the right is granted.

(2) The amount referred to in subsection (1) must be determined in the prescribed manner.

(3) An occupational land right is subject to such further conditions as may be prescribed generally or as may be approved by the Minister in a particular case.

(4) The conditions referred to in subsection (3) may include conditions prescribing the circumstances in which the occupational land right holder may be required to cause the land in question to be surveyed, at the expense of the holder, before the registration of such right in name of the holder.

[section 36C inserted by Act 13 of 2013]

**Registration of occupational land rights for public services**

**36D.** (1) Subject to subsection (2), if an application for an occupational land right is granted by a board, the board must -

- (a) cause such right to be registered in the prescribed register in the name of the applicant; and
- (b) issue to the applicant a certificate of occupational land right in the prescribed form and manner.

(2) If a land in respect of which the occupational land right is granted is a surveyed land which is shown on a diagram as defined in section 1 of the Land Survey Act, 1993 (Act No. 33 of 1993) and the term of the occupational land right is for a period of 10 years or more, the occupational land right must be registered in accordance with the Deeds Registries Act, 1937 (Act No. 47 of 1937).

[section 36D inserted by Act 13 of 2013]

**Duration of occupational land rights**

**36E.** (1) Subject to subsection (2), an occupational land right may be granted for such period, as the Minister or the board and the holder of the right may agree.

(2) An occupational land right granted for a period exceeding 10 years is not valid unless it is approved by the Minister.

(3) An occupational land right may be renewed by agreement between the board and the holder of the right, but subject to the approval of the Minister in a case referred to in subsection (2).

[section 36E inserted by Act 13 of 2013]

**Recognition of existing rights to occupy communal land as occupational land rights**

**36F.** (1) Subject to subsection (2), an institution providing public services which immediately before the commencement of this Act held a right, not being a right under customary law, to occupy any communal land, whether by virtue of any authority granted under any law or otherwise, may continue to occupy such land under that right, subject to the same terms and conditions on which the land was occupied immediately before the commencement of this Act, until -

- (a) such right is recognised and an occupational land right is granted to such institution in respect of the land upon acceptance of an offer made in terms of subsection (7);
- (b) claim of such institution to the right to such land is rejected upon an application contemplated in subsection (2);
- (c) such institution declines or fails to accept an offer of an occupational land right made in terms of subsection (7); or
- (d) such land reverts to the communal land concerned by virtue of subsection (8) or (13).

(2) With effect from a date determined by the Minister, by notice in the *Gazette*, either generally or with respect to an area specified in the notice, every institution providing public services which claims to hold a right referred to in subsection (1) in respect of land situated in the area to which the notice relates, is required to apply in the prescribed form and manner to the relevant board -

- (a) for the recognition of such right and the grant of an occupational land right under this Act; and
- (b) where applicable, for authorisation for the retention of any fence or fences existing on the land, if the applicant wishes to retain such fence or fences.

(3) Subject to section 44 an application in terms of subsection (2) is made within a period of three years of the date notified under that subsection, but the Minister may by similar notice extend that period by such further period or periods as the Minister may determine.

(4) A notice under subsection (2) or (3) may be communicated to the public in any other media as the Minister considers necessary or expedient.

(5) An application in terms of subsection (2) is accompanied by -

- (a) any documentary evidence, if available, which the applicant can submit in support of his or her claim;
- (b) a letter from the Chief or Traditional Authority of the traditional community within whose communal area the land in question is situated, furnishing the prescribed information;

**Communal Land Reform Act 5 of 2002**

---

(c) any further information or documents as the board may require.

(6) In considering an application in terms of subsection (2), and despite a report by an investigating committee in terms of section 44 in a particular case, a board may make such investigations or inquiries and consult such persons as it may consider necessary or expedient to establish any fact relevant to the claim of the applicant, including -

- (a) the date when and manner in which the applicant acquired the right in question;
- (b) whether any other person or institution claims to possess any right in relation to the land in question;
- (c) whether the land to which the claim relates conforms to the prescribed size for the particular use for which the land is held;
- (d) the position of the boundaries or any beacons on the land; and
- (e) whether the land is fenced-off and the nature, extent and date of erection of the fence.

(7) If the board is satisfied as to the validity of the claim of the applicant, the board must in writing -

- (a) offer to grant to the applicant an occupational land right in respect of the land;
- (b) state the conditions subject to which the occupational land right is offered;
- (c) specify the time, not being less than 90 days after the date on which the offer is made, within which the offer may be accepted; and
- (d) inform such institution that if it declines the offer or fails to accept it within the specified time, it ceases to have any claim to the land in question.

(8) An institution which refuses or fails to accept an offer made in accordance with subsection (7) ceases to have any claim to the land in question, in which event the land reverts to the communal land concerned for the allocation of any right under this Act.

(9) If the applicant has, in terms of subsection (2)(b), applied for authorisation to retain any fence or fences which exist on the land in question and the board is satisfied that -

- (a) the fence or fences were erected in accordance with the provisions of any law or with the consent of a competent authority;
- (b) the fence will not unreasonably interfere with or curtail the use and enjoyment of the commonage by members of the traditional community; and
- (c) in the circumstances of the particular case reasonable grounds exist for allowing the applicant to retain the fence or fences concerned, the board must grant to the applicant authorisation for the retention thereof, subject to such conditions as it may consider necessary or expedient to impose.

**[The phrase “the board must grant to the applicant authorisation for the retention thereof, subject to such conditions as it may consider necessary or expedient to impose” appears to have been intended to apply to paragraph (a), (b) and (c). The subsection was probably intended to appear as follows:**

**Communal Land Reform Act 5 of 2002**

“(9) If the applicant has, in terms of subsection (2)(b), applied for authorisation to retain any fence or fences which exist on the land in question and the board is satisfied that -

- (a) the fence or fences were erected in accordance with the provisions of any law or with the consent of a competent authority;
- (b) the fence will not unreasonably interfere with or curtail the use and enjoyment of the commonage by members of the traditional community; and
- (c) in the circumstances of the particular case reasonable grounds exist for allowing the applicant to retain the fence or fences concerned,

the board must grant to the applicant authorisation for the retention thereof, subject to such conditions as it may consider necessary or expedient to impose.”]

(10) If, in respect of any application in terms of subsection (2), the board is of the opinion -

- (a) that there are conflicting claims in relation to the land; or
- (b) that reasonable grounds exist to doubt the validity of the claim of the applicant,

it must cause a hearing to be conducted in the prescribed manner to resolve the matter, and may make such decision in relation to the claim as it thinks just.

(11) Without prejudice to the generality of the power conferred by subsection (10), a board may -

- (a) confirm the claim;
- (b) subject to subsection (12), reject the claim; or
- (c) confirm the claim subject to any variations as determined by the board, including variation in respect of the area or the position of the boundaries of the land if the board determines that the area of the land exceeds the prescribed size or that the position of the boundaries are not valid.

(12) Where a board is not satisfied as to the validity of the claim of the applicant to the right in question, it is not obliged to reject such claim but may instead offer to the claimant the grant of an occupational land right under this Act, either in respect of the piece of land to which the claim of the applicant relates or a portion thereof or in respect of any other piece of land as the board may determine.

(13) Except if the Minister on good cause shown directs otherwise, no institution providing public services is, on expiry of the period allowed for applications in terms of subsection (3), entitled to apply for the recognition of any right referred to in subsection (1) and the grant of an occupational land right under this Act, in which event -

- (a) the institution holding the land is deemed to have relinquished its claim to that land; and
- (b) such land reverts to the communal land concerned and become available for the allocation of a right under this Act.

[section 36F inserted by Act 13 of 2013]

### **Cancellation of occupational land rights**

**36G.** An occupational land right may be cancelled by the board if the occupational land right holder fails to comply with the requirements or to adhere to any restrictions imposed by or under any other law pertaining to the utilisation of the land to which the right relates.

## CHAPTER V GENERAL

### Preliminary investigation of claim to existing rights

**37.** (1) The Minister, in consultation with a board, may establish for that board an investigating committee, comprising such members as the Minister may appoint, to -

- (a) conduct a preliminary investigation referred to in subsection (2); and
- (b) report to the board thereon.

(2) Notwithstanding sections 28 and 35 and the period allowed for applications referred to in subsection (2) of both those sections, if a board has not yet determined an application in respect of land occupied, used or otherwise controlled by a person and enclosed with a fence, irrespective whether an application has been made, the board may at any time direct an investigating committee referred to in subsection (1) to conduct a preliminary investigation to establish the circumstances concerning -

- (a) the occupation, use or control of the land by that person;
- (b) the existence of the fence on the land; and
- (c) any other matter which the board itself may investigate in terms of either of those sections or which may be indicated by the board.

(3) The person designated by the Minister as chairperson of the investigating committee must give at least 30 days' notice to the person in respect of whom the preliminary investigation is to be held, informing him or her -

- (a) of the time and place of the preliminary investigation;
  - (b) that he or she is required to attend the preliminary investigation to be questioned on the matters mentioned in subsection (2); and
  - (c) that any book or document relevant to the subject of the preliminary investigation which he or she may wish to submit to the investigating committee must be produced at his or her appearance before that committee.
- (4) For the purposes of a preliminary investigation -
- (a) the chairperson of the investigating committee may summon the Chief or any other traditional leader of the traditional community concerned and any other person who is believed to be able to furnish information on the subject of the preliminary investigation or to have in his or her possession or under his or her control a book or document which relates to that subject, to appear before the investigating committee at the time and place specified in the summons to be questioned or to produce that book or document;

**Communal Land Reform Act 5 of 2002**

---

- (b) the committee may question a person appearing before it under oath or affirmation administered by the chairperson, and examine or retain for further examination or safe custody any such book or document, provided a receipt therefor is issued to the person and he or she is allowed to make and retain a copy of the book or document.

(5) The notice referred to in subsection (3) and a summons referred to in subsection (4) must be signed by the chairperson of the investigating committee and be served in the manner prescribed.

- (6) A person summoned in terms of subsection (4) is guilty of an offence if he or she -
  - (a) without sufficient cause fails to appear before the investigating committee at the time and place specified in the summons or to remain in attendance until excused by the chairperson from further attendance;
  - (b) at his or her appearance before the investigating committee refuses to be sworn in or to make an affirmation when requested to do so by the chairperson;
  - (c) having taken the oath or having made affirmation -
    - (i) fails to answer fully and satisfactorily any question lawfully put to him or her;
    - (ii) fails to produce a book, document or other object in his or her possession or under his or her control which he or she has been summoned to produce;
    - (iii) gives false evidence knowing it to be false or not knowing or believing it to be true,

and a person convicted of any such offence is liable on conviction to a fine not exceeding N\$1 000 or imprisonment for a period not exceeding 3 months.

(7) If at the conclusion of the preliminary investigation the investigating committee thinks it expedient that the board should forthwith consider the person's claim to the land in question or to his or her entitlement to the fence on the land, the investigating committee must instruct that person to prepare and submit to the chairperson of the committee, within the time stipulated by the committee, his or her application in terms of section 28(2) or 35(2), as the case may be, in respect of the land and the fence for referral to the board.

- (8) If the person in respect of whom a preliminary investigation is held -
  - (a) fails to attend the preliminary investigation; or
  - (b) fails to comply with an instruction of the investigating committee in terms of subsection (7),

the investigating committee must state that fact in its report to the board.

(9) If the investigating committee reports to the board any failure on the part of the person as contemplated in subsection (8), the board may, by notice in writing served on that person in the prescribed manner -

**Communal Land Reform Act 5 of 2002**

---

- (a) inform him or her of the report of the investigating committee concerning his or her failure;
- (b) direct him or her to comply, within the time specified in the notice, with such requirements as the board may stipulate in the notice in connection with that failure; and
- (c) inform him or her of the provisions of subsection (10).

(10) If the person without reasonable cause fails to comply with a requirement stipulated in the notice referred to in subsection (9), the board may declare the person to be divested of any claim in respect of the land in question.

- (11) A person declared to be divested of a claim under subsection (10) -
  - (a) is not entitled to make an application in terms of section 28(2) or 35(2) in respect of the land concerned; and
  - (b) ceases to have any claim to or in respect of that land or anything erected or installed on the land,

notwithstanding that the period for applications in terms of either of those sections have not expired.

[The verb “have” in the closing phrase of subsection (11) should be “has”.]

**Transfer of rights**

**38.** Subject to such exemptions as may be prescribed, or unless any condition attaching to a customary land right or a right of leasehold under this Act provides otherwise -

- (a) a customary land right may be transferred only with the written consent of the Chief or Traditional Authority concerned;
- (b) a right of leasehold may be transferred only with the written consent of the board concerned.

**Appeals**

**39.** (1) Any person aggrieved by a decision of a Chief or a Traditional Authority or any board under this Act, may appeal in the prescribed manner against that decision to an appeal tribunal appointed by the Minister for the purpose of the appeal concerned.

(2) An appeal tribunal consists of such person or number of persons as the Minister may appoint, who must be a person or persons with adequate skills and expertise to determine the appeal concerned,

(3) If two or more persons are appointed under subsection (2) the Minister must designate one of them to act as chairperson of the appeal tribunal.

(4) All the members of an appeal tribunal constitute a quorum for a meeting of that tribunal.

- (5) If the tribunal consists of more than one member -

**Communal Land Reform Act 5 of 2002**

- (a) the decision of the majority of the members thereof shall be the decision of the appeal tribunal; and
  - (b) the chairperson of the appeal tribunal has a casting vote in addition to a deliberative vote in the case of an equality of votes.
- (6) An appeal tribunal may -
- (a) confirm, set aside or amend the decision which is the subject of the appeal;
  - (b) make any order in connection therewith as it may think fit.

(7) A member of the appeal tribunal who is not a staff member in the Public Service must be paid from money appropriated by Parliament for the purpose such remuneration and allowances as the Minister determines with the concurrence of the Minister of Finance.

**Compensation for improvements**

40. (1) No person -
- (a) has any claim against a Chief, a Traditional Authority, a board or the State for compensation in respect of any improvement effected by him or her or any other person on land in respect of which such person holds or held a customary land right or a right of leasehold under this Act, including a right referred to in section 28(1) or 35(1); or
  - (b) may remove or cause to be removed from such land, or destroy or damage or cause to be destroyed or damaged on such land, any improvement when he or she vacates or intends to vacate the land, whether such improvement was effected by such person or any other person, but the board concerned, after consultation with the Minister, may grant consent for the removal of any such improvement.

(2) Subsection (1) is not to be construed as precluding the holder of a customary land right or a right of leasehold who proposes to transfer his or her customary land right or right of leasehold to another person in accordance with the provisions of this Act from accepting, in accordance with an agreement entered into between such holder and that person, payment of compensation for any improvement on the land in respect of which the right is to be transferred.

(3) Notwithstanding subsection (1), and except if compensation is paid in the circumstances referred to in subsection (2) or in terms of subsection (4), the Minister, after consultation with the board concerned, may, upon the termination of a customary land right or a right of leasehold, pay to the person whose right has terminated compensation in respect of any necessary improvement effected by that person on the land concerned.

- (4) If -
- (a) a right of leasehold has terminated in respect of land on which any improvement exists which was effected by the leaseholder during the currency of the lease; and
  - (b) upon a subsequent grant of a further right of leasehold in respect of that land to another person, that person is required by the board in terms section 32(1) to pay any consideration in respect of that improvement,

the board must, from the moneys so recovered in respect of that improvement, pay compensation to the former leaseholder in such amount as may be determined in terms of

**Communal Land Reform Act 5 of 2002**

---

subsection (5), except to the extent that any compensation has been paid to that leaseholder in terms of subsection (3).

(5) The amount of compensation payable to a person in terms of subsection (3) or (4) must be determined by agreement between the board concerned and such person, subject to the approval of the Minister, and failing such agreement or approval, by arbitration in accordance with the provisions of the Arbitration Act, 1965 (Act No. 42 of 1965).

(6) Compensation payable to a person in terms of subsection (3) must be paid from moneys appropriated by Parliament for the purpose.

(7) If compensation in respect of any improvement has been paid from the State Revenue Fund in terms of subsection (3), and on a subsequent allocation of a customary land right or a right of leasehold in respect of the land concerned, the grantee is required to pay, and pays, to the board any consideration in respect of that improvement, the board must, from the moneys so received by it, make a refund to the State Revenue Fund equal to the amount of the compensation paid therefrom, or, if the consideration received by the board is insufficient, such lesser amount as the Minister, with the consent of the Minister of Finance, may approve.

**Survey of communal land**

**41.** (1) A board may, with the prior approval of the Minister, but subject to subsection (2), cause any area of communal land within its region to be surveyed and a diagram and plan to be prepared in respect of the surveyed area.

(2) The survey of any area of land and preparation of a diagram and general plan in accordance with subsection (1), must be carried out in accordance with a lay-out plan which the board must cause to be prepared with the co-operation of the Traditional Authority concerned.

(3) Where the area to be surveyed comprises individual portions of land occupied or used by persons under a customary land right or a right of leasehold granted under this Act, including a right referred to in section 28(1) or 35(1), a board may, with the consent of the Traditional Authority concerned and of any other person who will be affected thereby, and subject to the payment of just compensation by the State to such person, cause such adjustments to be effected to the layout of such individual pieces of land, as may be necessary for the purpose of preparing the lay-out plan in an effective manner.

**No consideration payable for customary land right**

**42.** (1) Except where, and to the extent to which, compensation for any improvement is payable in any of the circumstances contemplated in section 40, no consideration of any nature, whether money or goods or any other benefit of an economic value, may be paid or delivered or given, or may be claimed or received, by any person as compensation for the allocation of any customary land right under this Act.

(2) Subsection (1) does not apply to any fees, charges or other moneys which are prescribed to be paid in respect of any application or the issue of any certificate or document or for any other purpose in terms of this Act.

**Unlawful occupation of communal land**

**43.** (1) No person may occupy or use for any purpose any communal land other than under a right acquired in accordance with the provisions of this Act, including a right referred to in section 28(1) or 35(1).

- (a) erects or causes to be erected on any communal land any fence of whatever nature; or
- (b) being a person referred to in section 28(1) or 35(1), retains any fence on any communal land after the expiry of a period of 30 days after his or her application for such authorisation in terms of section 28(2)(b) or 35(2)(b) has been refused,

is guilty of an offence and on conviction liable to a fine not exceeding N\$4 000 or to imprisonment for a period not exceeding one year or to both such fine and such imprisonment.

(2) If the offence for which a person is convicted in terms of subsection (1) is continued after the conviction, such person is guilty of a further offence and on conviction liable to a fine not exceeding N\$50 for every day on which the offence is continued.

(3) If any fence is found to be on any communal land in contravention of subsection (1), the board concerned may, in accordance with the prescribed procedure, cause such fence to be removed and may dispose of the material used for the erection of the fence in such manner as may be prescribed.

**[subsection (3) amended by Act 13 of 2013]**

(4) Any costs incurred in connection with the removal of a fence in terms of subsection (3) may be recovered from the person who erected or retained such fence in contravention of subsection (1).

**Regulations**

**45.** (1) The Minister may make regulations in relation to -
