       which shall be known as Namibia Post Limited;

   (b) a telecommunications company to conduct a telecommunications service, and
       which shall be known as Telecom Namibia Limited; and

   (c) a holding company which shall hold the shares in the postal company and the
       telecommunications company, and which shall be known as Namibia Post and
       Telecom Holdings Limited.

(2) On the issue by the Registrar of Companies of the certificates referred to in
    subsection (4), the corporate bodies established by subsection (1) shall be deemed to be public
    companies incorporated under the Companies Act.

(3) The Minister shall submit to the Registrar of Companies the memoranda and
    articles of association of the successor companies for registration and shall on behalf of the
    State sign all documents that are required to be signed by the promoters of the successor
    companies.

(4) The Registrar of Companies shall register the memoranda and articles of
    association referred to in subsection (3) and issue certificates that the successor companies are
    incorporated as public companies under the Companies Act and certificates entitling the
    successor companies to commence business.

(5) The Registrar of Companies shall issue such directives and authorise such
    deviations from the regulations made under the Companies Act and the documents prescribed in
    terms thereof as he or she may consider necessary in order to give effect to the provisions of this
    section.

(6) No registration fee or any other fee payable in terms of the Companies Act shall be
    payable in respect of the registration of the successor companies.

(7) The Postmaster-General shall be appointed as the first director of each successor
    company and shall occupy the office of director until the date immediately preceding the
    transfer date.

(8) (a) The postal company and the telecommunications company shall upon
       incorporation each issue one share with a nominal value of one Rand to the holding
       company;

   (b) The holding company shall upon incorporation issue one share with a nominal
       value of one Rand to the State.

(9) The memoranda of association of the postal company and the telecommunications
    company shall inter alia provide that the company and its subsidiaries -

   (a) shall have as its main object and main business –

   (i) in the case of the postal company, to conduct a postal service and the
       supplementary services; and
(ii) in the case of the telecommunications company, to conduct a telecommunications service;

   [Act 20 of 2000 would have amended this subparagraph to require that the company have “not less than three nor more than five” directors – which is what the original Act already provided. The relevant portion of the amending Act reads as follows:

   “(i) the company shall have not less than [five] three nor more than [seven] five directors:"

   Thus, the amending Act seems to have been in error. In any event, the amending Act was apparently never brought into force; it states that it “shall come into operation on a date to be determined by the Minister by notice in the Gazette”, but no such notice can be located.]

   (ii) one of the directors shall be appointed as managing director;
